Local Fund Budget.

Reviewing the — of the Madura District for 1888-89.

GOVERNMENT OF MADRAS.

LOCAL AND MUNICIPAL DEPARTMENT.

READ—the following papers:—

From E. TURNER, Esq., President, District Board, Madura, to the Chief Secretary to Government, dated Madura, 13th December 1887, No. 171.

I have the honor to submit the consolidated budget estimate of the district board of the Madura district for the official year 1888-89, together with its accompaniments as per list enclosed, and to offer the following remarks in explanation of the several entries in the budget.

2. When submitting the budget estimate of the current official year, there were six Local Fund taluks in the district as noted in the margin, while the Revenue taluks of Madura and Melúr and Tirushuli division were under the direct control of the district board. All items appertaining to the former were shown in the budget under "Taluk fund" and those relating to the latter (*i.e.*, areas under the district board's direct control) were entered under "District fund." The Tirushuli division has since been transferred * to the Ramnad taluk, and the Madura and Melúr taluks have been formed † into separate Local Fund taluks. The grants included under "District fund" in the budget as appertaining to the above areas, as also the actual receipts (including opening balance) and charges thereof, included under that fund during the current official year, have therefore been excluded therefrom and shown under "Taluk funds" of the respective taluks, in preparing the current year's revised estimate and the budget statements of the next year, the grand total receipts and charges of the district being left unaffected.

* G.O., No. 836 L., dated 7th May 1887.

† G.O., No. 1487, dated 3rd August 1887.

REVISED ESTIMATE FOR 1887-88.

3. Excluding "Debt Heads" (Rs. 912), the opening balance of the current official year amounted to Rs. 2,35,560 as per supplemental accounts for March 1887, against the budget estimate of Rs. 1,49,290. The increase is the net result of increased returns chiefly under "Land-cess," "Markets," and "Public Works" counterbalanced by short expenditure under Grants I and II during 1886-87 as compared with the revised estimate of that year.

4. The variations under the several heads of receipts and charges, as compared with the budget grants, are explained in column 8 of the revised estimate, and the more important items are noticed below.

5. The receipts of the current year are expected to amount to Rs. 4,80,650 (excluding opening balance) against Rs. 4,63,910 in the budget. The excess is chiefly due to increased returns under the items noted below:—

Rates and Taxes—Cess on Land.
Do. Tolls.
Do. House-tax.
Miscellaneous—Sundry Receipts.
Public Works—Miscellaneous.

6. *Rates and Taxes—Cess on Land.*—The land-cess collections are expected to amount to Rs. 2,91,910 against Rs. 2,90,000 estimated for in the budget, the slight increase arising chiefly under "Arrear collections." The demand, collection and balance statement is given below:—

	Demand.	Collection.	Balance.
	RS.	RS.	RS.
Arrears	7,424	6,012	1,412
Current	2,90,000	2,85,900	4,100
Total ..	2,97,424	2,91,912	5,512

From the above it would appear that of the total demand of Rs. 2,97,424, a sum of Rs. 2,91,910 in round numbers, or 98 per cent., is expected to be collected during the year. The total estimated collection is apportioned among the district and taluk boards, as shown below, with reference to their financial requirements, and the sums so allotted to the taluk boards are not less than one-half of the estimated proceeds of the tax in their respective taluks:—

	RS.
District Board	99,330
Madura	19,870
Tirumangalam	15,600
Melúr	18,110
Dindigul	28,060
Palni	18,560
Periyakulam	18,380
Ramnad	40,500
Sivaganga	33,500
Total ..	2,91,910

7. *Tolls.*—The toll revenue will amount to Rs. 33,150 against Rs. 27,700 in the budget, owing to high rentals consequent on the keen competition at the sale of the farms. An increase of Rs. 1,650 and Rs. 3,800 is expected from the Local Fund toll gates and the municipalities, respectively, in the district over the sums estimated for in the budget.

8. *House-tax.*—This item is expected to yield Rs. 22,374 against Rs. 19,250 in the budget. The increase is attributable to the introduction of house-tax in the unions of Batlagundu, Ayakudi, and Kalayambathur, under G.O., dated 5th August 1887, No. 1510 L., since submitting the current year's budget, and to the realization, during the current year, of the arrears left uncollected at the end of the past official year. Another reason is that in certain of the unions a more accurate estimate has now been arrived at with reference to the house-tax registers prepared during the year, than what was approximately entered in the budget.

9. *Education—Contribution from Municipalities.*—Rs. 570 entered under this head represents the contributions due as finally settled from the municipalities in the district towards the cost of Deputy Inspectors of Schools, with reference to G.O., dated 29th November 1886, No. 1611 L.F., Financial.

10. *Medical—Contributions from Private Individuals.*—The sum of Rs. 2,730 shown under this head falls short of the budget estimate by Rs. 60, which is due to the fact that Rs. 60 taken credit to in the budget, as being the contribution towards the increase of pay to the hospital assistant at Rámesvaram, is not expected to be realized during the year.

	RS.
Tirumangalam	94
Periyakulam	150
Dindigul	300
Ramnad	109
Sivaganga	600
Total ..	1,253

11. *Miscellaneous Contributions.*—The marginally-noted revised figures have now been reported by the taluk boards concerned as being the contributions expected from the private individuals for sanitary purposes.

12. *Market Rents.*—Owing to keen competition at the sale of the farms, the revenue under this head is expected to yield Rs. 14,924, or Rs. 2,804, more than what was anticipated in the budget. The extension of fee-system to some of the markets has also contributed towards the increased revenue.

