1 1968/11 1968/2

ORDER—dated 2nd July 1888, No 1968 Public Works.

With the papers above recorded, Superintending Engineers and the Consulting Architect to Government submit statements of demands under Provincial for incomplete works of 1887-88 and for minor new works, repairs, and tools and plant for 1888-89.

2. The provision in the budget under "Reserve" was Rs. 2,27,213, and it has been since reduced to Rs. 2,20,957 with reference to modifications of grants subsequently sanctioned. Adding to this Rs. 2,665, the total of the amounts resumed from the grants already provided for items 15, 47 and 50 of statement B printed with these Proceedings, the sum available for distribution is Rs. 2,23,622.

3. The demands under original works amount to—

	RS.
Incomplete major works	1,87,571
Do. minor works	6,020
Do. Registration works	11,343
Do. Police works	10,298
Lump sum for minor works	53,094
Total ...	2,68,326
New major works	58,226
Do. minor works	16,688
Do. Registration works	28,707
Do. Police works	30,733
Total demands ~~Total~~ ...	4,02,680

4. The allotments sanctioned under original works are detailed in statements A and B, and they amount to—

	RS.	
Incomplete major works	~~94,730~~	✓93,352
Do. minor works	4,735	
Do. Registration works	11,027	
Do. Police works	10,298	
Lump sum for minor works	53,094	
Total ...	~~1,73,884~~	✓1,72,506
New major works	31,898	
Do. minor works	5,402	
Do. Registration works	2,360	
Do. Police works	...	
Total allotments ~~Total~~ ...	~~2,13,544~~	✓2,12,166

5. The demands under incomplete major works include additions to allotments already provided in the budget, but these demands have not been complied with, with the exception of items 49, 67 and 69, as it is now too soon to consider the question of supplementing budget grants. Funds have been provided for all other incomplete works brought forward by Superintending Engineers and the Consulting Architect to Government. The sum of Rs 1378 required for completing the cart stands on the road from Kullar to the camund has been provided & the Govt. decline to allow any more money to be spent on the work

6. In the case of new works, grants have been provided only for those the urgency of which has already been brought to the notice of Government, and for which provision of funds was promised to be considered when disposing of the demands on account of incomplete works.

7. The marginally noted works should have been included in the Superintending Engineers' budget-estimates for 1888-89. Funds have now been allotted to them with much inconvenience, as the small reserve with the Government is intended chiefly for such incomplete works as were expected to be completed before 31st March 1888, but were delayed owing to unforeseen causes.

- * Item 36. Additions and alterations to the District Jail, Cuddapah.
- 3/ Item 40. Water-supply of northern section, Ootacamund.
- Item 46. Public offices, Ponáni.

8. The Superintending Engineer, V Circle, applies for a sum of Rs. 10,694 for expenditure during the current official year on "widening the Elephant Gate Bridge, Madras." With reference to G.O., No. 1090 M. (Local and Municipal), dated 22nd October 1887, the Financial Department will be requested to place the amount at the disposal of this department.

9. The demands under "Repairs" and "Tools and Plant" and the allotments sanctioned against them are shown in statement A. The demands under Communications and Miscellaneous Public Improvements being in excess of the budget provision under those heads, a sum of Rs. 8,570 has been transferred from the budget provision under "Civil Buildings," viz., Rs. 6,370 to "Communications" and Rs. 2,200 to "Miscellaneous Public Improvements," and the demands under Tools and Plant have been reduced to bring the total sum within the budget provision, Rs. 43,742.

10. A sum of Rs. 5,200 is appropriated from the "Reserve" to meet the increased provision under Tools and Plant, London supplies, with reference to the indents alluded to in G.Os., Nos. 1467 W., dated 18th May 1888, and 1965 W. of 2nd July, 1888

Read—the following letter from H. G. Turner, Esq., Agent to the Governor in Vizagapatam, to the Chief Secretary to Government, dated Vizagapatam, 29th December 1887, No. 838 :—

I have the honor to forward herewith for sanction a revised estimate, amounting to Rs. 4,020, together with a comparative statement for constructing a hospital at Ganapuram. The original estimate for the work was Rs. 2,500, and this was sanctioned by Government in G.O., No. 964 W., dated the 30th March 1887.

2. Colonel Frazer, the late Executive Engineer, having considered the quality of the stone procurable on the hills, held it to be desirable to increase the thickness of the walls to 2 feet. The original estimate was for sâl timber in the roof. A late Executive Engineer reported against its durability. Godávari teak has therefore been substituted for sâl. The increase of Rs. 1,520 is due to the above changes.

