

1ST MARCH 1888, Nos. 708, 709 W., PUBLIC WORKS.

GOVERNMENT OF MADRAS.
PUBLIC WORKS DEPARTMENT.

General.
Establishment.

READ—the following papers:—

From G. H. D. WALKER, Esq., Under Secretary to the Government of India,
Public Works Department (General), to the Secretary to the Government of
Madras, Public Works Department, dated Fort William, 24th January
1888, No. 193 G.

In referring you to Government of India Finance Department letter, No. 2998, dated 31st August 1883, sanctioning a conveyance allowance of Rs. 45 to the officer doing duty as Storekeeper at the Presidency, I am directed to state that the Government of India, having had recently under consideration the general question of carriage allowances, considers that the principle should be laid down that conveyance allowance is given at rates intended to enable officers to meet certain specific expenditure, and that Government is entitled in every case in which it is given at the maximum rate concerned to see that it is laid out in the way intended. In pursuance of this principle certain uniform rates of carriage allowance, varying to some extent with the scale of expensiveness of the stations at which these allowances are given, have been laid down. Thus, if an officer belongs to a class, judged by his salary, that would ordinarily maintain a carriage and horse for his private use, and in the performance of his duties he has to do a considerable amount of travelling within the five miles radius, it is considered that Government should give him as carriage allowance sufficient to maintain a single horse provided that it can be shown that he actually keeps an additional horse for the purpose, but not otherwise.

2. The allowance fixed on the above principles for Madras, as a station more expensive than a mofussil station, is Rs. 30, and it is proposed to give this allowance to the Storekeeper in future. I am to inquire whether, on a full consideration of the case and in the interests of economy, His Excellency the Governor sees any objection to applying this rate to the officer in question.

Memorandum to Superintending Engineer, V Circle, dated 3rd February 1888, No. 456 C.
Letter from the " " " " 18th " " " 4883.

ORDER—dated 1st March 1888, No. 708 W., Public Works.

His Excellency the Governor in Council, concurring in the principle laid down by the Government of India for the grant of carriage allowance, considers that the allowance hitherto drawn by Mr. Gray should be reduced to Rs. 30 per mensem, the sum fixed for the Presidency town.

2. The reduction will have effect from the beginning of next official year.

(Here enter No. 709 W., dated 1st March 1888.)
