SUPERINTENDING ENGINEER'S OFFICE,

V Circle, Madras,

Bangalore
Chennai, 9th May 1888.

From

Colonel H. M. Vibart. R.E.

SUPERINTENDING ENGINEER, V CIRCLE,

To

THE Chief Engineer
Public Works Department.

SIR,

Enclosures.

I have the honor to bring to your notice that the officer Commanding Royal Artillery Eastern District objects to the vacant Staff Sergeants quarters attached to the Reserve Powder Magazine at the Mount being occupied by one of the Military Subordinates who are now provided with hired quarters viz -

School Master Sherwood who occupies quarters hired
at Rs 25/-

School Master Simms — do — Rs 20/-

Cantonment Sergeant Major Powell — do — Rs 20/-

Orderly room Sergeant Burke — do — Rs 15/-

and Commissariat Sergeant Radford — do — Rs 15/-

The objection of the officer Commanding
Royal

Royal Artillery to the vacant quarters in question - first was that they were at a great distance from the work of any of the Military Subordinates above named and on its being pointed out by the Executive Engineer that the hired quarters occupied by Sergeant Major Powell are double as far from his work as the vacant public quarters attached to the Reserve Powder Magazine - the officer commanding replied that he had had the vacant quarters in question measured and finds that they are unsuitable for a Warrant officer and do not afford the accommodation to which he is entitled. The Executive Engineer has submitted measurements which show that the area of accommodation in the quarters objected to is 676 square feet exclusive of Verandah and out houses which is more than that allowed (code Appendix C. section 1) for a Staff Sergeant Class A (576 sq ft) I have the honor to

request that I may have orders on the subject. The quarters objected to were in occupation by Sergeant Major McChesney till January 1888.

I have the honor to be,
Sir,

Your most Obedt Servant
