GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Military Works.

READ—the following letter from Brigadier-General G. HODDING, c.b., Chairman Ootacamund Lawrence Asylum, to the Chief Secretary to Government (through the Director of Public Instruction), dated Ootacamund, 21st May 1888, No. 263 :—

With reference to G.O., dated 9th April 1888, No. 1069 W., Public Works Department, I have the honor to state that the committee of management met on

Thursday the 17th instant, when they took into consideration certain plans and estimates for additional hospital accommodation and a latrine and drainage arrangement at the institution, when they were unanimously of opinion that special wards are necessary in the main building of the proposed new hospital, not for infectious diseases, but for such patients as may require special attention and quiet; that all wards shall be supplied with fire places; and that the verandah, as proposed in the plan, should be retained.

2. The committee are further of opinion that it is advisable to convert the present boys' latrine into a workshop for one of the industrial classes, and that new latrines shall be erected for the servants, as may be deemed advisable by the medical officer and Executive Engineer.

3. The proposed plan and estimate for the water-supply meet with the cordial approval of the committee.

No. 186-O.

Submitted to Government.

Ootacamund,
4th June 1888.

(Signed) H. B. GRIGG,
Director of Public Instruction.

Transferred to the Public Works Department, with reference to G.O., No. 1069 W., dated 9th April 1888.

(By Order.)

9th June 1888.

(Signed) A. G. CARDEW,
Ag. Under Secretary.

ORDER—dated 14th July 1888, No. 2139 W., Public Works.

The construction of a separate hospital for the male branch of the Ootacamund Lawrence Asylum from asylum funds, at a cost of Rs. 18,200, may now be proceeded with in accordance with G.O., No. 1465 W., dated 30th May 1887.

In carrying out the work, the Executive Engineer will see that all wards are provided with fire places. The rate given in the estimate for brickwork is in excess of the schedule rate, and the possibility of effecting a saving under this head should be kept in view.

2. The undermentioned estimates for works at the asylum are sanctioned:—

Imperial—Military.
Original Works.
Register No. 20 W. of 1888-89.

Constructing a latrine for the boys	...	...	...	...	...	RS.

Constructing an open drain	...	...	...	...	...	500
	...	...	...	...	...	500
Total	...	...	...	...	...	3,500

3. The cost of these works will be charged to the Imperial grant for Military works in accordance with G.O., No. 2370 W., dated 25th September 1884, and they will be carried out when funds can be made available.

4. The Superintending Engineer will, in communication with the Asylum Committee, submit estimates for converting the present boys' latrine into a workshop for one of the industrial classes, and for constructing a new latrine for servants.

5. The water-supply scheme prepared by Mr. DeWinton, and estimated to cost Rs. 12,350, has now been approved by the Asylum Committee, and the Government of India will be requested to sanction the entry of the work in the Military Works budget.

Lawrence Asylum, Ootacamund

Orders sanctioning estimates for the construction of a separate hospital (from asylum funds) and a latrine for the male branch of the —, and directing that the Government of India be requested to sanction the carrying out, from Military funds, of a new scheme of water-supply for the asylum.

14TH JULY 1888, No. 2140 W., PUBLIC WORKS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Military Works.

LETTER—from

COLONEL J. O. HASTED, R.E.,
Secretary to the Government of Madras,
Public Works Department,

To

THE SECRETARY TO THE GOVERNMENT OF INDIA,
MILITARY DEPARTMENT.

SIR,

With reference to your letter, No. 895 M.W., dated 3rd September 1884, I am directed to forward copies of the Proceedings of this Government, marginally noted, and to request the sanction of the Government of India to carry out, from Military funds, a new scheme of water-supply for the Ootacamund Lawrence Asylum, at a cost of Rs. 12,350.

2. The present system of water-supply, by which water is pumped up to the buildings, is unsatisfactory, and, involves a monthly charge of Rs. 85. The new scheme, which has been carefully worked out, provides for the supply of all the buildings by direct flow, and will prove a great saving in expense to the asylum.

