GOVERNMENT OF INDIA.
PUBLIC WORKS DEPARTMENT.

STANDING ORDERS.

P. W. D. CODE, 4TH EDITION, VOL. II.

No. 6.

CHAPTER XV.

Cancel para. 131, and substitute the following:—

131.—In Madras, Bombay, Bengal, the North Western Provinces and Oudh, Punjab, Central Provinces, British Burmah and Assam, the whole of the Public Works Establishments are considered Provincial, Imperial contributing 23 per cent. on the actual outlay on works and repairs, and 5 per cent. on the revenue derived from Other Public Works. For the Irrigation Branch where there is no separate establishment entertained for works, the charges for establishment shall be calculated at the rate of 23 per cent. on the actual outlay on works and repairs, and 10 per cent. on all direct revenue realized from Irrigation works. In the case of outlay incurred in the supply and repair of barrack furniture, the charge for establishment is to be only 10 per cent. The percentage is not to be calculated on the outlay on Tools and Plant nor on the debits to the Profit and Loss and Suspense accounts, nor on special items in which the expenditure is incurred by other than Public Works Officers. On disbursements for the purchase of land and house-property or furniture, no percentage is allowed to be charged to Imperial funds for establishment.

[vi—Vol. II—13-6-82.]

Para. 132.—In the second line, omit the words, in the case of Bombay, and add, after the word, cent., on works and repairs, and in the second and third lines, omit the words, and in the case of the other Provinces, 25 per cent.

[vi—Vol. II—13-6-82.]

Para. 97.—Cancel second sentence commencing with the words, The value of, and ending with the words, supplying Department.

[This order is applicable to Madras and Bombay.]

[ix—Vol. II—13-6-82.]

Para. 98.—Cancel the present para. and substitute the following in its place:—

98.—In cases of transfers of tools and plant or stores, where the cost of such stores or tools and plant has already been charged off finally against an Imperial Ordinary grant, the value of such stores or tools and plant will not be charged in the Finance Accounts to any other Department to which they may be afterwards supplied, but will be adjusted in the Public Works Department on the merits of the case concerned. As regards stores, the clearance of the account "stock" of the value of the stores thus transferred without charge, will be effected by a debit to the head Profit and Loss. This rule does not apply to stores or tools and plant belonging to State Railways or to works classified as Productive or Protective Public Works, or to works which appertain to Provincial or Local Services, the cost of which will continue to be debited in transfer to the receiving Departments. On the same principle, the value of Imperial stores or tools and plant supplied to Provincial or Local Services will be debited in transfer to those Services. All such transfers must be exhibited as drawbacks, *i.e.*, the

transferring account must show a reduction from the debit side, and the receiving account a corresponding addition to its debit side, so that net results only may appear, and neither the final receipts nor the final expenditure of State funds be exaggerated.

To avoid any misunderstanding with regard to debits for the value of stores transferred, Officers in submitting indents on the Military or other supplying Departments will take care to enter on the indent and receipt and to note on every other document connected with the transaction, the head of service for which the stores are required, and whether the value of the stores is, or is not, debitable in transfer.

[This order is applicable to Madras and Bombay.]

[ix—Vol. II—13-6-82.]

Para. 99.—Cancel the present para., and substitute the following in its place:—

99.—Charges incurred by one Department on account of another, or the value of stores issued by one Department to another, should not be debited to the receiving Department if the amount involved does not exceed Rs. 50 in the case of each *bond fide* separate transaction, but should be charged against the Budget grant of the supplying Department. This limit of Rs. 50 does not apply to recurring charges, nor to charges connected with State Railways, with works classified as Productive or Protective Works, or with works which appertain to Provincial or Local Services, in regard to all of which the limit is Rs. 10. All interdepartmental transfers of every sort;—whether between Divisions, or different branches of the Department, or between different funds, different services, or different Provinces; whether recurring or otherwise, with the single exception of personal charges;—are prohibited, if the amount involved, in the case of each *bond fide* separate transaction, does not exceed Rs. 10. In the case of recurring charges, the limit will be Rs. 10 monthly.

As regards personal claims which may be notified to the Department by other Departments, credits should not be afforded in the accounts of the Department to the other Department notifying the claim until the recovery is actually effected.

[This order is applicable to Madras and Bombay.]

CHAPTER XIV.

Para. 162.—Cancel the words, and the following rules will be adopted, and substitute, English stores sold by, or transferred from, one Province or Railway to another Province, Railway or Department, should be adjusted in the same manner as sales or transfers of stores purchased in India. The sale or issue of stores from the State Railway Store Department under the orders of the Director General of Railways to other than Imperial State Railways must, however, be exceptionally treated, and the following procedure should be followed:—

Para. 162—I.—For the words, in the case of transfers of State Railway stores, read, in the case of transfers of stores from the State Railway Store Department.

Para. 162—II.—After the word, sold, add, by the State Railway Store Department, and cancel the words, the sub-head noted in para. 161—II, showing the final credit for the transaction.
