No 2840 W. dated 10th November 1879 for as the Concession which I asked for in my No 4436 W dated 2d March 1880 is inadmissible, it follows that the grant of a year's Service can be of no benefit to me.

can testify in the strongest terms to the zeal, energy and intelligence which he displayed, and to the value of his work.

Government time on
several occasions declined
to listen to proposals for
alterations in these rules,
but the present case is an
exceptional one –

It is obvious that the
additional year's service
is absolutely worthless
to an officer who receives
no pension from the Indian
Government, so that
unless Lt Baddeley's
present request is acceded
to, he can receive no
acknowledgement whatever
of his famine services –

As Lieut Baddeley
served under myself at
the time in question, I

count as service for
furlough, Lieut. Baddeley
in the first of the above
letters points out that the
year's service is of no use to
him, as he is not under the
Indian pension rules, and
asks for "some alternative
concession" in place thereof –

It was pointed out to
him that this expression
was too vague, and he
was asked to specify the
nature of the concession
asked for –

In his second letter he
explains this to be the

If he does so I'd then advocate his being so included if he satisfies the other conditions as to date of pay drawn in Famine Employ. Of course he can only get the pay he drew as temporarily employed

contracted while on famine service, were given the option of counting such leave as ordinary, and of deferring their special leave to any time before the end of 1880. Govt. apparently contemplated *such* officers taking the special leave without the production of a medical certificate, and possibly when in good health. By analogy officers who have not had the leave, but whose names were included in list No. I in consequence of Govt. having been advised that their health was seriously affected during the famine, would appear to be entitled to the special leave without the production of a medical certificate.

8. It may also be submitted that proof of present indisposition can hardly be regarded as proof of ill-health caused by the famine; and this being so, the certificate now submitted by Lieut: Baddely would seem to be a better warrant for the favorable consideration of his case, than a certificate of present illness, supposing he were able to produce one which is not apparent.

9. As some other cases ~~[illegible]~~ depend on the decision now to be given, Mr. Vincent's for instance, the undersigned begs to urge the above remarks for the early and favorable consideration of Government.

I really don't see how we can dispense with the condition of "failure of health" as entitling to full pay for six months while on leave. It seems to me that this ~~&~~ has all thro' the corresp.ce been indicated by the G. I. with whom at this moment corresp.ce is going on on the subject. Our recommend.n I believe being that all Famine officers who may obtain leave on med. certif.te before 31.12.80 shall be allowed the benefit of the concession.

Memo: by the Chief Engineer
& Secy: to Govt. P.W.D.

Special

The undersigned would beg for a reconsideration of the Hon'ble Member's decision in Lieut: Baddeley's case with reference to the following remarks.

2. The point to be decided is whether an officer, whose name is included in list No. I attached to Revenue Dept. Pro: No. 2038 of 10th Octr. 1879, may be allowed to take special leave before 1881 by virtue of his name appearing in the list.

3. Mr. Carless, one of the officers concerned, applied for the leave early this year, and as he produced no medical certificate the

Hon'ble Member at first objected to sanction the leave. He then desired Mr Garstin's opinion to be obtained. Mr Garstin considered the appearance of Mr Carless's name in the list to be sufficient, and the Hon'ble Member accepted this opinion and granted the leave.

4. Since then however the Hon'ble Member has more than once expressed an opinion in an opposite sense to that quoted of Mr Garstin.

5. Lieut: Baddeley's name was not in list No. I, but he has now produced a medical certificate of sickness during the famine, and his admission to the first, in lieu of the second, of the concessions depends on the decision of Government on the point above noted.

accordg. to the the G. of I. instructions embodied in the Res:

I don't remember Mr Carless' case & the papers are not put up. but I believe the practice has not been strictly consistent thro' out.

