2ND JULY 1888, No. 1962 W., PUBLIC WORKS.

1962, 63 & 64

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Account.

READ—the following letter from Colonel H. M. VIBART, R.E., Superintending Engineer, V Circle, to the Chief Engineer, Public Works Department (through the Examiner, Public Works Accounts), dated Bangalore, 4th June 1888, No. 937 :—

With reference to G.O. No. 1467 W., dated 18th May 1888, I have the honor to forward a supplemental indent, in triplicate, on the Home Government for stores required from England by the Superintending Engineer, I Circle, for the Dowlaishweram Workshops for 1888-89.

2. Iron tower bolts, 10", No. 300, required by the Superintending Engineer, have not been included in the indent, as the article can be supplied from the Public Works Stores. The Superintending Engineer should, however, send an indent on the Public Works Stores for the bolts.

ENCLOSURE.

Certificate by the Examiner, Public Works Accounts.

Number and date of indent or letter with which received.	Description and value of articles indented for.		Work and division to which the value is chargeable.	Grant.		Certificate attached by the Examiner.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Account.

Read—the following paper :—

Office note from the Examiner of Public Works Accounts, dated 18th June 1886, No. 220.

Order—dated 2nd July 1886, No. 1679 W., Public Works.

No. 1236 W., dated 15th May 1886.
„ 1315 W., „ 26th „ „
„ 1387 W., „ 1st June „
„ 1479 W., „ 11th „ „

With reference to the proceedings marginally noted, sanctioning the purchase in the local market of European stores required in the Public Works Workshops and Nílgiri divisions, the Examiner, Public Works Accounts, points out that the information necessary to enable his office to compile the statement prescribed at page 23, appendix I to the Public Works Code, is not fully given in any case. The attention of Superintending Engineers is therefore drawn to proceedings, No. 2770 W., dated 20th November 1885, and No. 202 W., dated 25th January 1886. In the letter from the Government of India recorded in proceedings of Government, No. 202 W., dated 25th January 1886, attention is invited to paragraph 3 of Financial Resolution, No. 185,* dated 10th January 1885, under which alone English stores may be purchased in this country. The paragraph in question is as follows :—

> "The special cases in which, with the previous sanction of the * * Local Government, * * stores of European manufacture, may be obtained in India are—
>
> "1*st*, when for any special reason it may be more economical to do so ;
> "2*nd*, when stores indented for from England have not arrived, and inconvenience is anticipated from delay in the supply ;
> "3*rd*, when the articles are perishable ;
> "4*th*, the sanction of Government is not necessary in the case of petty purchases in the local market not exceeding Rs. 10 in value. The previous sanction of Government should only be obtained in cases in which the cost of the article required exceeds Rs. 10."

2. In submitting applications for sanction to the local purchase of English stores, Superintending Engineers will, in future, invariably adopt the form hereto annexed, in the remark column of which should be given the reasons which render the purchase necessary, and the clause under which sanction is sought. Particular attention is drawn to the fourth clause, under which the sanction of Government is not needed to the purchase of articles not exceeding Rs. 10 in value. The lists submitted for the sanction of Government would be greatly reduced if such petty articles were excluded. It is also noticed that the lists received from the Public Works Workshops include sundry articles required for supply to Collectors or other departments of Government. There appears no reason why the workshops should undertake such purchases, and the practice should be discontinued.

3. To enable the Examiner, Public Works Accounts, to prepare the annual statements required by the Government of India, it is necessary, whenever English stores are purchased locally, that the probable estimated loss or gain caused by the transaction should be stated. The Government of India Circular No. 17 of 1885,

---

* *Vide* appendix I, Public Works Code.

recorded in proceedings of Government, No. 2770 W., dated 20th November 1885, rules that, "if the probable price of the articles, if obtained from the India Office, is not known locally, a clear specification of them, as well as weight, when necessary, and all needful information should be sent to the Director-General of Railways, with a request that he will assess the probable value." Superintending Engineers will adopt this course in future, and communicate the result to the Examiner. When articles are required emergently, and the English price is not known, the reference to the Director-General can be made after sanction has been given to the purchase; but in such cases it should be stated, in the remark column of the application, that the needful reference to the Director-General will be made.

4. All applications for the local purchase of articles of European manufacture, which do not comply with the orders now given, will be returned for revision.

Account.

READ—the following letter from Colonel H. M. VIBART, R.E., Superintending Engineer, V Circle, to the Chief Engineer, Public Works Department (through the Examiner, Public Works Accounts), dated Madras, 25th March 1888, No. 5490:—

With reference to G.O., No. 946 W., dated 22nd March 1888, I have the honor to forward a special indent, in triplicate, on the Home Government for 50 tons of coke for foundry use. The seven tons coke ordered for despatch to the Superintending Engineer, I Circle, for the Dowlaishweram workshops is awaiting shipment.

2. In the indent are also included two gallons of "vitros" or liquid porcelain, white—one gallon dark blue and one gallon black—required for experimental purposes. There is a number of enamelled iron gauges in store, the enamel from which is scaling off. One of these was sent to the School of Arts sometime ago, but was returned as not repairable. It seems that with liquid porcelain these gauges may be repaired:

3. "Vitros" is described in the advertisement as "liquid porcelain paint for home use. Surface hard and brilliant like China. Resists boiling water, does not blister or crack. Snow white and all colours."

No. 139 W.

Forwarded to the Chief Engineer, Public Works Department, with the necessary certificate.

Sir,

Encl-
1 Supplimentary
Indent

As permitted by para 1688 D.P.W. Code, I have the honor to forward a Supplimentary list of Stores required from England during the year 1888 89.

(2) These articles were omitted in the original list under the impression that they could be purchased under note 1 Rule 3 of Appendix G of the Code up to the limit of Rs 50 for each purchase, but under the limitation of Standing Order No 157 dated 21st July 1887 P.W. Code this is now in many cases found impracticable.

(3.) I take this opportunity to bring to your notice that 30 Tons of Coke were indented for the Secretary of State during 1886-87. This quantity has not yet been received and I request that you will kindly address Government on the subject as the want of Coke is very much felt.

I have the honor &c

SUPERINTENDING ENGINEER'S OFFICE,
V Circle, Madras,

No. 937

Bangalore
~~Chepauk~~, 4th June 1888.

From

Colonel H. M. Vibart. R.E.

SUPERINTENDING ENGINEER, V CIRCLE,

To

THE Chief Engineer
Public Works Department
Thro' the Examiner P.W. Accounts.

SIR,

Enclosures.
1. Indent in triplicate

With reference to G.O. No 1467 W dated 18th May 1888 I have the honor to forward a Supplemental Indent in triplicate - on the Home Government for Stores required from England by the Superintending Engineer - First Circle for the Dowlaishweram Workshops for 1888-89.

2 Iron Tower bolts 10" No 300 required by the Superintending Engineer have not been included in the Indent as the article can be supplied from the

the Public Works Stores. The Superintending Engineer should however send an Indent on the Public Works Stores for the bolts.

I have the honor to be
Sir
Your Most Obed^t. Servant

Col R.E.
Supg. Engineer V Circle

No. 156 W dated 1st June 1888.