3. A separate hospital for the boys, the cost of which the Government of India declined to provide from the Military grant (*vide* your letter above quoted), is now to be carried out from asylum funds, but no money is available from the same source to meet the cost of the new water-supply scheme. I am therefore to express a hope that the Government of India will permit this work to be included in the Military Works budget for execution when funds can be made available.

I have the honor to be,
Sir,

Your most obedient servant,

Colonel, R.E.,
Secretary to Govt., P.W.D.

OOTACAMUND,
14th July 1888.

Exd. A. A. ubert.

Govt. of (1888) Madras.
PUBLIC WORKS.

JULY.

Requesting sanction to the carrying out, from Military funds, of a new scheme of water-supply for the —.

These Estimates have
already been reviewed
in this Office, the Committee
however are of opinion

that

1st Special wards are necessary in the main building not for infectious diseases but for such patients as may require special attention and of it

2nd That all wards shall be supplied with fire places -

3rd That the verandah should be retained

4th That the present boys' latrine should be converted into a workshop for one of the industrial classes and a new latrine erected instead and.

5th That the Committee cordially approve of the proposed plan and estimate for the water supply.

The estimates under review appear to meet the requirements of the Committee

except those to which does not seem to be provided for in them.

In G.O. No 10644 of 11th April 1888 it is stated that there should be no special ward in the main building and that a verandah on three sides of a building at Botocua - must be unnecessary.

In the Estimate for the hospital the rate for brickwork is given at Rs 55 per 100 cft against Rs 50 in the Schedule and in the Est. for the water supply Rs 13 is given for 1000 cft of earthwork against Rs 8 in the Schedule. There would therefore be a saving of Rs 685 and Rs 420 respectively if the Schedule rates were adopted.

The plan & estimate for the hospital have not been countersigned by the Principal as any member of the Committee but the estimate for the Water Supply is countersigned by the Principal. The papers are transferred to this Dept by Govt in the Educational Dept:-

Chief
25/6/88

- On the action taken not taken in apparently as follows:-
- (1) To reserve the sanction given in G.O. No. 1065W of 30.12.87 for the construction of a separate hospital for the leprosy the S.S. being instructed to prepare the plan for the same. The work is to be carried out from the same funds.
 - (2) To call for estimate for 2000 for the same. Yes
 - (3) To call for estimate for 2000 for the same. Yes
 - (4) To call for estimate for 2000 for the same. Yes
 - (5) To call for estimate for 2000 for the same. Yes

Yes. The same is to be carried out by the Committee here with Govt sanction. The plan is to be carried out from the same funds, as the same is to be carried out from the same funds.

(5) To reserve the sanction to include the estimate for the water supply scheme in the budget. Item (2) to (4) above can be carried out from the same funds without special reference to the Govt, as they are included within the same minor alterations & improvements. 25.9.88

of the same

Through the Director of Public Instruction.
No. 263.
From the Director of Public Instruction.
To the Secretary, Government.
Cotac.

With reference to G.O. dated 9th April 1888, No. 1065 W. P. S. D., I have the honor to state that, the Committee of Management met on Thursday, the 17th instant, when they took into consideration certain plans and estimates for additional hospital accommodation and a latrine and drainage arrangement at the Institution when they were unanimously of opinion that special wards are necessary in the main building of the proposed new hospital, not for infectious diseases, but for such patients as may

Para 5 of G.O.

require special attention and
quiet; that all wards will
be supplied with fire
and that the same
as proposed in the
should be retained.

2. The Committee
further of
it is advised
the present
into a workshop, one of
the industrial classes, and
that new latrines shall be
erected for the same, as
now, be determined
by the Medical Officer and
Executive Engineers.

3. The proposed plan and
estimate for the water supply
meet with the cordial ap-
proval of the Committee.