13. *Sundry Receipts.*—The sum of Rs. 1,213 shown under "Sundry receipts" comprises the following items:—

	RS.
Rent of Fletcher's bungalow belonging to the district board	600
Sale-proceeds of the chattram building at Shembaganur, sold as per G.O., dated 25th July 1887, Mis. No. 1440 L.	320
Undisbursed pay of inspecting schoolmasters, &c.	33
Sale-proceeds of vegetables, sweepings, and other sundry items ..	260
Total ..	1,213

14. *Public Works—Miscellaneous.*—Of the sum of Rs. 2,750 entered under this head, Rs. 2,687 represents the amount of fines imposed by the district board on the Local Fund contractors for failure to duly execute the works undertaken by them during the past official year, in accordance with the terms of their agreement.

15. The total assets including the opening balance are expected to be Rs. 7,16,210 against Rs. 6,13,200.

16. *Grant I—Public Works.*—The total budget grant, with subsequent additions, deductions, &c., under "New Works and Repairs," is Rs. 3,40,508, as will be seen from statement IX-B, of which Rs. 3,30,979 is expected to be utilized during the year as per particulars below:—

——	Total budget grants with subsequent additions, deductions, &c., as per statement IX-B.	Amount not expected to be utilized during the year including tender savings.	Net amount expected to be spent during the year, column (2) *minus* columns (3) and (4).
1	2	3	4
	RS.	RS.	RS.
New Works	1,42,421	2,500	1,39,921
Repairs	1,98,087	7,029	1,91,058
Total ..	3,40,508	9,529	3,30,979

Rs. 2,500 set against "New Works" is the sum allotted for the construction of a ghât road to Devikulam. There is no probability of its being spent during the year, as the estimate is not yet ready, and as the Konan Devan Planters' Association have not yet paid the contribution promised by them. The allotment under "New Works" includes Rs. 1,20,000, which appertains to the Vaigai bridge work.

17. *Establishment—Public Works Department Supervision—Other Establishment Charges.*—Rs. 4,000, being the estimated charges for the year on account of scrutiny of plans and estimates, is entered under this head, with reference to the figures communicated by the Inspector of Local Fund Accounts.

18. The total expenditure under Grant I is expected to amount to Rs. 3,66,769 against Rs. 3,54,070 in the budget.

19. *Grant II—Education.*—The allotments for "Inspection" and "Local Fund Normal School" will be fully utilized during the year. From the reports of the taluk boards, it appears that only Rs. 3,204, out of an allotment of Rs. 3,480 under "Salary Grants" and Rs. 23,139, out of an allotment of Rs. 24,430 under "Results Grants," will be utilized during the year. The total educational outlay is therefore expected to aggregate Rs. 42,544 during the year against Rs. 43,640.

20. *Grant III—Medical Services, &c.—Hospitals and Dispensaries.*—The charges under "Hospitals and Dispensaries" are expected to amount to Rs. 24,414 against the

budget grant of Rs. 23,779 including subsequent allotments, the increase being mainly due to some of the compounders attached to the dispensaries having become entitled to increased pay in reference to the length of their service, in accordance with the revised scale sanctioned in G.O., dated 28th January 1887, Mis. No. 194 L., and to some of the medical subordinates also being entitled to increase of salary during the year under the departmental rules.

21. *Vaccination.*—Taking into consideration the actuals of the previous years, it does not seem probable that the whole allotment of Rs. 11,000 will be fully utilized. A sum of Rs. 10,000 alone is therefore provided for in the revised estimate.

22. *Sanitation.*—Under "Sanitation" the outlay is expected to be Rs. 28,839 or 96 per cent. of the budget estimate (Rs. 29,910 including the allotment on account of sanitary inspectors), the decrease chiefly occurring under "Water-supply" and "Other sanitary outlay" as also under the provision for four sanitary inspectors consequent on the late entertainment of two of them during the year.

23. *Markets.*—Of Rs. 1,780 provided for on account of establishment and contingencies of the markets, Rs. 955 only is expected to be spent during the year, as almost all the markets have been leased out.

24. *Choultries.*—A sum of Rs. 11,804 is provided for under this head against Rs. 13,190 in the budget. Additional allotments had to be made during the year to Kottampatti chattram on account of feeding and contingent charges, as only a small provision was made in the budget, with reference to the then financial position of the institution. The net decrease under the estimate is due to the grant which is allowed to the Madura Municipal Council for feeding and establishment charges in the Kunnathur chattram at Madura out of the funds of the Sholavandán chattram, being separately shown under "Miscellaneous Contributions" (*vide* G.O., dated 2nd December 1886, No. 1630 L.F.), and to short expenditure under "Feeding charges" generally, consequent on the more efficient supervision now exercised than heretofore in the administration of the charity. The hackdars or managers of the Local Fund chattrams have hitherto admitted persons into the chattram for purposes of feeding at their own discretion. This arrangement not having been found to work satisfactorily, a respectable resident at the place unconnected with the institution has been requested to issue tickets (printed forms being supplied for the purpose) to *bonâ fide* pauper travellers. The holders of these tickets alone are admitted by the hackdars for relief in the chattram. This system has resulted in a wholesome check on any misapplication of the chattram funds.

25. *Contribution to Madura Municipality.*—Rs. 1,862 is entered under this head from the funds of the Sholavandán chattram, being the contribution for feeding, &c., charges in the Kunnathur chattram at Madura—*vide* paragraph 24 *supra*.

