Note The short outlay is attributed by the Executive Engr. partly to the bad weather in the begining of the month, and harvesting at the end of the month; and partly to the laziness of Supervisor Murugesam Pillai & Overseer Ramachandra Sastri. The work at Devastanam is stopped owing to inspection being refused.

RESOLUTION—dated 25th April 1888, No. 840.

Communicated to the Collectors of Ganjam, Godávari, Madura and Salem, with the request that they will make the necessary provision, as usual, in the budgets for fasli 1298. The provision should include cost of supervision at 23 per cent. on the outlay.

2. They are also requested to report whether any of the works entered in the statement are such as ought properly to be executed by the District Board out of their own funds, instead of from the funds of the estate, as proposed—*vide* paragraph 6 of Court's Proceedings, dated 17th March 1888, No. 553.

3. The budgets are due on the 10th proximo, and the Court trust that they will be submitted punctually.

In the Budget Estimate for 1887-88, received with G.O No 1611 W dated 15th June/87, provisions are made for Items No 1, 2, 4, 5, 7, 10 & 12 under "Ain" Nos 3 & 4 under "Devastanam" No 2 under "Chuttram" but the Exe: Engr reports that it is not likely that estimates for these works will be ready for sanction in time to put them in hand during this year & that the works are therefore brought in in the present Budget. The grants for these works are proposed to be utilized on the completion of works on hand for which inadequate provisions have been made for the current year —

A few works which appeared in the Budget of 1887-88 have been omitted in the present Budget owing to want of estimates and to demands for more urgent works.

RESOLUTION—dated 6th February 1888, No. 270.

The budget estimates read above of the receipts and charges of the estates under the management of the Court of Wards for fasli 1297 are sanctioned, subject to the following remarks.

2. (1) *Kurla.*—The Collector having failed to provide for the payment of the commission due to Government, Rs. 200 have been entered under this head. The reserve has been reduced by Rs. 4,000 in order to reduce the charges to the amount of the estimated receipts.

(2) *Chípurupalli.*—The charges exceed the receipts. The Collector is requested to submit proposals for their reduction.

(3) *Chittioherla.*—The gross amount of the Towji allowances has been shown under receipts, and the income-tax thereon under charges.

(4) *Pannaiyur.*—The totals of columns 8 and 9 of the estimate of receipts come to Rs. 2,600 and Rs. 24,392, respectively, and not to Rs. 3,500 and Rs. 25,292 as entered therein. The necessary corrections have been made.

(5) *Vadapathimangalam.*—The assessment and land-cess payable to Government have been entered in the lump. They should be shown separately in future.

(6) *Elagiri.*—The commission due to the Public Works Department for the execution of works has been separately shown.

3. The subjoined statement shows the allotment of funds for the execution of works by the Public Works Department :—

Read—the following paper :—

Proceedings of the Court of Wards, dated 6th February 1888, No. 270.

Abstract—Sanctioning, subject to certain remarks, the budget estimates of receipts and charges for fasli 1297 of estates under Court's management.

No. 1543, Revenue.

Forwarded.

Fort St. George,
6th March 1888.

(Signed) J. F. PRICE,
Secretary to Government.

Order—dated 15th March 1888, No. 860 W., Public Works.

Communicated to officers concerned for information.

2. It is observed that the grants provided for works in the estates noted below are less than the sums included in the preliminary budget circulated with the Proceedings of the Court of Wards, No. 517, dated 27th April 1887 :—

	Amount given in preliminary budget.	Amount now granted.	Difference.
	RS.	RS.	RS.
Jarada	7,500	2,000	5,500
Chinna Kimedi	20,000	16,000	4,000
Dhárákót	3,000	2,000	1,000
Bodagada	2,000	1,300	700
Ramnad	1,40,000	90,000	50,000
Total ...	1,72,500	1,11,300	61,200

3. The amount applied for on account of works in the Lakkavaram estate was Rs. 1,580, against which the Court of Wards assign Rs. 3,544.

4. Funds have been provided for works in the undermentioned estates though they were not included in the preliminary budget estimates circulated with the Proceedings of the Court of Wards, No. 517, dated 27th April 1887 :—

	RS.
Chidikada	11,387
Sripuram	2,500
Chitticherla	325
Elagiri	1,626

5. The cost of Public Works supervision has, with reference to the modifications referred to in the preceding paragraphs, been reduced from Rs. 60,186 to Rs 50,084.

6. It will be pointed out to the Court of Wards that officers of the Public Works Department cannot be expected to work up to grants revised so late as the last month in the official year. The Court's proceedings on which action is supposed to be taken did not reach the Government in the Public Works Department until the 9th March,

and probably the statements will not be in the hands of the officers concerned until the official year has expired and the grants have lapsed. It is, however, presumed that any lapsed grants will be re-granted.

The outlay has fallen short of even the reduced Grant. The present Exe: Engr: Mr Jopp, who took charge of the Division on the 10th February/88 from Exe: Engr: Mr Targett, ascribes the short coming to the following causes:—

(1) The works being minor scattered about all over the Zemindari.

