GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Military Works.

READ—the following papers:—

From Colonel M. PROTHEROE, C.B., C.S.I., Officiating Quartermaster-General, to the Secretary to Government, Military Department, dated Ootacamund, 16th July 1888, No. 2540 A.

With reference to O.G. No. 2670, of 20th April 1888, I have the honor, by order, to forward for sanction and transfer to the Public Works Department for disposal, the estimate, plans, &c., below mentioned, which have been approved by the Commander-in-Chief. The plans and estimate have been countersigned:

Estimate, amounting to Rs. 16,000, for constructing quarters for three apothecaries at Wellington, with three plans.

2. Letter No. G./259, of 12th instant, from the General Officer Commanding Southern District, explaining the impracticability of a strict adherence to all the suggestions of the Government of India, contained in the order above quoted, is enclosed.

3. The very early orders of Government on this letter are solicited to admit of the work being commenced at an early date, and the allotment provided for it in the current year being fully utilised.

No. 4879, Military.

Approved and transferred to the Public Works Department for disposal.

OOTACAMUND,
17th July 1888.

(Signed) A. KENNEY-HERBERT, Brigdr.-Genl.,
Secretary to Government.

Note by the Chief Engineer, Public Works Department.

The estimate, amounting to Rs. 16,000, for constructing quarters for three apothecaries at Wellington is submitted for the sanction of Government.

2. A better arrangement for the central quarters would seem to be to lengthen the dining room and reduce length of bath room.

3. Several of the rates allowed in the estimate are in excess of those given in the divisional schedule. The Superintending Engineer should explain why the schedule rates cannot be adhered to.

25th July 1888.

(Signed) J. O. HASTED, Colonel, R.E.,
Chief Engineer, Public Works Department.

From the Superintending Engineer, IV Circle, dated 1st August 1888, No. 324 E.W.

ORDER—dated 13th August 1888, No. 2448 W., Public Works.

The estimate, amounting to Rupees 16,000, for constructing quarters for three apothecaries at Wellington, is sanctioned.

2448/2

2. A sum of Rs. 6,500 has been provided for the work in the current year's budget.

3. Attention is drawn to the Note by the Chief Engineer, Public Works Department, above recorded.

4. The sanction accorded in para. 1 of these Proceedings has been registered as Imperial, Ordinary, No. 27 W. of 1888-89, and classified as Military, Original Works.

(True Extract.)

Read—the following papers :—

From Brigadier-General E. FAUNCE, Quartermaster-General, to the Secretary to Government, Military Department, dated Ootacamund, 5th July 1887, No. 2357 A.

I have the honor, by order, to forward, for sanction and transfer to the Public Works Department for disposal, the estimates and plan below mentioned, which have been approved by the Commander-in-Chief. The plans and estimates have been countersigned :—

> Two estimates, amounting to Rs. 8,000 and 13,400, respectively, for constructing quarters for an apothecary and two assistant apothecaries attached to the Station Hospital at Wellington, with two plans.

2. The work is included in the final issue of the budget for 1887-88, item 2, class B.

No. 4026, Military.

Approved and transferred to the Public Works Department for disposal.

(By Order.)

(Signed) A. KENNEY-HERBERT, Brigdr.-Genl.,

Ootacamund,
7th July 1887.

No. 2356 C.

Returned to the Superintending Engineer in view to the plans and estimates being countersigned, and a report, specification and general abstract submitted.

(By Order.)

(Signed) W. L. C. BADDELEY, Captain, R.E.,
Dy. Chief Engineer, P.W.D.

13th July 1887.

From Colonel J. BEATTY, R.E., Superintending Engineer, IV Circle, to the Chief Engineer, Public Works Department, dated Udamalpet, 19th August 1887, No. 348/E.W.

I have the honor to return the two plans and estimates received with your endorsement, No. 2356 C., dated 13th ultimo, one for constructing quarters with out-houses for an apothecary at Wellington, amounting to Rs. 7,860, and the other for quarters for two assistant apothecaries at the same station, amounting to Rs. 13,310, together with a report, specification and duplicate abstracts of the estimates.

2. The plans and estimates have now been countersigned. The letter of the Executive Engineer, Nílgiri Division (in original), No. 1531, of 15th August 1887, is herewith forwarded for your information.

Memorandum, No. 539 D.

In returning the papers received with letter from the Superintending Engineer, IV Circle, No. 348/E.W., dated 19th August 1887, the undersigned has the honor to draw attention to the remark of the Government of India in paragraph 3 (ii) of their resolution printed with Proceedings, No. 1160 W., dated 28th April 1887, and to inquire whether a less expensive class of buildings cannot be provided for medical subordinates at Wellington. In the plan of quarters for two assistant apothecaries provision is made for two servants' godowns for each set of quarters, whereas appendix C, section I, Public Works Code, allows three servants' quarters for two assistant apothecaries' quarters built *en bloc;* also one general cook-house with a compartment for each set of quarters. The estimates for main buildings should also be scrutinised carefully in view to reductions being effected if practicable.

