Executive Engineer's Office, Godavari Western Division

dated

July

1888

From

The Executive Engineer

Godavari Western Division.

To

The Superintending Engineer

First Circle.

Encls: /

Sir,

With reference to your
no 7519 D
19-6-88, I have the
honor to inform you, that
to the best of my belief, all
payments to Contractor G
Venkatasellam Puntulu
were accurately made
during the time I was in
charge of the late Guddivada
Division.

2 When accountant V
Subbarayudu gave over
charge of the office to Bhag
natha Pillay, I believe that
he gave him a statement
showing exactly what had
been paid on each work
to the Contractor and what
money was due to him;

and payments were made by me on measurements submitted by the sub divisional officer or subordinate immediately in charge of the works; and therefore unless the material was measured twice over (which is very improbable), I am at a loss to understand how a double payment could have been made.

3 The measurements on which payments were made were as far as I can recollect invariably scored out in the measurement book, and the No of cheque and date of payment entered.

4 As regards the allegation that the initial accounts were kept in an unsatisfactory manner, I have the honor to point out that the office was examined in Feby/86 by Mr Raimier and Jan'y/87 by Mr Heaven and that the report made by each officer was satisfactory.

5 I regret that I am unable to give a definite explanation, but even were the statement in para 3 of the letter of the Superintending Engineer 2nd circle more in detail, I fear that I should be unable to do so, as I have not a very distinct recollection of transactions which occurred so long ago.

I have the honor to be,
Sir,
your most obt servt,

W. de Kroyan 4/88
7/88

Executive Engineer
Godavari Western Dist.
