Such of the standing orders as have already been approved by the Code Committee are marked in the margin in red ink with the distinguishing letters A/1, A/2 etc. and the batch of standing orders so approved will be found in the file B marked A/1, A/2 etc. These standing orders being based on previous orders of Government, and having already passed the Code Committee, will not, I think, require any present consideration by Government.

Your office note No. 4104 C. dated 16th November 1887.

I propose the removal of paras 536, 537, 546, 548 and 548 A. from the body of the Code into the Appendix. Such paras as relate to procedure in connection with submission and audit of bills should, I think, remain in the body of the Code — the appendix being confined to rules subsidiary to the Civil Travelling Allowance Code explaining or amplifying the provisions with regard to the regulation of the character and amount of claims.

2. On this principle I have prepared an appendix to the Civil (& P.W.) Travelling Allowance Code which I have supplemented with subsidiary rules based on orders of Government already issued, and beg to submit it

NOTES.

REFERENCE TO MADRAS P.W.D. CODE OF 1886.

PARAS. 1136 *et seq.*, AND APPENDIX C.

1. It will be the duty of the officers of the department, on requisition of the local authorities, to provide quarters and all other necessary buildings, to the extent allowed by the regulations, for troops and public military establishments entitled to, and requiring accommodation, and for the families of soldiers on actual service. The executive engineer will arrange for this by allotting public buildings which may be vacant, or which can be vacated, or where no suitable or available public buildings already exist by hiring or otherwise engaging suitable quarters or buildings as may be requisite, to which course the previous sanction of the Government will be obtained when the rent proposed exceeds the authorised scale.

2. Applications for the sanction of the Government to the hiring of quarters for military subordinates when the proposed rent exceeds the authorised scale will be submitted in this form. The sanction, when given, will hold good in Nilgiri division for a period not exceeding twelve months, and in all other divisions for a period not exceeding six months. Executive engineers should endeavour within the period of sanction to provide other quarters at a rent not in excess of the authorised scale; but when this is not practicable, renewed sanction for a further period not exceeding twelve or six months, as the case may be, should be applied for beforehand. Executive engineers should be careful to ascertain the probable length of time for which quarters are likely to be required before entering into any agreement with a landlord.

3. The hiring of houses for military purposes is to be strictly limited to meet the essential requirements, according to the regulations for the accommodation of troops, and for the families of soldiers and for medical and other subordinates authorised to be provided with free quarters and is not to be extended to the provision of offices and such like miscellaneous purposes, unless under the orders of the Government.

4. Should buildings be hired by the military authorities without the intervention of the department and without the sanction of the Government, the Executive engineer will not be at liberty to defray the charge from the funds at his disposal until sanction is obtained.

26TH JUNE 1888, No. 1909 W., PUBLIC WORKS.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Military Works.

READ—the following papers:—

From the Examiner of Public Works Accounts, dated Madras, 30th April 1888, No. 1418.

With reference to G.O. No. 969 W., dated 24th March 1888, communicating Military Department G.O. No. 1937, dated 19th March 1888, conveying sanction to the institution of an establishment of lady nurses for military hospitals, I request that you will be good enough to obtain the early orders of Government as to whether this department is to provide quarters; if so, the rates of rent, at which bungalows should be hired for the lady superintendent and nursing sisters, respectively, when public quarters are not available, should be fixed.

2. It is presumed that the requisite furniture, not included in appendix E, will not, under Code para. 1074, be supplied by this department, *see* also G.O. No. 1068, Military Department, dated 21st February 1881, communicated with G.O. No. 576 W., dated 4th March 1881, pages 63 *et seq.* of the appendix, to which give a complete list of all furniture for hospitals, which have to be supplied by the Commissariat Department.

No. 121 D.

(By Order.)

7th May 1888.

(Signed) A. KENNEY-HERBERT, Brigdr.-Genl.,
Secretary to Government.

From Colonel M. PROTHEROE, C.B., C.S.I., Officiating Quartermaster-General, to the Secretary to Government, Military Department, dated Ootacamund, 9th May 1888, No. 1849 A.

In returning correspondence received under your endorsement No. 3069, of the 7th instant, I am desired to observe that doubtless when the Government of India finally determines that lady nurses shall form part of the permanent military medical establishment, they will be included in the list of persons to be provided with quarters by building, purchase, or hire, all necessary details for the guidance of the Public Works Department, which will then be charged with the duty of providing the necessary accommodation, being at the same time laid down.

2. Meanwhile, the arrangements in connection with lady nurses recently ordered in the Military Department are looked on as merely tentative ones, and, in the absence of any instructions to the contrary, the rent of houses, which it may be necessary to hire for lady nurses anywhere under the sanction given, will have to be met in the Military Department at present.

3. Similarly, when a scale of furniture is fixed for lady nurses, it will no doubt be included in the lists in appendices 18 to 21, Army Regulations, volume V, Commissariat, but it should be noted that possibly by the time the scale is issued, the duty of supplying furniture will have been transferred to the Public Works Department.

Secretary to Government.

No. 1107.

Re-enclosed. The duty of hiring quarters for all military establishments rests with the Public Works Department, in which department the charges for the hiring of the buildings are likewise adjusted, and as the establishment of lady nurses for military hospitals forms part of the military establishments of this Presidency, it appears to this office that the rent of the buildings hired for them should be paid and adjusted in the Public Works Department.

Officiating Controller of Military Accounts.

No. 4132, Military.

Transferred to the Public Works Department and the referred papers returned.

Secretary to Government.

ORDER—dated 26th June 1888, No. 1909 W., Public Works.

Communicated to the Examiner, Public Works Accounts, and the Superintending Engineer, V Circle.

2. The Public Works Department will hire the requisite quarters if no public buildings are available. The scale of rent has not yet been fixed. Special sanction should, therefore, be applied for in each case, but this should not prevent the immediate provision of quarters under orders already issued to the Superintending Engineer.

3. The scale of furniture is laid down in G.O. No. 969 W., dated 24th March 1888. This should be provided by the Public Works Department in the first instance, and pending definite instructions which will doubtless be issued by the Government of India hereafter.

4. A copy of these proceedings will be forwarded for the information of the Government of India.

SIR,

I have the honor to request that, under para 1339 of the Public Works Code, you will be good enough to obtain the sanction of Government to the execution by this Department the marginally noted contribution works in the Vizagapatam Division sanctioned by me in June 1887. The sanction of Government to their execution was not obtained before as the Executive Engineer when submitting the estimates for sanction did not state that the works were to be carried out partly from contributions.
