Sir,

Adverting to para 2 of G.O. No. 415 W. of 10th ultimo, I have the honor to inform you that the supply of umbrellas every year is in the opinion of the Executive Engineer unavoidable; as they cannot, with the utmost care, be preserved more than a year; owing to the heavy rains and strong winds prevalent on the Hills. Their repair too, it is found, would cost more

than

than they are actually worth.

2. Sanction is therefore necessary to the annual supply.

Sir,

I have the honor to inform you that umbrellas purchased during last year for the use of messengers and lascars employed in the Division have all been broken by constant use in rain and strong wind and are not worth repairing. I would therefore under para 2 of G.O. No. 742W d/10th March 1887, request you will be good enough to obtain the sanction of Government for purchasing a fresh supply of 14 water proof umbrellas during the current Official year. Their cost would probably be Rs 32/@ Rs 2-4-0 each.

2. I also think it is very necessary co

that

that my Peons should have waterproof Capes supplied to them. The rain at this time of the year is almost incessant and for want of these capes the Peons get wet daily. They can be obtained for only Rs 3 apiece, and would be a very great boon. I trust therefore you will be willing to apply to Government to sanction them.

Read—the following papers :—

No. 170.

From Lieutenant-Colonel H. R. MEAD, R.E., Superintending Engineer, Fourth Circle, to the Chief Engineer, Public Works Department, dated Coimbatore, 1st August 1882, No. 311.—(Through the Examiner of Public Works Accounts).

Referring to G.O., No. 1416 W., dated 6th June 1882, paragraph 8, I have the honor to request to be informed if the special rate of pay allowed to the new Nílgiri Division office, as given in the table, is not the minimum pay to be drawn by them, and if they are not, under the orders, entitled as in other offices to draw their annual increments ; the following will explain the case :—

As authorised in G.O., No. 1729 W., for a Third Class Office.	*As authorised in G.O., No. 1416 W., for Nílgiri Division.*
1 Clerk, Third Class, 3rd Grade ... Rs. 50 to 60	Third Class, 2nd Grade ... ... Rs. 60.
1 Do. Fourth „ 2nd „ ... „ 30 to 40	Fourth „ 1st „ ... ... „ 40.
2 Do. „ „ 3rd „ ... „ 20 to 30	Do. „ 2nd „ ... ... „ 30.
1 Draughtsman, 2nd „ ... „ 35 to 50	First „ ... ... „ 50.
1 Do. 3rd „ ... „ 20 to 30	Second „ ... ... „ 35.

The pay of a Third Class, Second Grade Clerk, is 60 to 80.
Similarly, that of Fourth Class, First Grade Clerk, is 40 to 50.

2. I presume that the list printed in the Government Order is the minimum pay, as if not, a Clerk of Third Class, Third Grade, of five years' service, ordered to the Nílgiris will not draw any extra pay to compensate him for the extra cost of living at Ootacamund, and similarly the other Clerks, if of five years' approved service, will draw nothing extra.

3. I request, therefore, that under the order the Examiner may be authorised to pass to clerks, &c., employed on the Nílgiris the pay of the classes and grades as laid down in the Government Order under reference according to the Code Rules ; it is of course understood that a Clerk ordered to Ootacamund is to draw the pay of the next higher grade, and that on his returning to the plains he reverts to his former grade.

4. With regard to Storekeepers, under paragraph 24 A of the Code, one at Rs. 30 is now allowed for the West Coast Division, and one at Rs. 20 for the Coimbatore Division.

I request that the pay of the Storekeeper of the Coimbatore Division (comprising three district and five sub-divisions) may be fixed at Rs. 30, as it is at present for the West Coast Division, and that for the Nílgiri Division the sanctioned pay for a third class Division, Rs. 15, may be raised to 25, in consideration of the extra cost of living at Ootacamund.

The extra cost of this arrangement is only Rs. 5 a-month to Government.

5. Under G.O., No. 1439 W., dated 9th June 1880, an expenditure of Rs. 50 annually for warm clothing for office messengers and lascars attached to the Second Circle is sanctioned; this has already been found to be insufficient under the present arrangements, and now that Ootacamund is to be the head-quarters of the division, further sanction is required.

I request that this grant may be raised to Rs. 150 a-year (the full grant will be required for this official year). In the future there will be nine lascars and messengers permanently stationed on the Hills, and allowing three of the Superintending Engineer's establishment to be clothed, and Rs. 12 each set of clothing, nearly Rs. 150 is about the amount required.

No. 477 S.E 4th.

Endorsement on the above.

Forwarded to the Chief Engineer, Public Works Department, with the following remarks.

The establishment mentioned in paragraph 8 of G.O., No. 1416 W., dated 6th June 1882, has been properly graded. The pay entered opposite each * is the minimum of the grade, and it is presumed the persons concerned will draw the usual annual increments if they render approved service.

* Excepting messengers.

Paragraph 3 of the Superintending Engineer's letter is not understood. There is no rule in the Public Works Department Code under which the pay of the next higher grade is admissible to clerks when doing duty at Ootacamund.

The rates of pay of messengers for the Nílgiri Division may be sanctioned at special high rates with reference to the peculiar circumstances of the locality. It appears therefore doubtful whether they should also be allowed annually warm clothing at Government expense.

(Signed) D. C. GORDON,
17th August 1882. Examiner, Public Works Accounts.

No. 171.

ORDER—dated 28th August 1882, No. 2206 W., Public Works.

The Superintending Engineer, Fourth Circle, is correct in supposing that the rates of pay given in paragraph 8 of G.O., No. 1416 W., dated 6th June 1882, are the minimum salaries of the several grades. Clerks and Draughtsmen appointed to the Nílgiri Division will draw their annual increments under the usual conditions.

2. There is no objection to a clerk being transferred to the Nílgiri Division in a higher grade, provided the scale fixed in the Government Order above quoted be not exceeded. A man thus promoted will of course commence on the minimum pay of his new grade.

3. The Government sanction the recommendation of the Superintending Engineer that the pay of the Storekeeper of the Coimbatore Division be fixed at Rs. 30, and that of the Nílgiri Division Storekeeper at Rs. 25 per mensem.

4. Under the altered circumstances of the Fourth Circle, the annual expenditure on warm clothing for messengers and lascars is raised to a limit of Rs. 150.

Sir,

In your Endorsement No. 259/R.I dated 16th May 1883, on G. O. No. 1298W dated 4th Idem, Rs 182 are allotted for Warm clothing for Messengers and Lascars in this Division. Out of the allotment Rs 180 have been incurred during the current Official year in procuring 15 suits for the 15 Messengers and Lascars, leaving a balance of Rs 2; but one of the suits having been taken away by a lascar who left the Station without

without leave and of whose whereabouts the Police, to whom the matter was duly reported, have not, as yet, found any clue, and another suit having been rendered unfit by being used by a lascar who has been suffering from Small pox, it is found necessary to procure two new suits to replace these two.
