- in-Chief Workshops on Monday, but have had no reply yet. Since then, I have recollected that as a Secretariat office we need not spend our Contingent allowance on matting the rooms. The Con: Architect should do this for us under para 973 of the P. W. Code. We may perhaps ask him to take the work in hand?

Yes - ask the CA to do the work.

single case dealt with in note 1 to Code para 973.

2. I think Code para 973 is simply intended to provide that in certain cases the Executive Engineer shall perform the duties otherwise devolving on the departmental officer, without prejudice to the rule, as to incidence of charge given in Code para 829.

3. It is not a matter of very great moment which way they are charged, but, on the ground of uniformity, I think it would be better to go by Code para 829.

4. The rules might I think be clearer.