26. The total expenditure under Grant III is expected to be Rs. 92,307 against Rs. 92,950 in the budget.

27. *Grant IV—Miscellaneous.*—The total outlay under Grant IV is expected to be Rs. 25,835 against Rs. 22,020 estimated for in the budget. One additional Local Fund accountant on Rs. 15, sanctioned in G.O., dated 14th November 1887, Mis. No. 2156 L., for the Treasury Deputy Collector's office, Madura, was entertained during the year. Necessary establishments have also been entertained for the offices of the taluk boards of Madura and Melúr which commenced to work from October last—*vide* G.Os., Nos. 2171 and 2157, dated 14th November 1887. Further additional allotments had to be made under "Contingencies," and on account of pensionary contribution of the assistant audit clerk. With reference to an application received from the Secretary to the Madura Jubilee Committee, a sum of Rs. 2,508, or Rs. 2,500 in round numbers, has to be paid to the Victoria Museum and Library proposed to be established at that place, as being one-half of the subscriptions raised in the district in accordance with the district board's resolution, No. 5 of 1887, approved of in G.O., dated 21st February 1887, Mis. No. 357 L. These facts account for the increase over the budget estimate.

28. *Reserve.*—The unallotted balance under "Reserve" is Rs. 17,625, which will be utilized during the year.

29. The grand total expenditure under all the heads is expected to aggregate Rs. 5,45,080 against the budget estimate of Rs. 5,46,590. There will thus be a balance of Rs. 1,71,130, of which Rs. 7,895 appertains to the balance under "House-tax," Rs. 58,815 to "Endowments," and the remainder, Rs. 1,04,420, is the net balance available for general purposes; and it will be carried forward to the budget for 1888-89.

Budget for 1888-98.

30. *Opening Balance.*—As stated above, the budget year is expected to open with a balance of Rs. 1,71,130 as particularised below:—

Taluk Fund.

	Rs.
House-tax	7,895
Endowment fund	58,815
Net balance available for general purposes	47,770

District Fund.

Balance available for general purposes	56,650

31. The following abstract shows the receipts of the district during the year:—

Total	1,94,960	3,68,775	34,855	5,96,440

From the above it will be seen that the total estimated receipts (excluding opening balance) is Rs. 4,25,310 against Rs. 4,63,910 the estimate of 1887-88. The difference is obvious, in that the current year's estimate includes Rs. 60,000, being the contribution from Provincial funds towards the Vaigai bridge works, and this decrease is counterbalanced by increased receipts during the next year chiefly under "Land-cess," "Tolls," "House-tax," and "Market rents."

32. *Rates and Taxes—Cess on Land.*—The collections under "Land-cess" during the year are estimated as Rs. 3,00,000 with reference to the actuals of 1886-87. The demand, collection and balance statement is given below:—

	Demand.	Collection.	Balance.
	Rs.	Rs.	Rs.
Arrears	5,512	4,100	1,412
Current	3,00,000	2,95,900	4,100
Total ..	3,05,512	3,00,000	5,512

From the above it will be seen that 98 per cent. of the demand is expected to be collected. The total estimated collection is apportioned among the district and taluk boards, as shown below, with reference to their requirements for funds during the next year. The sums thus transferred to the taluk boards are not less than one-half of the estimated proceeds of tax in their respective taluks:—

	Rs.
District Board Madura	80,850
Tirumangalam	21,150
Melúr	25,730
Dindigul	20,230
Palni	25,950
Periyakulam	18,880
Ramnad	20,390
Sivaganga	48,970
	37,850
Total ..	3,00,000

33. *Tolls.*—The Local Fund toll-gates, noted below, are expected to yield Rs. 15,000 as estimated for in the current year's budget:—

	Rs.
Andipati Batlagundu	4,400
Palkanuth	4,500
Mána Madura	3,000
Shembaganur	2,500
Adalur	500
	100
Total ..	15,000

A further sum of Rs. 15,200 is expected from the undermentioned municipal councils as being the Local Fund share of tolls in their respective municipalities with reference to the information furnished by them to this office:—

	Rs.
1. Madura	10,000
2. Dindigul	2,450
3. Palni	2,000
4. Periyakulam	750
Total ..	15,200

The Local Fund share of the municipal councils of the first three places is one-third of the net proceeds of tolls that may be collected by them, while it is one-fourth in the Periyakulam Municipality (*vide* G.O., dated 11th October 1887, No. 1033 M.). The total revenue under "Tolls" is therefore estimated at Rs. 30,200 against Rs. 27,700 in the budget, the excess being due to the anticipated increased contribution from the municipalities.

34. *House-tax.*—House-tax is now levied in 23 out of 28 unions in the district at half the maximum rates prescribed in Schedule A of Act V of 1884. Recommendation has already been submitted to Government for the levy of the tax in the Ayyampalayam union from the next official year—*vide* this office letter, No. 165, dated 22nd November 1887. The taluk board of Periyakulam propose to extend the imposition of the tax in Kílmangalam and Chinnammanúr unions

during the next year at the rates obtaining in other unions. The district board approve of the proposal. In the remaining two unions—Melúr and Nattam—it is not proposed to introduce the tax at present. The income from the 26 unions is expected to amount to Rs. 23,480 against Rs. 22,374 the revised estimate of the current year. The small increase is due to the revised classification of houses proposed in some of the unions during the next year. The panchayat of Sholavandán union consider that a reclassification of houses in their union is necessary during the next year, which is expected to result in a decrease of Rs. 350 under the current year's estimate.

35. *Education—Contributions from Municipalities.*—Rs. 570 is entered, being the contributions due from the municipalities in the district, as per particulars below, towards the cost of Deputy Inspectors of Schools as per current year's revised estimate:—

	Rs.
Madura	275
Dindigul	145
Periyakulam	80
Palni	70
Total ..	570

36. The sale-proceeds of books are estimated at Rs. 1,400 against Rs. 1,200 in the current year's budget, the increase being due to the prices of the elementary school books having been recently raised under orders of the Educational Department.

