The Chief Engineer

Dortaishwaram. 9th July 1888.
Copy 13th.

Sir,

I have the honor to report
for orders the following circumstances
(1) When the Parla Kinnidi Estate
works were transferred to this Department
an Overseer, Mr C. J. Honceca, was taken
over with them & he was appointed a
temporary Overseer in this Department
See your Memorandum 244. 7/2/85.
(2) When the temporary Establishments
were generally dispensed with at end of
February 1887. this man's services were
retained in accordance with your
telegram of 25th February 1887 which runs
thus "Report names & pay of men
taken over with Wards' Estates - Retain

18.7.88

their services pending orders."

(3) When that telegram came I was on tour in the Ganjam District & I noted on it for guidance of my head clerk at Dowlaishwaram "The men are not ^{& referred to in} the telegram all those in the Wards Estates but those that were taken over with the Estates; there are only one or two, in Parla Kumidi whose names should be known." & sent it to my office, of course intending the report called for to be sent at once by you. The words "should be known" meaning that there ought to be no necessity to make any enquiries from the Division. My head Clerk put away the telegram & took no further notice of it, no report was sent to you and so no further orders were sent by you and the withdrawal of the orders for dispensing with Mr. Foneeca's services - which withdrawal had taken place directly your telegram of 25th February was received, - was allowed to stand - and

Mr. Foneeca remained on.

(4) The Examiner in disallowance lists objected to Mr. Foneeca's pay without special sanction of Government but the Executive Engineer continued to disburse it. I ought however as the disallowance lists passed through my office on their way back to the Examiner to have noted the disallowance and must acknowledge that the long strings of such lists & objectionable items statements which pass through my hands have apparently lead to my examination of them being somewhat perfunctory.

(5) The Chieacole Sub D^a officer did in August 1887 it appears, write to me specially on the subject but though the letter was, as the register shows, received; it disappeared unaccountably and I have no recollection of it.

(6) When I came to rearrange the Ganjam Division & Chieacole Sub D^a

345

Establishments for the formation of the
New Ganyam & Rueshikulya Divisions, the
fact that non receipt of the further
orders promised in your telegram
(see para 2) ... arose from the report
called for by you not having been sent
and that the retention of Mr. Honeeca
was irregular was brought home to me
& I telegraphed to dispense with his
services & this was done on 25/4/88.

(7). The total amount of salary dis-
bursed to Mr. Honeeca irregularly is
Rs. 780, and there are travelling
allowances considered to be due to him
the amount of which I have not yet
been informed of but the report of
the matter has been so long delayed
owing to the necessity to search for
documents, and get information from
the Ganyam Division, that I do not
like to delay its submission any
longer.

(8). I quite acknowledge my respon-
sibility in the matter but I trust
you will consider that the circumstances

detailed in para 3 offer some
excuse, there would of course be
none had the man been one
of the ordinary temporary Establish-
ment the order for dispensing
with whose services had not been
modified by the further orders
of your telegram of 25th February.

Have the honor to be
Sir,

Your most Obedt Servant
