SIR,

Enclosures.

Under G. O. No 577 W dated 25th February 1887 - the building known as "Old Superintending Engineer's office" at Guindy. was temporarily transferred to the Inspector of Cattle diseases. I have the honor to state that the Inspector of cattle diseases has now asked the Executive Engineer to take over charge of the building and that I have requested the Executive Engineer to do so - as the transfer was sanctioned in the above G. O. only as a temporary measure.

SIR,

Enclosures.

With reference to your Memorandum
No 978C of 7 March 1888, I have the honor to
State that there is no demand for the building
known as the old Superintending Engineer's
office at Guindy. It was offered to the Sub-
-intendent of the Revenue Survey for his office
which is now held in a building, rented for
Rs 35/- a month, but that officer has declined
to have it, because it is too far away. There
was an Estimate sanctioned in 1883 for conversion
this building into a slaughter house for the
Commissionariat Department, but the proposal
was subsequently abandoned. See G. O.
No 2652W of 7 November 1885. The Executive
Engineer recommends that the building be
demolished

demolished, or that sanction be given to
the employment of a watchman on Rs 5/-
to look after the building. I would support
the recommendation that the building be sold
or demolished as it is not likely to be utilized
for any public purpose permanently.