17th May 1888, No. 1454 W., Public Works.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

Read—the following letter from Colonel J. BEATTY, R.E., Superintending Engineer, IV Circle, to the Chief Engineer, Public Works Department, dated Coimbatore, 17th April 1888, No. 146 E.W.:—

With reference to para. 2 of G.O. No. 801 W., of 10th March 1888, I have the honor to report on the proposal to provide twenty * additional vakils' chambers in the upper story of the old garbling shed at the Calicut law courts.

* *Vide* G.O. No. 1104 W. of 12th April 1888.

2. The estimate already submitted provided only for utilising the lower story of the old garbling shed. One-third was to be used as a property room (39′ × 19′ 10″), and the lock-up (27′ 6″ × 19′ 10″), and the other two-thirds formed into sixteen vakils' chambers. The cost of the work was estimated at Rs. 9,688. The cost of the vakils' chambers would thus have been Rs. 6,458, and the rent of Rs. 32 per month would give a return of nearly 6 per cent. on that outlay.

3. But that estimate did not provide for any chambers in the upper story, nor for planking under the tiles which is necessary, as otherwise the chambers, being directly under the tiles, would in the hot weather be unbearably hot, and in the rains not quite water-tight.

4. The Executive Engineer has now submitted information regarding the cost of converting the upper story into chambers, from which I calculate that the extra cost for pillars, partitions, and ceiling would be Rs. 3,456.

5. Adding to this the cost of the sixteen chambers in the lower story, Rs. 6,458, we get the cost of the 36 vakils' chambers as Rs. 9,914. At Rs. 2 per month for each chamber, the total rent would be Rs. 864 per annum, and the return for the proposed outlay would be over 8½ per cent.

6. The total cost of the improvements, including property room, lock-up, and 36 vakils' chambers, will be Rs. 13,144.

7. I send, herewith, a supplemental estimate of the cost of providing twenty vakils' chambers in the upper story, amounting to Rs. 3,456.

No. 95 D, Public Works.

Forwarded for the approval of Government in the Judicial Department, with reference to Proceedings in that department, No. 576, dated 6th, and No. 349, dated 31st March 1888.

Ootacamund,
26th April 1888.

(Signed) J. O. HASTED, Colonel, R.E.,
Secretary to Government, P.W.D.

Approved and retransferred to the Public Works Department.

(By Order.)

(Signed) A. G. CARDEW,
Ag. Under-Secretary.

8th May 1888.

Order—dated 17th May 1888, No. 1454 W., Public Works.

The estimate, amounting to Rs. 3,456, for providing twenty chambers for vakils in the law courts at Calicut, is sanctioned as supplemental to the estimate of Rs. 1,20,200, sanctioned in G.O. No. 3131 W., dated 19th November 1887.

2. Funds are allotted from the Provincial reserve.

3. This sanction has been registered as Provincial No. 23 of 1888-89, and classified as Original Works, Civil Buildings.

With the papers above recorded, Supdg. Engineers and the Consulting Architect to Govt. submit statements of demands under Provincial for incomplete works of 1887-88 and for minor new works, repairs, and tools and plant for 1888-89.

3. The demands under Original works amount to:-

provided in the budget, but these ~~such~~ demands have not been complied with,× as it is now too ~~early~~ soon to consider the question of ~~funds being~~ supplement~~ed~~ing ~~to~~ budget grants. Funds have been provided for all other incomplete works brought forward by Supdg. Engineers and the Consulting Architect to Govt. The sum of Rs. 1378 required for completing the cart stands on the road from Kallar to Ootacamund has not been provided as the Govt. decline to allow any more money to be spent on the work.

6. In the case of new works, grants have been provided only for those ~~works only~~ the urgency of which has already been brought to the notice of Govt, and for which provision of funds was promised to be considered when ~~in~~ disposing of the demands on account of incomplete works.

× Item 36. Additions and alterations to the Dt. Jail, Cuddapah
" 43 - Water supply of northern section, Ootacamund
" 46 - Public offices, Ponani

7. The marginally noted× works should have been included in the S Engineers' budget estimates for 1888-89. S have now been allotted to them ~~now~~ much ~~in~~convenience, as the small reser th the Govt. is ~~small, being~~ intended chiefly for such ~~of the~~ incomplete works ~~only~~ as were expected to be completed before 31 March 88, but were delayed owing to unforeseen causes.

8. The Supdg. Engineer V Circle applies for a sum of Rs. 16,694 for expenditure during the current official year on "widening the Elephant Gate Bridge, Madra"