37. *Medical.*—A sum of Rs. 510 is expected from sale of medicines. Rs. 30, shown under "Contributions from Municipalities," represents the sum to be contributed by the Madura Municipality towards the pay of the first clerk in the office of the District Medical and Sanitary officer at Rs. 2 a month, or Rs. 30 in round number for the whole year. The contribution of Rs. 2,980 expected from private individuals comprises the following items:—

	Rs.
Contribution from the Ramnad zemindari towards the upkeep of the dispensary at that place	1,500
Contribution towards the pay of the midwife attached to the above dispensary	60
Contribution from the Rámesvaram devastanam towards the upkeep of Pámban and Rámesvaram dispensaries	540
Contribution from the Gandamanáyakanúr estate towards the upkeep of the dispensary at Vallanadi	240
Contribution from the Travancore Government towards the dispensary at Bodináyakanúr	110
Contribution from the Sáptúr zemindari towards the upkeep of the dispensary proposed to be opened at Sáptúr	250
Contribution from the planters of Devikulam and other estates towards the upkeep of the dispensary at Bodináyakanúr	280

As several of the laborers employed by the planters of Devikulam and other estates resort to the dispensary at Bodináyakanúr for medical relief, a fair contribution was proposed to be recovered from the planters during the current year and credit therefore taken in the budget of that year. But no amount has yet been paid by them. Steps will be taken for its recovery. A sum of Rs. 500 is expected as in the current year from the villages of Kumani and Machiyúr attached to the Tiruvadanai dispensary. Under "Miscellaneous" Rs. 100 is entered, being the sale-proceeds of unserviceable articles, as in the current year.

38. *Interest on Arrears of Revenue.*—Rs. 20 is entered under this head with reference to the actuals of 1886-87.

	Rs.
Ramnad	100
Sivaganga	600
Total ..	700

39. 5, *Miscellaneous— Contributions from Private Individuals.*—A sum of Rs. 700 is taken credit to under this head, being the contributions expected from private individuals in the marginally-noted taluks towards sanitary purposes.

40. *Choultry Rents.*—The income expected from choultry rents is estimated at Rs. 11,320 against the current year's estimate of Rs. 10,620. The old chattram building at Usilampatti was, as observed in paragraph 63 of the report covering the current year's budget, sold during the last year, and arrangements are being made for the construction of a new building at a convenient site. The taluk board now propose to dispose of the pettah land attached to the old building for Rs. 500 and to acquire a better site. The sale-proceeds so expected are included in the aforesaid sum of Rs. 11,220. A slight increase of revenue is also expected from the lands attached to Kottampatti, &c., chattrams. Hence the variation between the current and next year's estimates.

41. *Market Rents.*—The revenue estimated under this head is Rs. 15,750 from 49 markets, against Rs. 12,120 from 41 markets as per current year's budget. The market at Sedapatti has been given up, and the markets shown separately as Sindupatti and Thumbakundu in the last year's statement VII are entered in the next year's statement as one market—Sindupatti, as Thumbakundu is understood to be another name for it. It is proposed to extend the fee-system during the next year in ten additional markets—one in Madura taluk, two in Tirumangalam taluk, two in Dindigul taluk, and five in Palni taluk; and increased rentals are expected in some of the markets, with reference to the revised estimate of the current year (Rs. 14,920). Hence the increase over the budget estimate of 1887-88.

42. *Bungalow Fees.*—Rs. 400 is expected from the travellers' bungalows at Ammayanáyakanúr and Paramakudi, and from the new rest-house at Kistnama Nayak's tope near Periyakulam, which is now very near completion, against Rs. 450 in the budget, the slight decrease calling for no remark.

43. *Fees and Fines.*—Rs. 900, as in the current year's budget.

44. *Fishery Rents.*—Rs. 20,000. The current year's budget figure is adopted.

45. *Avenues.*—The estimated receipts are Rs. 3,000, as in the current year's budget. In this district the avenues, both on district and taluk roads, in the limits of each taluk or division, are under the immediate charge of the Tahsildar or Deputy Tahsildar of the range with subordinate establishments under his control, who look after all the avenues in the range. No correct apportionment is therefore possible of the receipts and establishment, &c., charges appertaining to avenues on district roads, and to those on taluk roads. All items of receipts and expenditure relating to avenues in each Local Fund taluk are therefore separately shown in the respective taluk budgets. This arrangement, besides securing efficient supervision of avenues by the local boards, will minimise the labor of the revenue officers in immediate charge in dispensing with the necessity of submitting their accounts both to the district and taluk boards, as, under the said arrangement, the accounts need be submitted to the taluk boards alone.

46. Under "Sale of Stores" Rs. 10 is entered. The sums taken credit to under "Sundry receipts," "Cart-stand fees," and "Fees for erection of pandals," are very nearly the same as in the current year, except under the last item, from which the taluk boards do not expect a larger sum than Rs. 230. Rs. 600, shown under "Rents of Buildings," is the rent payable for the Fletcher's bungalow at Rs. 50 per month by the Executive Engineer in charge of the bridge works who now occupies it.

47. *Public Works.*—Rs. 190 is taken credit to, being the estimated sale-proceeds of unserviceable tools and plant.

48. *Contribution from Provincial Funds.*—Under "Education," Rs. 1,580 is entered with reference to the figures furnished by the Inspector of Schools, 5th Division, as the Provincial grant towards the cost of the Local Fund normal school at Madura. The sum of Rs. 7,780 shown under "Choultries" represents the money grant from Provincial Funds on account of "Choultries." Under "Medical purposes," credit is taken for Rs. 200 as in the current year, and it is made up of Rs. 120 and Rs. 80, being the Government contributions towards the cost of medicines for the dispensary at Kodaikánal, and for the treatment of the police sick at Ramnad, respectively.

49. *Contribution from Special Fund.*—Rs. 1,800 is taken credit to under this head with reference to the Special Fund budget for 1887-88 against Rs. 2,000 in the current year's budget. The decrease is due to a small surplus expected to be left under "Pound Fund," consequent on the increased expenditure on account of construction and repairs of pounds.