(2) The Deptt: being entirely dependent on local village labor which is very limited and in the hands of a few men in each village while on the other hand these villages are very small.

(3) Little or no progress being made on works for about 7 months in the year owing to rains, cultivating & harvesting seasons.

(4) Short outlay under Devastanum has been due chiefly to the refusal of temple authorities to allow inspection of work by the Exe: Engineer.

ENCLOSURES.

Sir,

I have the honor with reference to G. O. No. 1379. W of the 11th Instant to report that work in the Kamuthi Pagoda and Devastanam Office belonging to the Ramnad Estate was stopped by Mr: Target, because he was not allowed to inspect the work carried out.—

2. In the first case, a contract was entered into for repairing the Temple, for which an Estimate of Rs: 5,370 was sanctioned; when the Executive Engineer (Mr: Target) proceeded to inspect the work in August last, he was prevented from doing so and accordingly stopped the work. When this was reported to Col: Pennycuick he addressed the Collector of Madura, and said that no work could under any circumstances be undertaken by the Executive Engineer which was not freely and

at

at all times open to his inspection and that of his Subordinates.

3. The Collector made a reference to the Court of Wards, who under date the 20th February, suggested that a Subordinate of the desired caste, in whose professional capacity and integrity the Collector had confidence should be employed. On the 14th April the Collector informed me that he did not think he could secure the services of such a man. The Executive Engineer has therefore been instructed to compromise with the Contractor with regard to work done, and to pay for all approved materials, which have been collected but which cannot be utilized on account of the stoppage of the work.-

4. There was also some trouble and work was stopped in the Devastanam Superintendent's office, at Ramnad, because the Executive Engineer was not allowed to inspect the roof on the ground that the "Palace Zenana" was overlooked from the roof. This difficulty was however arranged by the Manager and the Executive Engineer can now inspect the work on giving previous notice.-

5. As regards the general question of the slow progress of works in Ramnad the primary cause is undoubtedly that there is a scarcity of labour, but if the ryots themselves were less apathetic and cared to work on

their

their own irrigation works more might have been done. I am however astonished that more labor has not been attracted from outside as there is a large amount of work to be done, this is partly due to the Tanks having water in them till quite late in the Season rendering the working season short.-

6. Mr. Topp has been all over the Estate since he joined, and reports that the Budget for the current year is too ambitious and provides for more work than he anticipates being able to carry out. This point I will report on at greater length when I receive detailed information from the Executive Engineer.-

Note.

In the Proceedings of the Court of Wards No: 1276 d/ 18th June 1888, a sum of Rs. 1,00,850 was assigned as the grant during 1888-89 for works in the Ramnad Estate. As the requirements for the year as reported by the Suptg. Engineer in his revised programme submitted with his letter No: 164 R.N. d/ 28th June 1888 amounted to Rs. 95,571, the difference Rs 5,279 was treated as excess provision and the amount was proposed to be replaced at the disposal of the Court of Wards.

Now the Revenue Secretary refers to order No: 1391 d/ 2nd July 1888 which has not yet been received in this office and observes that, as separate funds under "Chuttrum" and "Devastanum" are provided in the Proceedings of the Court of Wards referred to by him, the excess provision under Rim must be more than Rs. 5,279 the sum proposed to be retransferred by this Department.

The draft order under notice

has been based on the figures contained in the communications received in this Department. It may therefore issue, any alteration found necessary on receipt of the Proceedings referred to by the Revenue Secretary being carried out in separate orders; or the present draft order may be held back till the Courts' Proceedings are received & the necessary corrections carried out and issued.

Submitted for orders as to which course may be adopted.

Since writing this note, the Courts proceedings under wh[ich] having been received, the required alterations in the draft order with reference to those proceedings have been made.

The Rev secretary will be informed so & requested to Counter-initial the draft

Reference:- Draft G.O. on P.W. C. No 4467 & 6346.
No. 2926 C d/4th August 1888

The undersigned has the honor to observe that the draft G.O. seems to require alteration with reference to the following remarks:-

The lump sum provision of Rs: 1,00,850 referred therein represents the amount sanctioned by the Court of Wards for expenditure during 1888-89 on works belonging to the "Ain" portion of the estate only (Vide statement appended to the Proceedings of the Court dated 18th June 1888, No 1276). The revised programme now submitted by the Superintending Engineer provides for an expenditure of Rs: 78,896 only on those works, so that the sum to be surrendered to the "Ain" funds of the estate is Rs: 21,954.

As regards the works appertaining to the "Devastanam" and

B

and the "Chattram" portions of the estate, it will be seen from the Proceedings of the Court of Wards dated 2nd July 1888, No. 1391 communicated to the Public Works Department with endorsement No. 4304 of this date, that they have provided a sum of Rs: 34,100 for the works under the former head and Rs: 15,250 for those under the latter, exclusive of the charges for establishment. According to the revised programme now under consideration, the amounts required for the two classes of works above referred to were only Rs: 11,084 and 5,591 respectively, and the sums to be surrendered are therefore Rs: 23,016 to the "Devasthanam" funds & Rs: 9,659 to the "Chattram".
