Read—the following Proceedings of the Board of Revenue, dated 25th August 1885, Mis. No. 7895:—

Read—the following letter from H. G. TURNER, Esq., Acting Collector of Vizagapatam, to the Secretary to the Board of Revenue, dated Vizagapatam, 1st August 1885, No. 1016.

With reference to Board's proceedings, No. 5969, dated 29th June 1885, I have the honor to state that, in submitting the compensation statement therein referred to, I did not overlook the provisions of paragraph 6 of standing order No. 12, which says that, in case of money compensation, no application need be made to the Board. But, under standing order No. 12/1, the amount of compensation is usually provided for in the estimate for the work for which the land is required and is paid by the department concerned on submission of bills.

2. In the present case the roof of a house was pulled down and 16 fruit trees were cut down by the Railway Engineers when making surveys for the proposed Vizagapatam-Raipur Railway in 1883, and this was done without any intimation to this department and without any settlement as to the compensation payable to the owner.

3. As the Railway office has been broken up and the Engineers have left the district, I could not apply to them for the amount of compensation, and I am not aware from what other source to meet the charge.

4. It is for these reasons that I was obliged to apply for sanction of the Board for payment of the amount.

Resolution—dated 25th August 1885, Mis. No. 7895.

Submitted for the orders of Government.

2. The Board are of opinion that the compensation should be paid by the Public Works Department.