2. It should be explained how the figure, Rs. 5 per square foot, as the prevailing local rate, is arrived at.

3. An early reply is requested.

Ootacamund, (Signed) J. O. HASTED, Colonel, R.E.,
7th September 1887. Chief Engineer, Public Works Department.

From J. W. MARTIN, Esq., Executive Engineer, in charge of IV Circle, to the Chief Engineer, Public Works Department, dated Ootacamund, 2nd January 1888, No. 4/E.W.

In continuation of this office letter, No. 492/E.W., dated 12th December 1887, and with reference to your memorandum, Nos. 2356 C. and 539 D., of 13th July and 7th September 1887, respectively, I have the honor to forward plans and estimates, amounting to Rs. 18,500, for constructing three apothecaries' quarters at Wellington, together with a general abstract of the estimates and a report and specification.

2. The plan and estimate, amounting to Rs. 21,170, originally submitted have been carefully scrutinised and every endeavour made to reduce the cost to Rs. 16,000 as suggested in G.O., No. 3163 W., of 22nd November 1887; but it cannot be reduced below Rs. 18,500.

3. The reduction has been effected by—

I. Building the three quarters in one block instead of two.

II. Reducing the area to practically the dimensions* given in appendix C, section I, of the Public Works Code.

* Please see the accompanying statement.
(Intld.) J. W. M.

III. Building with brick in mud instead of with brick in chunam.

4. With regard to paragraph 2 of your memorandum, No. 539 D., dated 7th September 1887, the Executive Engineer, Nilgiri Division, states that the latest single storied building constructed at Wellington, viz., the Barrack Serjeant's quarters, is built of brick in mud and costs Rs. 4-12-4 per square foot, and a rate of Rs. 5 was therefore taken as local rate.

5. The papers received with your memorandum, No. 2356 C., are herewith returned.

No. 267 C.

The revised plan and estimate are forwarded for the approval of Government in the Military Department.

(By Order.)

To the Superintending Engineer, IV Circle.
" Examiner, Public Works Accounts.
" Military Department.

Letter—to the Secretary to the Government of India, Military Department, dated Fort St. George, 24th February 1888, No. 654 W.

With reference to the remark in paragraph 3 (ii) of Government of India resolution, No. 607 M.W., dated 18th March 1887, to the effect that the provision of Rs. 16,000 made in the Madras Military Works budget for 1887-88, for constructing quarters for three apothecaries at Wellington, seemed too high, and that the allotment was admitted on the condition that no excess is permitted to take place, I am directed to forward a copy of the Proceedings of this Government, No. 653 W., dated 24th February 1888, together with a plan and estimate, amounting to Rs. 18,500, for constructing the quarters in question. The original estimate for the work amounted to Rs. 21,170, but in view of the remarks of the Government of India above referred to, it has been reduced to Rs. 18,500 by restricting the accommodation to the area allowed in section I, appendix C, Madras Public Works Code, and by substituting brick in mud for brick in mortar. Owing to the high cost of all building work on the Nilgiris, it does not seem practicable to reduce the estimate any further, and I am directed to request that the Government of India will permit the work to be carried out in accordance with the revised design and estimate now submitted.

2. The current year's budget allotment of Rs. 16,000 has been reappropriated to other purposes, it being now too late in the year to spend any money on the work, but a grant of Rs. 6,500 has been provided for it in the preliminary issue of the budget for 1888-89.

3. The return of the enclosures is requested.

Quarters for three Apothecaries at Wellington

Forwarding revised plan and estimate for constructing — and submitting explanation with regard to the cost of the work.

2948/6

9th April 1888, No. 1057 W., Public Works.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Military Works.

Read—the following letter from Lieutenant-Colonel E. COLLEN, Secretary to the Government of India, Military Department, to the Secretary to the Government of Madras, Public Works Department, dated Fort William, 28th March 1888, No. 671 M.W.:—

I am directed to acknowledge the receipt of your letter, No. 654 W., dated the 24th February 1888, submitting revised design and estimate, the latter amounting to Rs. 18,500 for constructing quarters for three Apothecaries at Wellington.

2. In reply, I am to state that the Government of India hope that the estimate may be reduced to Rs. 16,000 which seems possible by modifications of the design of the building.

3. The following alterations are suggested for consideration :—

(i) The main rooms of the Apothecaries' quarters might be placed so as to have their longest side perpendicular to the length of the building. In this case it will be necessary to make the bed-room 16 feet long instead of 14 feet, and the dining-room would be 14′ × 10′. With 40 square feet more area in the rooms the actual size of the quarters will be 6 square feet less, so that 46 square feet of horizontal area of walls is saved.

(ii) The roof should be uniform from one end of the whole building to the other with a gable or hipped roof at each end instead of having gables to the front and rear over the Assistant Apothecaries' quarters.

(iii) The back verandah should be omitted, as it is not authorised for this description of quarters in the plains of Upper India.

