READ—the following papers:—

From Colonel C. A. PORTEOUS, Acting Inspector-General of Police, to the Chief Secretary to Government, dated Madras, 12th January 1888, No. 204.

I have the honor to forward for sanction and for provision of funds Public Works Department plans and estimates, amounting to Rs. 2,155, for constructing two additional Police huts and for providing court-yards to the existing five huts at Kótagiri, Nilgiri district.

No. 85 R., Judicial.

Approved and transferred to the Public Works Department.

(By Order.)

FORT ST. GEORGE,
26th January 1888.

(Signed) A. G. CARDEW,
Under Secretary.

From W. B. DEWINTON, Esq., Executive Engineer, Nilgiri Division, to the Superintending Engineer, IV Circle, dated Ootacamund, 21st February 1888, No. 3290.

In reply to your memorandum, No. 61 N.I., of 17th instant, I have the honor to state that experience has shown that it is impossible to ensure a water-tight roof on these hills or on the Wynaad without the use of iron. Pan tiles may be used instead of Mangalore tiles, but the weight is greater, and the scantlings of the roof timber have therefore to be increased, so that the saving is small.

2. I consider that a roof of corrugated iron and Mangalore tiles is beyond comparison the best roof up here, and fully repays its additional prime cost by its extreme durability.

3. All the Police buildings recently constructed or improved are roofed in this manner.

4. The enclosures received with yours under reply are herewith returned.

No. 67 E.W.

Forwarded to the Chief Engineer, Public Works Department, for information, with reference to his No. 596 C., dated 10th instant.

COIMBATORE,
23rd February 1888.

(Signed) J. W. MARTIN,
Offg. Suptg. Engineer, IV Circle.

The estimate, amounting to Rs. 2,155, for constructing two additional Police huts and providing court-yards to the existing huts at Kótagiri, in the Nílgeri district, is sanctioned for execution when funds are available.

2. This sanction has been registered as Provincial, No. 188 W. of 1887-88, and classified as Civil Buildings, Original Works.

(True Extract.)

(Signed) H. R. MEAD, Colonel, R.E.,

ORDER—dated 2nd July 1888, No. 1968 W., Public Works.

With the papers above recorded, Superintending Engineers and the Consulting Architect to Government submit statements of demands under Provincial for incomplete works of 1887-88 and for minor new works, repairs, and tools and plant for 1888-89.

2. The provision in the budget under "Reserve" was Rs. 2,27,213, and it has been since reduced to Rs. 2,20,957 with reference to modifications of grants subsequently sanctioned. Adding to this Rs. 2,665, the total of the amounts resumed from the grants already provided for items 15, 47 and 50 of statement B printed with these Proceedings, the sum available for distribution is Rs. 2,23,622.

3. The demands under original works amount to—

	RS.
Incomplete major works	1,87,571
Do. minor works	6,020
Do. Registration works	11,343
Do. Police works	10,298
Lump sum for minor works	53,094

New major works	2,68,326
Do. minor works	58,226
Do. Registration works	16,688
Do. Police works	28,707
	30,733

Total demands ... 4,02,680

4. The allotments sanctioned under original works are detailed in statements A and B, and they amount to—

	RS.
Incomplete major works	93,352
Do. minor works	4,735
Do. Registration works	11,027
Do. Police works	10,298
Lump sum for minor works	53,094

New major works	1,72,506
Do. minor works	31,898
Do. Registration works	5,402
Do. Police works	2,360

Total allotments ... 2,12,166

5. The demands under incomplete major works include additions to allotments already provided in the budget, but these demands have not been complied with, with the exception of items 49, 67 and 69, as it is now too soon to consider the question of supplementing budget grants. Funds have been provided for all other incomplete works brought forward by Superintending Engineers and the Consulting Architect to Government. The sum of Rs. 1,378 required for completing the cart stands on the road from Kullar to Ootacamund has not been provided as the Government decline to allow any more money to be spent on the work.

6. In the case of new works, grants have been provided only for those the urgency of which has already been brought to the notice of Government, and for which provision of funds was promised to be considered when disposing of the demands on account of incomplete works.

7. The marginally noted works should have been included in the Superintending Engineers' budget-estimates for 1888-89.

* Item 30. Additions and alterations to the District Jail, Cuddapah.

Item 43. Water-supply of northern section, Ootacamund.

Item 46. Public offices, Ponani.

Funds have now been allotted to them with much inconvenience, as the small reserve with the Government is intended chiefly for such incomplete works as were expected to be completed before 31st

March 1888, but were delayed owing to unforeseen causes.

8. The Superintending Engineer, V Circle, applies for a sum of Rs. 10,694 for expenditure during the current official year on "widening the Elephant Gate Bridge, Madras." With reference to G.O., No. 1090 M. (Local and Municipal), dated 22nd October 1887, the Financial Department will be requested to place the amount at the disposal of this department.

9. The demands under "Repairs" and "Tools and Plant" and the allotments sanctioned against them are shown in statement A. The demands under Communications and Miscellaneous Public Improvements being in excess of the budget provision under those heads, a sum of Rs. 8,570 has been transferred from the budget provision under "Civil Buildings," viz., Rs. 6,370 to "Communications" and Rs. 2,200 to "Miscellaneous Public Improvements," and the demands under Tools and Plant have been reduced to bring the total sum within the budget provision, Rs. 43,742.

10. A sum of Rs. 5,200 is appropriated from the "Reserve" to meet the increased provision under Tools and Plant, London supplies, with reference to the indents alluded to in G.Os., Nos. 1467 W., dated 18th May 1888, and 1965 W., dated 2nd July 1888.