Item 1.—Rs. 70,000 is provided for the Vaigai bridge work with reference to G.O., dated 18th November 1887, Mis. No. 2238 L. This amount has to be placed at the disposal of the Government, Public Works Department.

Item 2.—This is a repetition of the provision in the current year's budget. The estimate is not yet ready, and the Konan Devan Planters' Association have not yet paid their contribution; consequently the work is not likely to be executed during the year, and hence the provision in this budget. Items 1 to 3 appertain to district fund, and 4 to 8 to taluk funds. The taluk boards concerned have, after careful consideration, made necessary provision for these latter items. All the new works abovementioned are absolutely necessary in the interests of the traffic passing along the roads concerned.

53. *Civil Buildings.*—A sum of Rs. 400 is allotted for the construction of a new chattram building at Kodaikánal, the old buildings at Shembaganúr having been sold as per G.O., dated 25th July 1887, Mis. No. 1440 L.

54. *Miscellaneous Public Improvements.*—Rs. 5,660 is provided on account of the improvement of weekly markets in the district, there being a large balance under "Market fund." A further sum of Rs. 800 is allotted—Rs. 300 for reconstructing a retaining wall to the bathing ghât at Sholavandán, and Rs. 500 for acquiring a new site for the bandy-pettah at Usilampatti in place of the present site which is proposed to be sold—*vide* paragraph 40 *supra*.

55. *Repairs—Communications.*—A sum of Rs. 1,77,860 is provided for maintenance charges and special repairs of roads against Rs. 1,71,710 the estimate of 1887-88. Two hundred and seventy-four additional miles—1 in road No. 3—Madura to Sayalgudi, and 174 in the town roads of Sivaganga, one mile of Railway feeder road at Kuthiarkundu, and 10 miles of Pumbarai road (one of the Palni Hill roads), as also some other village cart-roads, are proposed to be newly brought under maintenance. Considering the importance of road No. 38 which leads to the Peraiyúr Project, an increased maintenance allotment is provided for it at Rs. 150 instead of Rs. 125 per mile. Similar allotment is made for the 10 miles of this road now under the charge of Public Works Department which have not found a place in the current year's budget (*vide* G.O., dated 23rd June 1887, Mis. No. 385 L). The more important of the special works provided for are mentioned below:—

	Estimate.	Allotment for 1887-88.	Allotment for 1888-89.
	Rs.	Rs.	Rs.
(1) Repairing and remetalling road No. 31, Dindigul to Palni ..	72,200	10,000	9,000
(2) Repairing and improving road No. 7, Madura to Nattam ..	9,750	5,000	4,750
(3) Repairing and remetalling road No. 48, Tirumangalam to Usilampatti	9,640	6,000	3,640
(4) Repairing and remetalling road No. 5 (Madura to Allinagaram) between Usilampatti and Chettiapatti pass	..	6,000	1,000
(5) Repairing and remetalling road No. 5 (Madura to Allinagaram) between Chettiapatti pass and Allinagaram	7,030	6,000	1,030
(6) Repairing and improving the ghât road from Genguvarpatti to Kodaikánal	..	..	1,350
(7) Repairing road No. 47, Tirumangalam to Srívilliputur	..	..	1,000
(8) Remetalling the 2nd, 3rd and 4th miles of road No. 7-A, Madura to Alagarcoil	..	..	1,300
(9) Repairing and improving the road from Madura to Palamedu ..	..	..	1,630
(10) Repairing the first 12 miles of road No. 2, Madura to Rámesvaram ..	9,300	..	2,900
(11) Repairing masonry works on road No. 8, Madura to Tondi ..	4,950	..	4,950

The necessity in respect of the first five items was fully explained in the current year's budget covering letter. Special repairs are very necessary to blast rocks, &c., in the road from Genguvarpatti to Kodaikánal in order to make the road passable for pony traffic. Rs. 1,350 is therefore allotted for 5 miles of the road. Items 7, 8 and 9, and 10 and 11 appertain to Tirumangalam, Madura, and Sivaganga Taluk Boards, respectively, and they are all much required for the convenience of traffic.

56. *Civil Buildings.*—A sum of Rs. 6,200 is allotted for the following works:—

		Rs.
1.	Repairing the chattram buildings at Sholavandán, Thathampatti, and Samayanallúr	2,000
2.	Do. the chattram at Muthanendal	2,355
3.	Do. four granaries belonging to Narikudi chattram ..	705
4.	Do. the Kilangulam chattram	290
5.	Do. the Sundradoss chattram at Tirumangalam	400
	Other petty works	450
	Total ..	6,200

57. *Miscellaneous Public Improvements.*—Rs. 7,600 is provided on account of maintenance of avenues in the district with reference to the actuals of 1886-87 against Rs. 9,000 in the current year's budget. A further sum of Rs. 3,000 is allotted for the repair of the irrigation works attached to the Narikudi chattram.

58. *Establishment.*—A sum of Rs. 22,090 is provided on account of the Local Fund engineering establishment as in the current year's budget. Under "Travelling Allowance and Contingencies" Rs. 7,020 is allotted against Rs. 6,942, the actuals of 1886-87. The proposals of the Local Fund District Engineer to increase the pay of some of the clerks of his office establishment, and to the clerks of the Local Fund supervisors will be disallowed, as it is not considered advisable to increase the present establishment charges, nor does it seem to be absolutely necessary to accept the Engineer's proposals. The cost of the Local Fund engineering establishment, including travelling allowance and contingencies, is 15 per cent. of the proposed outlay* on works by that agency as in the current year. A sum of Rs. 500 is considered sufficient to meet the cost of establishment and contingencies on account of tolls, should it be necessary to keep the Local Fund toll-gates under "Amani" during the next year for want of bidders and other causes.