(iv) Some saving may probably be effected by arranging the servants' houses and kitchen differently.

4. With these remarks and suggestions the Government of India leave it to the Local Government to deal finally with the estimate.

Order—dated 9th April 1888, No. 1057 W., Public Works.

Communicated to the Superintending Engineer, IV Circle, with reference to G.O., No. 653 W., dated 24th February 1888.

2. The plans and estimate should be revised in accordance with the suggestions of the Government of India, and resubmitted at an early date. Meanwhile the collection of materials may be proceeded with.

To

THE Quarter Master General
Ootacamund

SIR,

Advertising to P. M. G. No 2670 dated 20th April 1888, I have the honor to forward for sanction of Government two plans and an Estimate amounting to Rupees 16,000 for Constructing three Apothecaries Quarters at Wellington, together with a general abstract of the estimate, and a site plan in duplicate

2 With the exception of the omission of the back verandah of the main building and a portion of the front verandah of out houses, the Executive Engineer, Nilgiri Division, found it impracticable to carry out the suggestions of the O. G. above referred to, because he could not thereby appreciably reduce the cost; and he has instead reduced the height of the walls of main building from 14 to 12 feet as it will not seriously interfere with the efficiency of the building

3. The Executive Engineer also states that the collection of materials is in rapid progress and the site has been levelled. Telegraphic instructions to commence construction of the building would enable him to take advantage of fine weather.

Letter No. 4879

Dated 17th July 1888

From the ~~Secy: to Govt: Mily: Deptt.~~

Sanction - [illegible] has already been accorded [illegible] Explanation [illegible]

NOTE OF REMARKS.

~~The estimate [illegible] amounting to Rs 16,000 provided for constructing Quarters for three Apothecaries~~ [illegible] 22/7/88

~~Wellington -~~

The Estimate is divided as follows -

Main Building	Rs	10,900
Subsidiary do -	"	5,100
Total	Rs -	16,000

The Estimate has been revised in accordance with G.O. No 1057 W d/9th April 1888 and the amount reduced from Rs 18,500 to Rs 16,000 -

The accommodation provided in the Quarters at the two sides of the building for

PI [illegible]/88

B. 23.7.88 L. 13.8.88

Each apothecary is as follows
1 Sitting room 16×12
1 Dining — do — 12×10
1 Bed — do — 16×10
1 Bath — do — 10×10

A little more accommodation is provided in the centre quarters viz
1 Sitting room 12×16
1 Dining — do — 8×16
1 Bed — do — 12×14
1 Bath — do — 8×14

The building is to be constructed with brick and mud and plastered

The foundation of the main building are to be one foot six inches in depth and laid on 9 inches of concrete —

The height of the basement is to be 1'-6" —

The height of the side walls will be 12'-6" and that of

the centre wall 18 feet — The roofs are to be constructed with truss framing for the main building and vertical framing for the subsidiary buildings, and both are to be covered with corrugated iron and pantiles.

The construction of Govt. Buildings, of a permanent character, with brick & mud is objectionable and contrary to rule vide G.O. No 596 d/ 24th July 1869 unless specially ordered —

Brick & mud
would not be objectionable
where there are no white ants
for

The proposal to use mud instead of chunam for the construction of these buildings is made no doubt

W 23/7

with a view to reducing the cost to the limit laid down by the Govt: of India and the suggestions made regarding the size and positions of the rooms and the division of the work verandah have received attention.

The following rates are in excess of the rates given in the Schedule for the Nilgiri Dn:—

Brick in clay Rs 25 per 100 cft against Rs 24 in the Schedule.

Plastering Rs 8-8 per sq: against Rs 8-0-0 per two coats.

Plastering one coat Rs 6-0-0 per sq: against Rs 5-0-0

Flooring with concrete ~~in cement~~ 6" with cement plastering Rs 25 per sq: against Rs 23 in the Schedule.

A saving of Rs 348 will be effected if the Schedule rates are adhered to—

12' 6" and that of

2448/18

The following lump sums are provided in the Est:

1 Wood ceiling Rs 62
2 Holding down bolts Rs 74
3 Cutting high ground Rs 375
4 Road — Rs 100

Total Rs 671

Contingencies and petty supervision are charged for at 2¼ per cent each.

The plans and estimates have been countersigned by the Military authorities and approved by Govt: in the Mily: Deptt:—

The estimate amounting to Rs. 16,000, for constructing quarters for three apothecaries at Wellington, is sanctioned.

I pass this but suggest for Col Hasted's consideration & inclusion in his note, if he agrees, that the Dining Room might be lengthened & Bath room shortened in the Central Quarters

2. A sum of Rs. 6,500 has been provided for the work in the current year's budget.

3. Attention is drawn to the note by the Chief Engineer, P. W. Department above recorded.

4. The sanction accorded in para 1 of these Proceedings has been registered as Imperial Ordinary No: 27 W of 1888-89 and classified as Military, Original Works.

Note
The sanction was
conveyed to the S.E. on the
6-8-88