I understand that in Mr. Vincent's case the Med. O. will certify to impaired health resultg from Fam. duty — as rendering leave expedient now — & this will satisfy the requirt. I don't think we want Med. Bd. certifte. nor that the leave shall be strictly "on Med: certifte." under the Rules & so compulsorily granted. If Mr. Baddeley can similarly obtain a certifte. that his health is now such as to render leave advisable & takes leave accordg I consider that he can get 6 mos: of it on the full rate of pay under G.O. No. 600 if he drew them in Fam. Employ. at least. I will advocate transfer of his name to the list relating to the concession.

W. 1058

The condition of "being "invalided" as Secy of State describes it cannot be waived"

6. On a former occasion it was pointed out that the Govt. of India Resolution No. 2087 d/10th August 1878 is most obscurely worded; it being doubtful whether the words "within a reasonable time after the completion of their duty in connection with the famine relief" apply to the grant of leave or to the failure of health, or to neither of the two, Mr Garstin in his letter no copy available of the 18th June 1879, No. 1308 having interpreted the Resolution to limit the submission of the recommendations by Govt. to a "reasonable time" after the officers had completed their duty.

7. In Revenue Deptt. order No. 2038, 10th October 1879, officers who had already had sick leave in consequence of illness

2.

The despatch from the Secretary of State to which His Grace alludes is in Cir.n in the Rev. Dept.; the Govt. of India definition is so vague that as shown in the note for orders three constructions can be placed on it —

You may perhaps know whether Mr. Baddeley can possibly produce a *formal* medical certificate of *present* ill health due to the famine — It is very improbable that he can; were he now ill, he would have been pretty certain to support his application ~~in the~~ enclosed ~~[illegible] file~~ by a medical certificate. as to the disposal of this application. It may be best to accept his request, & record the papers relating to his transfer from list II to list I, giving him the privilege leave he asks for. That the A.G. could grant.

As regards Mr Naifari's case. His grace is understood to oppose his request. It must be admitted that his case is not a strong one. His grace clearly would not consent to recommend him for ~~list~~ inclusion in list II, and Dr Beech only says

X recirculate as proposed

that his illness was in part due to his exertions in the famine. X It may be best to recirculate his case to his grace with a draft order stating that govt. having reconsidered ~~his case~~ the matter are unable to consent to include his name in either of the lists —

This will rest with Govt of I - but I do concur in recommending it — This remark does not apply it seems, to Mr Norfor's name as well

Norfor's name was not omitted altogether by accident - The administration of P.W. in Bellary was not satisfactory + Ligett himself was not included — I did not consider the P.W. staff of the district as meriting a commission - individual names were not considered - but the opinion was general as to the P.W. or of the district It may have been their misfortune that their head wanted energy to direct - but such was the opinion when the list was considered

BM 14/8

II

Lt. B. has just sent in an application for privilege leave, having apparently given up hopes of obtaining the special leave. This rather complicates matters, & as the ruling now sought is not on account of Lt. B. alone, it is suggested that the decision of Govt. be awaited before orders are passed on this new application. The leave is asked for from the 1st prox., so that orders may be obtained & commund. to him by, say, the 15th, if Govt. have not before then noted on the memo: in the linked file.

I have the honor to inform you that in G.O. (Revenue Department) No 2038 of 10th Oct. 1879 I was granted by the Govt. of India, a concession of one year's service for pension on account of ~~employed~~ my work on Famine Relief during 1878. ~~in the famine during 1878~~

2) As however the pension of Royal Engineer officers is regulated by Royal Warrant, the grant of one year's service to certain Civil & Military officers, was in my case null & void, and after some correspondence with the Secretary of State, it was ruled that I should be allowed to count towards furlough a period of 8 months & 5 days vide Despatch from the Secy. of State No 433 (Military), dated 22nd Decr. 1881.

3) A reference to the Statement printed with G.O. No 3032 W Public Works dated 15th Novr. 1882, a copy of which was forwarded to the Govt. of India with endorsement No 3033 W Public Works dated 15th Novr. 1882, will shew that I have derived no benefit whatever from the concession referred to in para 2 ~~above~~, and I may further add that on the first & only occasion on which I have taken furlough I had completed 10 years service in India.

