To

The Secretary to the Govt of India
Military Dept.

Sir,

With reference to your letter No 932 M. W. dated 21st May 1888,

I

I am directed to forward copies of the correspondence* marginally noted, and to request, that as the work of reconstructing the compound wall of the Lock Hospital at Wellington had been completed prior to the receipt of your letter above quoted, and as Cantonment funds are unable to meet the charge, the debit of the cost to the Imperial Military works grant may be allowed to stand.

* From Exr. M. Accts No. 1705 d/ 19-6-88

Pros: Mily Dept: No. 5008 d/ 23-7-88.

2. With advertence to the Examiner's note herewith forwarded, this Government presume that expenditure in connection with Lock Hospital buildings incurred in 1887-88, need not now be questioned. The principle laid down in your letter under reply will be borne in mind in future.

16th April 1884, No. 983 W., Public Works.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Establishment.

Read—the following papers :—

From Lieutenant-Colonel H. R. MEAD, R.E., Superintending Engineer, VI Circle, to the Chief Engineer, Public Works Department, dated Shiyali, 6th March 1884, No. 2442 T.J.—Through the Examiner of Public Works Accounts.

I have the honor to bring to your notice that, on a reference by the Executive Engineer, Tanjore, to the Examiner of Public Works Accounts, he states his opinion that the post of superintendents with pay exceeding Rs. 20 should be held only by one who has passed the general test or middle school examination in the 1st class, and that men who have passed the surveyor's test in the Civil Engineering College are not eligible, and, I suppose, also considers no person whose age exceeds 25 eligible for these appointments (see paragraph 174 of Code).

2. If you consider this ruling is correct, and I suppose, unless these men are considered artificers (paragraph 170), it is so, I have the honor to request that Government may be moved to sanction the appointment of men, whose age exceeds 25, who have passed as surveyors in Civil Engineering College to the post of superintendents.

3. For these appointments often an older man than one of 25 is advisable as experience is generally necessary, and the training of a surveyor is better than many others. A man who has passed and had some experience as a surveyor is much more suitable than a young man under 25 who has passed the middle school examination, 1st class.

No. 1545 S.E.

Forwarded to the Chief Engineer, Public Works Department, for favor of disposal. This office has no remarks to offer on the suggestions advanced by the Superintending Engineer except that a *general* ruling sanctioning the appointments of men whose age exceeds 25, and who have passed as surveyors, to posts of superintendents, does not seem expedient.

24th March 1884.

(Signed) D. C. GORDON,
Examiner, Public Works Accounts.

Endorsement by the Chief Engineer for Irrigation, dated 1st April 1884. No. 69.

Order—dated 16th April 1884, No. 983 W., Public Works.

The opinion in the Public Works Department is that a man who has passed the surveyor's test is likely to be more useful on the irrigation conservancy establishment than one who has merely passed the middle school examination. It is accordingly remitted for consideration in the Educational Department whether the surveyor's test may be deemed a sufficient qualification for appointments on that establishment.

2. The question of withdrawing the limit on account of age will be considered in the Pension Department.

(True Extract.)

(Signed) J. SHAW-STEWART, Colonel, R.E.,
Secy. to Govt., P.W.D.

To the Chief Engineer for Irrigation in original to [illegible] returned.

Memorandum from the Chief Engineer for Irrigation, dated 21st May 1884.

With reference to endorsement, No. 167 E., dated 21st May 1884, the undersigned has the honor to report that the duties of an Irrigation Conservancy Superintendent are to watch the river banks, the canals, and principal branches, and all masonry works; to prevent damage by weather or water action; to see that the canals, banks, and sluices, &c., are not tampered with or injured by ryots or others; to see that the Executive Engineer's orders regarding the proper depths to be maintained at the regulating calingulahs or sluices within his charge are accurately carried out; to keep the Executive Engineer informed of the condition of crops under irrigation, and the state of the water-supply; to prepare estimates for, and superintend execution of, clearances and bank repairs which may often require levels to be taken.

2. The pay of a Conservancy Superintendent varies from 8 to 50 rupees and upwards according to the responsible nature of the duties devolving on him. The pay drawn by the Superintendents of the Tanjore district is shown below :—

Number.		Salary. RS.	
2	Superintendents	50	each
1	Do.	30	
1	Do.	25	
3	Do.	20	each.
9	Do.	15	”

No. 172 E., Public Works.

Copy of the above forwarded to the Director of Public Instruction, with reference to his letter to the Chief Secretary to Government, No. O/154, dated 14th May 1884.

23rd May 1884. (Signed) J. SHAW-STEWART, Colonel, R.E.,
Secy. to Govt., P.W.D.

To the Director of Public Instruction.

From H. B. GRIGG, Esq., M. A., Director of Public Instruction, Madras, to the Chief Secretary to Government, dated Ootacamund, 1st July 1884, No. O/417.

With reference to official memorandum, No. 977, dated 5th May 1884, I have the honor to state that, considering the duties and salary attached to the office of Conservancy Superintendents, I am of opinion that Irrigation Conservancy Superintendents on salaries of Rs. 20 and upwards should be required to pass the usual tests for admission to the public service, although the Government might exempt, in special cases, for long service and good work, men already in Government service who have been employed in the capacity of Superintendent for a considerable period—say ten years.

2. I think it undesirable to treat the servants of any department of the Government service exceptionally, as such exceptional treatment tends to create dissatisfaction among other servants of Government not similarly favored. The Government approved this view sometime since on an application of the Commissioner of Salt Revenue to exempt certain lower subordinates of the department from the general education tests, and I think the principle should be maintained in all departments without exception, leaving individual cases for special treatment.

No. 1568, Educational.

Transferred to the Public Works Department.

To

The Superintending Engineer
5th Circle

Sir,

Encl 1

I have the honor to inform you that the Examiner of P.W. accounts has deferred the audit of salary of A Venkatachellum Pillay, Clerk V Class 1st grade, for August 1887, under orders contained in G.O. No $\frac{1557 W}{21.6.86}$, as the prior sanction of Government to the appointment of the Clerk, who is above 25 years of age, was not obtained.

2. Venkatachellum Pillay has been employed a temporary clerk in this Division from 22nd June 1882 to 12th October 1886, and from 13th October 186 he is made a clerk V class 1st grade. Vide your memo No $\frac{931.D.J.}{1.10.86}$.

3. From the copy of the enclosed Medical

1/160/T.G

Medical Certificate, it would appear that the Clerk's age is about 26 Years. Thus it will be seen that he actually entered the Department before he attained the age of 25 and I have therefore the honor to request you will be good enough to obtain the necessary sanction of government to enable the Examiner to pass the salary of the Clerk.

I have the honor &c
