*With reference to your remarks
to item 10 of the 'Objectionable Items' stat^t
under Provincial for March/88, I have the
honor to report that the original allot-
ment for "Repairs to Mount Stuart Property
at Ootacamund" (estimate Rs. 19945) was
Rs. 12,449 against an expenditure of only
Rs. 5135 to end of February 1888.*

*2. Considering therefore that owing
to bad weather and the then difficulty
in obtaining wood, the full grant for the
work would not be utilized, I proposed
a surrender of Rs. 5000 from it in the
transfer proposition statement sub-
mitted with my No. 360 dated 15th
March/88. But the work made much better
progress*

progress during March than I anticipated
 and additional payments were found
 absolutely necessary, so that the expendi-
 - ture exceeded the grant by Rs. 1690 as
 explained in the margin.

Grant Rs. 7449
 Expenditure
 to end of March } 9139
 1888
 Excess Rs. 1690

I request therefore, that, under
 the above explanation, you will, now be so good
 as to obtain early sanction of Government
 to the above excess being passed, so that
 the objection to this item may be removed.

I may mention that the total grant
 under Civil Buildings Original Works
 was not exceeded, the difference between
 the grant and the expenditure being
 one Rupee.

Total grant
 under C. B. O. W. Rs. 97,005
 Expenditure 97,004

To
The Chief Engineer
Public Works Department
Madras.

Sir,

With reference to G.O. No. 1621 of
4-6-88
regarding the dangerous state of
the buildings in the Tanjore Palace,
I have the honor to state that the
question "in regard to the feasibility
of removing ruinous portions of
the building" was replied to by
Colonel Beatty R.E. in this office No.
527 of 8th April/81.

2 I will inspect the Palace in com-
pany with the Government Agent
at an early date, and make a further
report.

I have the honor to be,
Sir,
Your most obedient servant,
J. W. Randall
Superintending Engineer 6th Circle.
