GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

READ—the following papers:—

From Captain H. A. STREET, Her Majesty's Indian Marine, Port Officer, to the Chief Secretary to Government, dated Madras, 12th June 1888, No. 259 G.:—

I have the honor to forward, approved, the accompanying estimate, received from the Superintending Engineer, IV Circle, for constructing a rough stone revetment between groynes B and C near the light-house at Cochin, at a cost of Rs. (555) five hundred and fifty-five, together with two plans, a report, and specification.

2. The work appears to be absolutely necessary for the reasons specified in the report, and I therefore beg that the sanction of Government may be accorded to the estimate as early as possible, and the necessary allotment made from Port Funds.

Approved and transferred to the Public Works Department.

(By Order.)

19th June 1888.

(Signed) W. S. MEYER,
Assistant Secretary.

Note by the Chief Engineer, Public Works Department, dated 28th June 1888.

The estimate, amounting to Rs. 555, for constructing a revetment between groynes B and C near the light-house at Cochin, is submitted for the sanction of Government, with the remark that a saving of Rs. 100 could be effected on the estimate by adopting the rate given in the West Coast division schedule for rough stone revetment.

The Superintending Engineer will report upon this point after making whatever reduction may be feasible.

ORDER—dated 5th July 1888, No. 2019 W., Public Works.

The estimate, amounting to Rs. 555, for constructing a rough stone revetment between groynes B and C near the light-house at Cochin, is sanctioned.

2. Attention is drawn to the Note by the Chief Engineer, Public Works Department, above recorded.

Dated May 16, 1887

No. 624. Miscellaneous.

READ the following letter from the Acting Head Assistant
Collector, Nellore, to the Acting Collector,
Nellore, No. 116 dated 19th March 1887:-

Sanction has been accorded in the
Budget for 1886-87 for Rs 800 by the
Government for the construction of an office
building for the Sea Customs Assistant
Superintendents of Distra-patans. Regular
Estimates and specification with the
ground plan having been forwarded
to you with my letter No. 271, 7.11.86, they
were returned with your approval
and countersignature with directions
that it should be completed within
the official year, vide your letter
No. 6/8 dated 11th December 1886.
2. The Estimate was sent to the

Assistant Superintendent of District of Thiruvananthapuram with a copy of your letter above quoted, strictly enjoining him to give the work on Contract. In his letter No. 4/8 dated 4th February 1887, the Assistant Superintendent has reported that no one would take it on Contract as the rates provided in the Estimates are too low.

3. Mr. Colverby referred the matter for opinion to Mr. Dunphy, who has now in furnishing me with a printed Schedule of rates observed that the rates given in the Estimate were incorrect and also too low.

4. I have caused a revised Estimate to be prepared in my office with reference to the modifications made by the Local Fund Engineer, which I forward herewith together with a specification and ground plan with the request that you will be kind enough to obtain the sanction of the Government early, so that the work

may be taken on hand from the beginning of the next official year. I beg also to suggest the advisability and expediency of entrusting the execution of this work to Professional Gentleman Mr. Dunphy, who invariably bestows full care and attention on any thing handed over to him for performance.

Endorsement thereon No. 2275 dated 5th May 1887

Submitted to the Board of Revenue with request that the sanction of Government for Rs 1304-4-0 maybe obtained early as a special case in order that the work in question may be commenced and completed during official year 1887-88.

NOTE OF REMARKS.

The estimate under
review amounting
to Rs 555 provided
for constructing a
mooring between
groynes B & C near
the light house
at Cochin.

It is explained
that crown has
taken place at
this point and
that it is necessary
to erect the structure
to protect the
work.

The rate given in
the Estimate for
rough stone viz
Rs 18 per 100 cft is
in excess of the
rate given in the
Schedule for the
Calicut sea which
is Rs 14 per 100 cft
if the latter rate
is adopted there
will be a saving
of Rs 100 in the
Estimate -

The Estimate has
been counter-signed