		Rs.
*New Works—		
Communications		9,010
Civil buildings		400
Repairs—		
Communications		1,76,360
Civil buildings		6,200
Total ..		1,91,970

59. *Tools and Plant.*—Rs. 1,920 is allotted on account of "Tools and Plant," being 1 per cent. of the proposed outlay† on works by the Local Fund engineering establishment.

† Rs. 1,91,970.

60. *Public Works Department Supervision—Other Establishment Charges.*—Rs. 2,000 is provided under "Public Works Department Supervision—Other Establishment Charges," on account of scrutiny of plans and estimates by the Government, Public Works Department.

61. The cost of Local Fund engineering establishment, travelling allowance, contingencies, and tools and plant is distributed among the district and taluk boards with reference to the outlay on works appertaining to the respective boards.

62. *Contribution to Municipalities.*—The taluk board of Periyakulam propose to provide Rs. 5,000 in their budget under "New Works" for the construction of a bridge over the Varáhanadi river at Periyakulam. As this is within the municipal limits of Periyakulam, it cannot be taken as a Local Fund work. As, however, the Local Fund Board will be benefited by the proposed work which will open free communication between the Local Fund roads—Ammayanáyakanúr to Periyakulam,

and Periyakulam to Gúdalúr, &c.—the board will be prepared to make a fair contribution towards the project. A sum of Rs. 1,000 is on this account provided for, so far as funds allow at present.

63. The total expenditure under Grant I is Rs. 3,15,060 against Rs. 3,54,070 the estimate of 1887-88.

64. *Grant II—Education—Inspection.*—A sum of Rs. 5,440 is provided for maintaining 11 inspecting schoolmasters against Rs. 5,000 for 10 inspecting schoolmasters in the current year's budget. The Deputy Inspector of Schools, Madura range, reports that there is at present one inspecting schoolmaster for the Madura and Melúr taluks, and that it is very necessary that the Melúr taluk should have a separate inspecting schoolmaster. The Inspector of Schools, 5th Division, strongly supports the proposal; and hence the provision under Pay, Travelling allowance, and Contingencies for an additional hand. The increase of pay proposed by the Deputy Inspector of Schools, Dindigul range, to the inspecting schoolmaster of Palni from Rs. 26 to Rs. 30 per month is allowed. The particulars of the cost of inspection are noted below:—

	Per annum.
	Rs.
3 Inspecting schoolmasters on Rs. 35 each	1,260
5 Do. do. on „ 30 „	1,800
1 Do. schoolmaster on „ 27	330
1 Do. do. on „ 26 .. .. Rs. 324 or	310
1 Do. do. on „ 25 .. .. „ 312 or	300
Travelling allowance	1,140
Contingencies	300
Total ..	5,440

65. *Normal School.*—Rs. 4,590 is provided on account of the maintenance of the Local Fund normal school at Madura as per particulars below, against Rs. 4,500 the estimate of 1887-88:—

	Per annum.
	Rs.
(1) Pay of head master at Rs. 50	600
(2) Pay of second master at „ 25	300
(3) Pay of third master at „ 15	180
(4) Pay of a gymnastic tutor at Rs. 7	90
(5) Pay of a peon at Rs. 5 .. .. Rs. 84 or	60
(6) Pay of sweeper at Rs. 1-8-0	20
(7) Amount of 50 scholarships at Rs. 5 each .. .. .. Rs. 18 or	3,000
(8) Contingencies (including rent of the school-house)	340
Total ..	4,590

The increase of Rs. 90 over the current year's figure is due to the raising of the pay of the head master from Rs. 45 to Rs. 50, the latter being the salary allowed to the head masters of the Local Fund normal schools at Tanjore and Palamcottah (Tinnevelly district). It has been recommended by the Inspector of Schools, 5th Division. An increase of Rs. 2 is also allowed to the present pay (Rs. 5) of the gymnastic tutor. The increase proposed to the rest of the establishment is not considered necessary.

66. *Grant-in-aid—Aided Salary Results Schools.*—Rs. 3,680 on account of salary, and Rs. 3,430 on account of results grants, making a total of Rs. 7,110, are provided for 63 schools in the district, against Rs. 3,480 and Rs. 3,430 respectively, making a total of Rs. 6,910 for 60 schools in the current year's budget. Of the 60 schools referred to therein, 9 have collapsed or are to be closed; and it is proposed to extend the aid to 12 new schools during the next year. The slight excess over the current year's estimate is due chiefly to increased provision under Salary grants for some of the schools, with reference to the proposals of the Deputy Inspectors of Schools. The schools which are aided as above are styled as aided salary results schools with

reference to instructions from the Director of Public Instruction—*vide* paragraph 80 of the current year's budget report to Government, No. 6, dated 20th January 1887.

67. *Results Grants.*—Rs. 20,000 is provided for results grants against Rs. 21,000 the estimate of 1887-88. This provision is, however, Rs. 4,348 more than the actuals of 1886-87, which amounted to Rs. 15,652; the finances of the local boards do not admit of a still larger provision under this head. If additional funds are actually found necessary in the course of the year, allotments may be made from the "Reserve." Rs. 300 is provided on account of grants for building purposes.

68. *Contribution to Provincial Services.*—With reference to the figures furnished by the Deputy Inspectors of Schools, Rs. 4,590 is provided towards the cost of four Deputy Inspectors of Schools in the district as per G.O., No. 1611 L.F., dated 29th November 1886.

69. *Miscellaneous.*—For the reasons explained in paragraph 36 *supra*, an increased allotment of Rs. 1,600 on account of purchase of books is provided against Rs. 1,500 in the budget. Rs. 210 is entered under "Commission on sale of books" calculated at 15 per cent. of the estimated sale-proceeds.

