18TH AUGUST 1888, No. 2545 W., PUBLIC WORKS.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

READ—the following paper :—

From LEWIS MOORE, Esq., Acting District Judge, South Malabar, Calicut, to the Acting Registrar, High Court of Judicature, Appellate Side, Madras, dated Calicut, 25th July 1888, No. 560.

The District Munsif of Ernád reported last year that his Court-house was in a dangerous condition, and the Executive Engineer, who was asked to have the building inspected, pronounced that owing to its great age and the damage done by white-ants, &c., it was not in a safe condition, and expressed a fear that portions of it would give way in the monsoon. At his suggestion, a sum of Rs. 160 was then sanctioned for immediate repairs (*vide* H. C. No. 1819, dated 15th July 1887).

2. The District Munsif now reports that portions of the eastern wall of the building are giving way in the present monsoon, and the Executive Engineer also informs me (copy of his letter is enclosed) that as the walls and foundations of the building are unsound, the construction of an entirely new building on the standard plan is advisable.

3. I have, therefore, the honor to request that you will be good enough to obtain the sanction of Government for constructing a new building and for the preparation of an estimate by the Public Works Department for the same.

No. 1968.

Forwarded for the sanction of Government.

(Signed) T. M. HORSFALL,
Ag. Registrar, Appellate Side.

6th August 1888.

Approved and transferred to the Public Works Department.

AUGUST.

District Munsif's Court-house at Ernad

Correspondence relative to the proposal to construct a new —, Malabar District, communicated to the Superintending Engineer, IV Circle, for submission of an estimate.

2545/2

District Court of South Malabar
Calicut: 25th July, 1888.

No.

From

Lewis Moore, Esq.,
Ag. District Judge, South Malabar
Calicut.

To

T. M. Horsfall, Esq.,
Ag. Registrar, High Court
of Judicature, Appellate Side,
Madras.

Sir,

The District Munsif× of Ernad reported last year that his Court house was in a dangerous condition, and the Executive Engineer who was asked to have the building inspected pronounced that owing to its great age and the damage done by white ants &c it was not in a safe condition and expressed a fear that portions of it would give way in the monsoon. At his suggestion, a sum of Rs 160 was then sanctioned for immediate repairs (Vide H. C. No. 1819 dated 15th July, 1887).

× A. Annasami Aiyar, 3rd gr.

2. The District Munsif now reports that portions of the eastern wall of the building are giving

way in the present monsoon and the Executive Engineer also informs me (Copy of his letter is enclosed) that as the walls and foundations of the building are unsound the Construction of an entirely new building on the Standard plan is advisable.

3 I have therefore the honor to request that you will be good enough to obtain the Sanction of Government for Constructing a new building and for the preparation of an estimate by the Public Works Department for the same

Dist Judge

West Coast Divl: office
Calicut, 20th July 1888.

No. 684.

From,

Colonel A. F. Fraser R.E.
Executive Engineer.

To

The District Judge
South Malabar.

Sir,

I have the honor with reference to your No. 521 of 17th Instant to mention that I have had instructions given to the Subordinate of this Deparment at Mallicapuram to carry out any minor repairs that will secure the Ernad Munsiff's Court from actually falling in if possible.

2. I find, however, that the building was examined in June last year and again in September, by two different Subordinates— One the Sub Divisional officer— It was ascertained that the foundations and walls are of laterite in clay. The former seemed to have sunk a little and caused cracks. The whole of the woodwork in the roof, as well as the doors and windows, were in a state of decay and it was considered doubtful

if it would last through another rainy season.

3. Some trifling propping was done, but the Executive Engineer considering it would cost at least Rs 6000 to turn the present old building to any account, directed the preparation of an estimate for a New Court on the Standard plan.

4. As the walls and foundations have been reported unsound the construction of an entirely new building is no doubt advisable, and if this Department is called upon for an estimate, it can be finished and sent for sanction.

I have the honor to be,
Sir
your most obedient Servant
(Sd) A. F. Fraser, Colonel R.E.
Executive Engineer.
