GOVERNMENT OF MADRAS.
PUBLIC WORKS DEPARTMENT.

General.
Establishment.

READ—the following papers:—

From R. B. BUCKLEY, Esq., Under-Secretary to the Government of India, Public Works Department (Civil Works—Irrigation), to the Secretary to the Government of Madras, Public Works Department, dated Simla, 5th May 1888, No. 85 I.

In reply to your letter No. 1181 W., dated the 20th April 1888, requesting an early reply to your No. 508 W., dated the 13th February 1888, relative to the grant of extra allowances to the staff employed on the Periyár project works, I am directed to state that no reply can be sent pending the decision of the Government of India on certain proposals now before it regarding a general scale of local allowances for officers of the Public Works, Military Works, and Telegraph Departments.

From Colonel R. C. B. PEMBERTON, R.E., Secretary to the Government of India, Public Works Department (Civil Works—Irrigation), to the Secretary to the Government of Madras, Public Works Department, dated Simla, 3rd July 1888, No. 118 I.

In continuation of Public Works Department telegram, dated the 13th June 1888,

"Your telegram eighth. Provisional sanction cannot be given to proposed allowances which are considered excessive. Orders will issue by letter shortly."

repeated in the margin, I am directed to observe that in para. 2 of your letter No. 2315 W., dated the 29th August 1887, the sanction of the Government of India was requested to the grant to the Periyár project of the additional allow-

staff employed on the head works of the ances detailed below:

Superintending Engineer	...	...	...	...	...	...	Rs. 300
Executive Engineer	...	...	...	...	...	...	200
Assistant do.	...	...	...	...	...	...	100
Sub-Engineers	...	...	...	...	...	...	100
Supervisors	...	...	...	...	...	...	60
Overseers	...	...	...	...	...	...	30

office and lower subordinate establishment one-third of pay, with minimum of Rs. 15.

2. In reply,* it was said that no allowances beyond those ordinarily allowed by rule could be given, and the Government

of Madras was further told that if it was desired for any special reasons to recommend the grant of special allowances, the case must be separately submitted for orders with full and complete explanations. In October 1887, the Government of Madras replied† to the effect that it was

satisfied that the conditions of life at the head works of the Periyár were quite as unfavorable as regards cost of living and locomotion, or risk to health, as those

prevailing in the other districts of the Madras Presidency, where special allowances are granted; with this reply was also forwarded a statement comparing the estimated

cost of fixed allowances recorded in Colonel Pennycuik's report with the extra allowances permissible under the existing rules for hill tracts in the Madras Presidency; some further correspondence took place ending with the telegram from this office above quoted.

3. Meanwhile, an inquiry into the local allowances granted in different parts of India had been commenced by the Finance Committee, and being left incomplete by them was carried on in the Finance Department of this Government. Finally, the particular application of the principle laid down was entrusted to the special consideration of a committee of departmental and financial officers, which has drawn up a scale of local allowances for officers of the Public Works, Military, and Telegraph Departments serving in different parts of India. The recommendations of the committee have been approved of by the Government of India. It is conceived that no ground can be given for paying higher rates of allowances at Periyár than in Baluchistan or Upper Burma, and the Government of India trusts that His Excellency the Governor in Council will not object to the application of these rates to the present case.

4. With these remarks, I am directed to inform you that His Excellency the
