EXECUTIVE ENGINEER, NILGIRI DIVISION,

OOTACAMUND,

To

THE SUPERINTENDING ENGINEER,

FOURTH CIRCLE,

COIMBATORE.

SIR,

I have the honor to forward
herewith an estimate amounting
to Rs 1170 for rebuilding revetment
at the 24th mile 1st furlong of the
Ootij. Gudalur Road for early sanction
and provision of funds.

2. This revetment slipped in the
early part of June, owing to heavy
monsoon rains. It has to stand
nearly vertical because of its position
near a high-~~lag~~ tag, and I have therefore
thought it more economical in
the long run to estimate for
rebuilding

rebuilding it in mortar, leaving
weep holes.

3. There is a saving in the Improvement
estimate for this road of Rs 3,279 ^{x of Rs 2,20,000}
the above work might reasonably be ^{in G.O. No 1285}
charged to it. The completion ^{of 23rd May 1884.}
report is just going in, but will
be retained until orders are passed
on this.

I have the honor to be
Sir

Secy. Engineer, Nilgiri Dist.

Forwarded to the Chief Engineer
P.W. Department with a request
that he will be good enough to
obtain a grant of Rs. 1170 for
the Potacamund Gudalur Road
to meet the cost of rebuilding
the

the revetment in the first furlong
of the 24th mile of the road.

2. No money was applied for
for this road in the Statement
of incomplete works though there
was a saving of Rs. 3,279 on the last
year's allotment as the road at the
time of its submission was tolerably
in good order. It is now considered
advisable to treat this work as form-
ing part of the estimate of Rs. 2,20,000
for improving the road in question.
Early orders are solicited.