70. The total expenditure under Grant II is thus estimated at Rs. 43,840 against Rs. 43,640 the estimate of 1887-88.

71. *Grant III—Medical Services, &c.—Hospitals and Dispensaries.*—The Taluk Boards of Melúr and Tirumangalam have proposed the establishment of new minor dispensaries at Nattam and Sáptúr respectively. These two places are notoriously feverish; and the necessity for the opening of the dispensaries was represented to Government in para. 14 of the report, No. 1, dated 3rd January 1886, submitting the budget for 1886-87; but the proposal was then negatived by Government chiefly from want of funds. The Taluk Board, Tirumangalam, have resolved to recover a moiety of the cost of the proposed institution at Sáptúr from the Sáptúr estate now under the management of the Court of Wards. As the institution will be of great advantage to the Zemindar and his tenants and servants, it is but reasonable that the contribution provided should be recovered from the estate, just as is done in regard to dispensaries at Gandamanáyakanúr, Ramnad, Pámban, and Rámesvaram. Further, the Taluk Board of Madura have made necessary provision for the maintenance of a minor dispensary at Sholavandán. This is an important village in the taluk, presided over by a union panchayat, and there is also a Local Fund chattram here. The pauper travellers fed in the choultry and the residents of Sholavandán and the surrounding villages feel the want of an institution for medical aid at that place. The cost of the dispensary is therefore proposed to be met from general funds and endowment funds of the local chattram in equal proportion. In this connection the President of the Taluk Board observes that the appropriation of chattram funds for the purpose of a dispensary is not without precedent, inasmuch as in the Tanjore district a dispensary is attached to every important chattram, the cost of its upkeep being wholly defrayed from chattram funds.

72. With reference to district board's proceedings, No. 130 of 1887, copy of which has been submitted for the approval of Government (through the Surgeon-General) with this office letter, No. 163, dated 22nd November 1887, provision is made in the next year's budget for the pay and allowance of midwives as shown below:—

	Pay.	Fees.	Total.
	Rs.	Rs.	Rs.
For midwives attached to dispensaries at places the population of which is 5,000 and above	8	4	12
For midwives attached to dispensaries at places the population of which is below 5,000	8	2	10

It is not likely that the midwives will earn a larger amount than what is now provided for. The District Medical and Sanitary officer considers that no midwife is necessary for Usilampatti, and he proposes one for Tirumangalam and another for Bodináyakanúr. Provision is accordingly made. Further, the civil apothecaries of Tirushuli and Uthamapalayam dispensaries, whose present gross salary is Rs. 75 per month, will be entitled to draw Rs. 125 per month during the next year, consequent on the completion of their seven years' service under the rules of the Medical Code. Under the existing rules of

the district board, the Local Fund hospital assistants at Vedasandur, Thangachiyammapatti, Bodináyakanúr, Vallanadi, and Kílakarai, who are now paid Rs. 15 per month, will also draw increased pay at Rs. 20, owing to completion of their three years' service. Hence increased provision is made under "Medical Subordinates" towards the Local Fund share of their pay. The Taluk Board of Palni have sanctioned the proposal of the District Medical and Sanitary officer to appoint a permanent peon on Rs. 7 per mensem for the dispensary at Kodaikánal in lieu of the present permanent sweeper on Rs. 3, and of the temporary peon on Rs. 8 now employed for six months in the year, as the services of a peon are considered necessary throughout the year. There does not seem to be good reason for the increase of pay proposed to the ward coolies, &c., of certain dispensaries. The particulars of charges against several items under "Hospitals and Dispensaries" are given below. The variations under each head, as compared with the current year's estimate, are due to the facts explained above.

73. *Medical Subordinates.*—Rs. 10,960 is provided against Rs. 9,680 in the current year's budget.

	RS.
* Clerks and servants	4,490
Midwives	1,800
As entered in the budget for 1887-88 under clerks and servants ..	6,290

74. *Clerks and Servants.*—Rs. 4,420 against Rs. 4,490 * in the current year's budget.

75. *Diet of Patients.*—Rs. 1,830 against Rs. 1,730 in the current year's budget.

76. *Midwives.*—Rs. 2,730 against Rs. 1,800 in the current year's budget.

77. *Midwifery Pupils.*—Rs. 120 on account of pay and Rs. 10 on account of contingencies are provided for two midwifery pupils as in the current year.

78. *Pupil-Compounders.*—Rs. 120 for two pupil-compounders as in the current year's budget.

79. *Supplies.*—Rs. 1,410 against Rs. 1,910 in the current year's budget.

80. *Rents.*—Rs. 680 against Rs. 570 in the current year's budget.

81. *Contingencies.*—Rs. 1,630 against Rs. 710, the increase being chiefly due to the transfer of a portion of the allotment under "Supplies" to this head.

82. *Travelling Allowance to Medical Subordinates.*—Rs. 120 is provided to meet the charges on account of travelling allowance to medical subordinates transferred from one dispensary to another in the district.

83. *District Medical and Sanitary Officer's Establishment.*—The establishment consists of 1st clerk on Rs. 25, 2nd clerk on Rs. 12, and two peons on Rs. 7 each. Of the 1st clerk's pay, Rs. 15 is met from Local Funds, and the remainder Rs. 10 from the funds of the Madura Municipality; and of the 2nd clerk's pay, Rs. 8 is paid from Local Funds, and Rs. 4 by the said municipality. The District Medical and Sanitary officer reports that the present arrangement is found to be inconvenient, as the pay of each clerk has to be drawn from two different sources on separate bills. To avoid this, he proposes that the 1st clerk's pay be wholly met from Local Funds, and that of the 2nd clerk wholly from municipal funds, suggesting at the same time that the pay of the latter be increased from Rs. 12 to Rs. 15. There is no objection to adopt this proposal, but the increase of pay proposed will be disallowed. Under this arrangement the Madura Municipal Council will be required to disburse themselves the 2nd clerk's pay of Rs. 12 out of Rs. 14 now paid by them, and to remit the remainder Rs. 2 to this office, which will be taken credit to Local Funds, and the whole pay (Rs. 25) of the 1st clerk will be disbursed from that source. Provision is accordingly made in the budget on account of the pay of the 1st clerk alone at Rs. 25 per mensem. The sums allotted for establishment, contingencies, &c., are noted below:—

	RS.
Establishment	470
Travelling allowance	100
Contingencies	300
Total ..	870

84. *Cholera Charges.*—Rs. 400 is allotted.