4) The conditions of my service having been considerably changed by ~~my~~ election for continuous service in India from 26th May 1886 vide despatch from the Secy of State No 159 dated 24th June 1886 I would most respectfully submit that as I ~~[illegible]~~ have never received any benefit from the Concession of 8 months & 5 days to count towards ~~service~~ ~~for~~ furlough; it may now be considered whether the original concession of the Govt of India can ~~not~~ be reverted to viz that I be granted a year's service towards pension —

~~3) From para 13 ~~of~~ the Royal Warrant ~~of~~ dated 20th Feb 1886 it would appear that in the case of Royal Engineer officers who have volunteered for continuous service in India, certain concessions as regards counting service for pension are admissible, and my case would appear to come under this clause with the exception that the additional period which I now ask to count as service for furlough was almost entirely spent on famine duty and not on leave —~~

5) ~~6)~~ I beg that ~~you will~~ the Govt of Madras will be pleased to forward this letter to the Govt of India for favourable consideration ~~in view to the Secretary of State having addressed~~; for I ~~trust~~ think ~~that~~ I have clearly shown that beyond signifying the approval of Govt to my work in the ~~famine~~ Famine, the concessions granted ~~[illegible]~~ have been ~~[illegible]~~ ~~[illegible]~~ of no benefit to me, in the first instance ~~because I was a Militia~~ on account of my being a Military officer, and in the second on account of my service in India being more than sufficient for furlough without counting the grant of 8 months & 5 days —

Sir

I have the honor to inform you that in G.O. (Revenue Department) No. 2038 dated 10th October 1879, I was granted by the Government of India, a concession of one year's service for pension on account of my work on Famine Relief during 1878.

3. A reference to the statement printed with G.O. No. 3032 W Public

Public Works dated 15th November 1882, a copy of which was forwarded to the Government of India with endorsement No. 3033W Public Works dated 15th November 1882, will shew that I have derived no benefit whatever from the concession referred to in para 2, and I may further add that on the first and only occasion on which I have taken furlough I had completed ~~15~~ 10 years service in India.

4. The conditions of my service having been considerably changed by election for continuous service in India from 26th May 1886, vide despatch from the Secretary of State No. 159 dated 24th June 1886 I would most respectfully submit that as I have never received any benefit from the concession of 8 months and 5 days to count towards furlough; it may now be considered whether the original concession from the Government of India, can be reverted to, Viz, that I be granted a years service towards pension.

EXECUTIVE ENGINEER'S OFFICE,
Camp, 11th June 188[illegible]

FROM
John C. Johnston Esqr.
~~THE~~ EXECUTIVE ENGINEER,
Cuddapah Division,

TO
THE Superintending Engineer
III rd circle
Bellary.

SIR,

I have the honor to bring to your notice the following circumstances with a hope that my action may not be judged to be too late. I would have written before, had I thought it at all probable that my letter would be passed on and I do so now simply because you have inspired me with hope that my request may be at least received.

2. Several officers have had one years' service granted them for their work during the famine of 1876/79. If I had pushed myself forward at the time when the lists were being made, and when I was called upon to report the names of those officers who deserved the reward offered by Government, my name would, I think have been included.

3. Early in 1876, I was appointed

on Special duty, to attend to the Santion of Cumbum, Kurnool District, and it was strictly enjoined on me by Government not to engage myself on any other work, unless ordered by them. My duties were to submit estimates for the restoration of the tank channels and for a new channel to supply water for the town of Cumbum -

4 - I was thus engaged when famine operations commenced - Being on Special duty I could not be engaged on famine duty far from Cumbum - It is true that for six weeks I did duty at a distance from Cumbum, on strictly famine work - but as this was found to interfere with my 'special work' - I was ordered back to Cumbum ~~and~~ and was given an area with a 5 miles radius, within which I was liable at any moment to be called upon by the Revenue Department for advice -

