GOVERNMENT OF MADRAS.

REVENUE DEPARTMENT.

READ—the following Proceedings of the Board of Revenue, dated 9th February 1884, Mis. No. 1198 :—

Read—the following letter from H. W. BLISS, Esq., Commissioner of Salt Revenue, on special duty, to the Secretary to the Board of Revenue, dated Madras, February 4, 1884, No. 4 :—

Referring to the Board's Proceedings, No. 139, dated January 16, 1884, I have the honor to forward return of lands, &c., held by me, in the prescribed form received on the 31st ultimo.

2. In doing so, I beg respectfully to state that I can find nothing in the rules laid down by the Government of India and the Secretary of State, with respect to the holding of lands and of shares in Public Companies by Covenanted Civilians, to lead Government to inquire even as to the fact (much less as to the amount) of an officer's investments in Companies not holding land for agricultural, mining or trading purposes. I respectfully venture to think, for instance, that Government are not justified, in the absence of any suspicion or rumour that an officer is addicted to speculation to such an extent as to interfere with the discharge of his public duties, in requiring him to disclose his private affairs by stating what shares he holds in the Bank of Madras or in the South Indian Railway or even in the Bank of England. I am not fortunate enough to have large investments, nor do I object to disclose what I have. It is therefore with no personal object that I venture to draw attention to what seems to me an unnecessary and undue inquiry into the private means of officers. If these returns were for the sole information of the Members of Government it would be a different matter. But as they are, they constitute in my humble opinion an unnecessary publication of the private circumstances of gentlemen in the service, especially when, as was the case last year, the returns are printed and circulated to all the officers subordinate to the Board, in such a way that all the office establishments have access to them.

3. I trust that in making these remarks and in requesting that they may be laid before Government (I hope with the support of the Board) I shall not be considered to be wanting in respect for the orders of Government.

Resolution—dated 9th February 1884, Mis. No. 1198.

The Board resolve to submit Mr. Bliss' letter and return to Government in anticipation of their general return, for the compilation of which the information required is not yet complete, owing to the statements of some officers having been sent back for revision.

2. In the views expressed by Mr. Bliss the Board entirely concur, and venture to seek a reconsideration by Government of the orders recently promulgated. It is submitted that the requirements of Government in this matter which necessitate the exhibition by each member of the Civil Service of all investments in joint-stock Companies, go beyond the restrictions imposed by Government in regard to their officers' connection with such Companies; and that the inquiry is of a nature to cause an amount of dissatisfaction on the part of the officers affected by it, which is out of proportion to the advantage gained to Government by the information afforded.

3. For these reasons the Board commend Mr. Bliss' letter to the favorable consideration of Government, and trust that the recent orders upon this subject may be modified in such manner as to require the submission only of such a return as may be needed to enable Government to ascertain that their orders are being observed.

Miscellaneous.

There is much force in the objections urged by Mr. Bliss and the Board of Revenue.

Returns of Interest in Land.

Recording, with remarks, returns of land held by civil and military officers for the year 1883.

With Orders

GOVERNMENT OF MADRAS.

PUBLIC DEPARTMENT.

READ—the following paper:—

File of returns from Covenanted Civil Servants, Military officers in civil employ, &c., of lands and shares in Registered Companies held by them during 1885.

ORDER—dated 10th November 1886, No. 2353, Public.

Recorded.

2. The Government observe that in many cases attention has not been paid to the orders on the subject prescribing the forms on which these returns should be submitted. The attention of all officers will be drawn to the orders marginally noted. It is also noticed that, where lands and shares in registered companies are held, all the particulars required are often not given. The returns should be as complete as possible, and the declaration prescribed by G.O., No. 1357, dated 1st December 1882, Revenue, "that no land is held for him by any one else," should always be made by every officer, even in the case of "Nil" returns. It is not necessary that the number and value of shares held in registered companies should be given, as has been done in some instances, this information not being required in the form prescribed by G.O., No. 255, Revenue, dated 22nd February 1884, in supersession of that circulated with G.O., No. 511, dated 25th April 1883.

G.O., No. 880, dated 3rd May 1884.
" " 2437 " 14th Oct. 1885.

3. The late submission of several of the returns is to be regretted. The Government must insist on their punctual submission in future, as there can be no difficulty in sending them in by the date fixed in G.O., No. 501, dated 26th February 1885.
