To

The Secretary to the Government
of Madras, Public Works Department.

Simla, the 6th September, 1888.

Sir,

I am directed to
acknowledge the receipt of
your letter No. 2371 W dated
4th August 1888, suggesting
that Public Works Department
Code, Chapter III, paragraph 6,
clause (f), may be amplified
so as to enable Superintending
Engineers to authorise deviations
of any kind from plans
and Estimates sanctioned
by

authority, so long as
the excess expenditure
involved by such
alterations do not
exceed 5 per cent
above the estimate.

and estimates, but is
confined, according to
the strict letter of the
rule, to "necessary
alterations in the constructive
details of works". This
Government have hitherto
upheld the Examiner's
view, but as Suptg. ^{Eng.}
Engineers have recently
been vested with con-
siderably enhanced
powers, I am to suggest
for the consideration
of the Government of
India whether the rule
might not be amplified
so as to permit Suptg.
Engineers to authorise
deviations of any kind
from plans and estimates
sanctioned by superior
authority

The Secretary to the Govt of India
P.W.D.

Sir

I am directed to
request that this Govt.
may be favoured with
the orders of the Govt.
of India as to the
scope of clause (f)
para 67 Chapter III
Volume I of the Govt.
of India P.W. Code.

2. The Examiner P.W.
Accounts is of opinion
that the excess of 5
per cent over sanctioned
estimates which Suptg.
Engineers are empowered
to sanction does not
embrace new work
not contemplated in
the sanctioned plans
and

(d) para 267, Indian P.W. Code
