EXECUTIVE ENGINEER'S OFFICE,
GODAVARI EASTERN DIVISION.
8th October 1887.

From
The Executive Engineer,
Godavari Eastern Division.

To
The Examiner
Public Works Accounts
Madras.

Enclo:

Sir,

I have the honor to bring to your notice that almost all the works in this Division are carried out on the piece work system and that, where several gangsmen are employed on one work, the preparation of a separate voucher for each Muntadar or piece worker entails extra amount of clerical labor and Stationary.

2. I have therefore subject to your approval directed that slight alterations of the headings may be made in form No. 14-A & payments made to Muntadars on a single voucher instead of on different vouchers.

3. I enclose copy of form No. 14-A showing the alterations proposed by me & request that it may be authorized to be adopted when-ever payments are made to General Men or any work in the Division.

I have &c. &c.
(Signed) J. E. Paul
Executive Engineer.

To

The Executive Engineer
Godavari Eastern Division.
Madras 2nd March 1888.

Sir,

With reference to the proposal in your letter No. 103 of 8th October 1887 regarding certain alterations in the headings of Form No. 14-A, I have the honor to state that I see no objection to having a form very much like what you propose, but it should I think be distinctly understood that it is only to be used in the case of more than one man being employed on one work.

2. If you think that the accompanying form would be suitable, please submit your proposal through the Superintending Engineer for the sanction of Government, with such information as may be necessary to show the extent to which the form is likely to be used. It will be necessary for you to consider whether the form of certificate will require any modification.

3

3. In the meantime I must ask you to obtain from altering the prescribed forms (see Public Works Department Code paras 857 and 1734.

1. This form should only be used when several gangmen or piece workers are engaged on one work, when the preparation of separate vouchers for each piece worker would entail an extra amount of clerical labor.
2. If the piece workers operate on more subheads than one, a summary should be given at foot shewing the totals for each subhead.
3. Work should be promptly measured up and paid for, running accounts being avoided as much as possible.
4. When the payee signs in vernacular the amount acknowledged should also be in vernacular as well as in English.
5. A receipt stamp is required for every payment over Rs 20.
6. Except as provided in note 7 below, the signature of the payee should be attested by two competent witnesses when made by a seal or by a mark, and also, in all cases, even when he signs his name, when he is not well known and is paid in cash.
7. Payments made by cheque need not be attested.
8. A certified copy of a receipted voucher should be retained by the officer concerned, whenever such a document is required to complete the records of his office, but the recipients should not be required to sign such copy themselves.

TO,
THE CHIEF ENGINEER
PUBLIC WORKS DEPARTMENT.

DOWLAISHWARAM, 25th April 1888
Recd 30/4/

SIR,

I have the honor to submit herewith copies of letters as per margin together with a form proposed to be substituted in lieu of P. W. Code form No. 14 A and from which you will observe that the Examiner has no objection to adopt the new form where gangs of men are employed on one piece work.

Letter from the Executive Engineer Godavari Eastern Division to the Examiner of P. W. Accounts No. 103 dated 8-10-87 together with a form No 14 B
Letter from the Examiner to the Executive Engineer No. 498 E/ dated 2-3-88.

2. I agree with the Examiner's views. The Ex. Engineer Godavari Eastern Division states that by the substitution of this new form there will be a saving of 500 forms monthly in his Division & that clerical labor will be much reduced and I consider that there will be a similar saving of forms & clerical labor in other Divisions also.

3 Under these circumstances I have the honor to recommend & to request that you will be good enough to obtain the sanction of Government authorizing the Examiner to substitute the new form ell. 14 B. in lieu of form ell 14 A.

I have the honor to be,
Sir,
your most obedient Sh

No. 325 G.D.

To W. A. 1919 dy 19.7.88
Enc 4

ENCLOSURES. 3

No 2417 W of 9 August 1888

SUBJECT.

P. W. D. Form No M 14 B.

Herewith I submit a form which, after careful consideration, I think will be found suitable for the purpose.

Requests to obtain the Sanction of Government authorising the Examiner to Substitute - in lieu of - form No M 14 B.

2. The form has been drawn up on the following assumptions -

(a) that only claims on account of one work are to be entered in one form;

(b) that the term "piece-worker" is to be used in the sense defined, or indicated, in G.O. No. 94 W. dated 11th January 1888, that is to say that a piece-worker is either an individual labourer paid by the piece, or a head man of a gang of such labourers;

(c) that consequently, subject to fines, the piece-work wages due will be paid in full, without balances, so that no provision is required for a running account

(d) that, as a rule, each man's claim will be for a single description of work and on one sub-head of the estimate, so that no column is necessary for total of each man's claims or for items of estimates; in exceptional cases if a claim is for two or three descriptions, the amounts can be totalled in column 9, and the items of estimate can be easily indicated.

Jo

3. I have not thought it necessary to provide for any remarks by the sub-divisional officer, or the Executive Engineer, such as are provided for on contract certificate

forms, nor for any very elaborate certificate; and I have provided for entering dates and pages of measurements in columns, instead of in the certificate, because with a number of claims in one bill it may happen that all measurements are not made on the same day.

4. If the form is approved, it might I think be substituted for the present piece-workers' bill form No. M 14 A, instead of becoming an additional form, the present form being withdrawn. In that case claims of piece-workers with whom running accounts are kept would have to be entered in contract certificate forms, but the practice of keeping running accounts with men who are not contractors, that is who do not undertake to execute a definite quantity of work, and who are therefore under no future obligation, should, I think, be discouraged, if not prohibited.

5. If it is considered necessary to introduce the form as an additional one, it might be called "Multiple piece-workers bill form" and numbered M 14 B.

6. The "notes" for the form will be drawn up and submitted to the Code Committee on receipt of orders of Government, which will no doubt make clear the understanding as to the use of the form.

SIR,

Letter No. 523-11-6-88 from the Executive Engineer Vizagapatam (in original) with enclosures.

1. I have the honor to forward the correspondence named in the margin & to request orders as to whether this Department is to undertake the work referred to in the Gudem Hill tracts of the Vizagapatam Division, a very out of the way & feverish place and a great distance from any locality in which the Department now has work-

2. If you decide that this Department must undertake the work it will be necessary to send for it an Upper Subordinate, specially selected, with an Establishment.

3. I would myself recommend that the Inspector General of Police be content-ed with such buildings at the place as

can be put up by the people of the country superintended by the Police who have to be stationed at or near the place.

4. I cannot give the exact latitude and longitude of the place but it lies somewhere well in amongst the hills shown in the South East Corner of Atlas sheet No. 93.
