No. 589 Viragapatam Division Office.

Camp Potingi.

28th June /88.

From.

The Executive Engineer.

Viragapatam Division.

To.

The Superintending Engineer.

1st Circle.

Sir,

(1) With reference to the allocation

of Rs 2000 in the Provincial Budget for the main

tenance of Kinneris and Pa.

chipenta ghat Roads, I have

the honor to request your

orders as to how the funds

should be utilized.

(2) Last year the grant was

resumed by government so

no transaction took place.

(3) In the previous two years, with your permission, an imprest account was opened with the Special Assistant Agent; the imprest being re- coupled as accounts were rendered in ordinary D. P. W. Forms.

(4) The Special Assistant Agent now states that owing to want of subordinate staff "it will be extremely difficult for him to expend the allotment unless permitted to keep accounts in the form in which other Agency accounts are kept" and that "he has no overseer capable of accounting for work strictly by measurement as required by

P. W. D." and, such being the case, it appears to be useless to open an Imprest account with him.

(5) The alternatives appear to be that either this Department should undertake the expenditure of the money, or that the lump sum should

(if possible) be handed over to the Agent to Governor to be utilized independently of the Examiner P. W. Accounts.

Considering that we want all the labor we can get on the Koraput Road, I should prefer the work being undertaken by the Agency Department, which would probably not experience so much difficulty in procuring coolies for the

work as we should.

I have the honor to be

Sir.

SIR,

I have the honor to forward here-
with a letter in original No 589 dated
the 28th June 1888 received from the Executive
Engineer Vizagapatam Division, and to
request that under the circumstances therein
stated the allotment of Rs 2000 which forms
part of Rs 12,500 allotted for the Vizaga-
patam Division in the current year's Pro-
vincial Budget under "Provincial" "Com-
munications" "Repairs" may be placed
at the disposal of the Special Assistant
Agent who is better able to utilize the grant,
than the officers of the P. W. Department in
the locality through which Turners (Paachipenta)
and Paachipenta Ghat Road passes.

I think it would be irregular
to transfer the grant for a repair
of the roads in question from the
P.W. to the Civil Budget, as such
work can hardly be considered
"works connected with the Civil
administration".

2. The Special Assistant Agent
might I think be asked to state
definitely what his difficulty is
in connection with the accounts
which would be required of him if
he carries out the work as a Civil

From the Suptg. Engineer I Circle. H. E. No. 175 V. 2. d/ 10th July 1888.
Office note from the Examiner of P. W. Accounts. H. E. No. 2011 d/ 4th August 1888.

If there is an "irregularity" I suppose
it is one of a C.O. will care.
We are surely competent to transfer
to the Spt. Eng. the repair of a road
as I believe was entrusted by the
agency staff. The Spt. Eng. objection
seem intelligible enough. He does not
understand P.W. forms & accts & has
no subordinate who can measure or
render such accts as the Examr.
is at all likely to accept. The
work had better be handed over
altogether with the allotment.
Otherwise ten years will pass while
the ~~examined~~ agency forms of
accts are being submitted to &
examined by the Examr.

If the I.W. Dept surrenders
the grant of \$12000 to the