5 Two of my estimates having been Sanctioned I carried them out in the very middle of the famine, and at normal rates - I had a large number of men employed - masons and iddahs, and kept them so employed for more than a year - and they were all paid for work done - not at famine rates - but at our normal D.P.W rates -

6 - I cannot say that I was engaged all this time on strictly famine duty - that is on attending to works demanded for famine stricken laborers - but I was engaged on Construction work - in the very midst of the famine - and in a District where the famine was a stern reality - and I kept engaged, men the majority of whom would otherwise have ~~drifted~~ drifted away to famine relief works - I feel I did my duty during the famine - and crave the concession already granted to other members of the Service -

7 - The officers who had most to do with my work at that time have retired - but I may mention that Mr. W A Goodchap was District Engineer - General Mullins Chief Engineer for Irrigation and - General G. W Walker. Chief Engineer -

General (then Colonel) Mullins inspected the works I carried out and though I never saw his -

Overseer S. Sundra Sastri apparently wants his previous service in the department recognized with a view to his future promotion, which is a matter that the Chief Engineer P. W. D. can deal with.

2. As regards the question of service for pension, as the overseer retired under the Government of India Financial Resolution No. 2079 dated 31st. July 1879, his case is governed by section 183 Civil Pension Code and not by 181, and it is not necessary that he should refund the gratuity, if he prefers the alternative of forfeiting 5 per cent of the gratuity per annum.

Most honored Sir,

In submitting herewith my Service Register in the authorized book-form. I beg humbly to bring to notice that my service since the date of my reappointment (23d May/87) is only entered in the Column of "total service" in the Gradation list. Although my service in Government commenced in June/74 and ended with the Reduction of /79 I had only a year and a half service qualifying for pension, the rest having been under age. The insignificant moiety of Rs 1-5-4 sanctioned, I was drawing during my employment in the Local Fund Boards. But since my entertainment in the temporary Establishment of D.P.W in September/84 I ha forfeited the, same and a discoun of 12 annas per mensem is being deducted from every months' pay

"as

as the bonus of Rs 180 has not been refunded.

Since my re-appointment in the permanent Service is only re-instatement in the same grade as I held before Reduction and the same having been Sanctioned by the Government of India, I beg to request that my Service from June/74 to December/79 may be Calculated as total Service in the department and that from June/77 to December/79 may be added to my service in this grade.

In conclusion I beg to entreat your honors generosity to recommend this favour that I seek to facilitate my prospects

Memorandum

Enclosures 3
(to be kindly returned)

The accompanying petition from Overseer S. Sundra Sastri with one enclosure is forwarded for orders. The petitioner was transferred to the Local Fund Department under Resolution No 2079 of 31st July 1879, and was given a pension of Rs 1-5-4 per mensem, and a special bonus of Rs 180. He was subsequently employed in the D. P. W. on a temporary footing, forfeiting the pension and (under Civil Pension Code section 183), 5 per cent on the bonus, the latter not having been refunded. He was appointed Overseer, 3rd grade, permanent, in May 1887 and he now asks that his former service may be added to his present service. Under Civil Pension, section 181, he must refund the gratuity in order to count his former service and under the same section, Note (1) he must state

his

B. No. 1941 W Dt 11. 7. 83

his intention to refund immediately on re-employment. 10 months have now elapsed since his re-employment, and he would therefore presumably have forfeited his right to refund the gratuity; but in condonation of the delay in stating his intention to refund, may be urged (1) that so far as can be ascertained in this office, the Accountant General did not call his attention to the above section as laid down to the in Note 2. of the said section and (2) that when the petitioner was temporarily employed in August 1883 he did, in reply to the Examiner of P. W. accounts, state his intention* to refund if he were permanently employed. The Chief Engineer for Irrigation would recommend that the petitioner should be allowed to count the whole of his former service or 7 years 84* days of which 2 years 36° days should qualify for pension, the previous service having been under age. It should be noted that these figures require verification being taken from the petitioner's service book (annexed) which apparently bears no authority beyond his own signature.
