SIR,

+ Not for
Circ 6837 20-6-88
Re. 10-2-88

With reference to your memorandum No. 2302-20-6-88 I have the honor to say that I do not see that anywhere has the reserve stock of the Workshops been limited to Rs. 50,000- G.O. No. 1067-28-4-86 certainly does not so limit it but merely deals with the question of whether the Workshop stock should be treated separately from the Eastern Division stock- The Examiner's objections to the balance of the stock as it has been & is, should therefore be struck out of the objectionable item statements.

2 As however you will doubtless wish to now fix a limit I have the honor to say that I consider that Rs. 50,000 may be adopted after it has been worked

down to, which may possibly be by the end of the current year; at the end of last March the balance in hand was Rs. 67,481-12-11- and it is being reduced as rapidly as possible, though it may for a time be temporarily somewhat raised by receipts of stores from England.

3. The last part of your Memorandum under reply about the timber shall be dealt with separately after the necessary enquiries and investigations have been made.

I have the honor to be,
Sir,

Your most obedient St.

C. J. J. J.