85. *Medical Pupils.*—Rs. 1,250 is provided as per particulars below against Rs. 1,510 in the current year's budget:—

	RS.
Stipends of students studying at the Prince of Wales' Medical School at Tanjore	370
Stipends of passed students training in hospitals	720
Subsistence allowance to passed hospital assistants at Rs. 10 per mensem for six months (*vide* G.O., dated 18th August 1886, No. 997 L.F.)	60
Travelling allowance to students, &c., for attending annual examinations	100
Total ..	1,250

86. The total charges under "Hospitals and Dispensaries" are Rs. 26,550 against Rs. 23,320 in the current year's budget.

87. *Vaccination.*—Rs. 10,000 is provided with reference to the current year's revised estimate as per particulars below:—

	RS.
1 Deputy Inspector on Rs. 70	840
1 Do. do. „ 60	720
1 Do. do. „ 40	480
14 First-class vaccinators at Rs. 18 each	3,024
21 Second-class vaccinators at Rs. 10 each	2,520
6 Probationers at Rs 5 each	360
3 Peons at Rs. 6 each	216
Travelling allowance	1,020
Contingencies, &c.	820
Total ..	10,000

88. *Sanitation.*—The allotment provided for under this head is Rs. 27,950 including the provision for sanitary inspectors, against Rs. 29,940 the estimate of 1887-88 and Rs. 17,268 the actuals of 1886-87. This provision will amply meet the requirements of the budget year. The hospital assistants now employed as sanitary inspectors at Periyakulam and Palni will be posted during the next year to the charge of the proposed dispensaries. No provision is therefore necessary on their account in the next year's budget. Besides, the limited finance of the two taluk boards do not admit of this charge.

89. *Markets.*—Rs. 1,400 on account of establishment, and Rs. 230 on account of contingencies, are provided for to meet the cost of maintaining such of the markets as may not be leased out during the year.

90. *Choultries.*—The provision for choultries, water-sheds, and urani inams is as follows:—

	1888-89. RS.	1887-88. RS.
Establishment	4,320	4,570
Feeding charges	4,740	6,050
Contingencies	2,610	2,570

The current year's estimate includes the contribution to the Madura Municipality out of the funds of the Sholavandán chattram on account of feeding, &c., charges to Kunnathúr choultry, while the same is excluded from the next year's estimate and shown separately under "Contributions to Municipalities," with reference to G.O., dated 2nd December 1886, No. 1630 L.F. Rs. 2,610 entered under "Contingencies" includes Rs. 250 allotted from the funds of the Sholavandán chattram towards the upkeep of the proposed dispensary at that place. The Local Fund chattram at Periyakulam is proposed to be made over to the local municipal council (*vide* this office letter to Government, No. 164, dated 22nd November 1887), and the chattram buildings at Shembaganur have been sold as observed in paragraph 53 *supra*. Hence provision is made for only 20 choultries, against 22 in the current year.

91. *Public Bungalows.*—Rs. 600 is provided for maintaining the existing Local Fund bungalows at Ammayanáyakanúr and Paramakudi and the rest-house now in course of construction at the foot of Kodaikánal hills.

92. *Contribution to Provincial Services.*—Rs. 2,060 is provided on account of contribution towards the cost of sanitary inspection calculated at ½ per cent. of the receipts as per revised estimate of the current year, excluding Provincial contributions noted in the margin. Rs. 60 is allotted for Cutler's establishment, and Rs. 600 on account of maintenance charges of lunatics. The contribution towards "Medicines and Surgical instruments" amounts to Rs. 5,190 against Rs. 4,670 in the current year's budget, the increase being due to the provision made for the proposed dispensaries, and to an additional allotment of Rs. 100 being found necessary for the hospital at Ramnad. No contribution is provided towards the upkeep of the Madras Medical College for the reasons stated in the current year's budget report (paragraph 100).

	RS.
Public Works (Vaigai bridge work) ..	60,000
Choultries	7,775
Medical purposes	200
Total ..	67,975

93. *Contribution to Municipalities.*—The undermentioned items provided for in the current year's budget are repeated for the next year :—

			RS.
(1)	To the Madura Municipality	for making sanitary arrangements at the Chitrai festival	200
(2)	Do.	do. for diet charges of patients	1,300
(3)	Do.	Mission dispensary at Mandapasalai towards medicines ..	90
(4)	Do.	do. at Pasumalai towards medicines ..	90
(5)	Do.	do. at Rajasingamangalam towards medicines and pay of midwife ..	200
(6)	Do.	do. at Dindigul	1,850
(7)	Do.	Periyakulam Municipality towards the upkeep of the dispensary at Periyakulam	1,000
(8)	Do.	Palni Municipality towards the upkeep of the dispensary at that place	1,000

Rs. 1,500 is provided against Rs. 1,862 in the current year towards the contribution to the Madura Municipality on account of feeding, &c., charges to be incurred in the Kunnathúr chattram at Madura out of the funds of the Sholavandán chattram. This contribution was hitherto paid at Rs. 4½ per diem for feeding and at Rs. 13½ per month for establishment charges. Owing to the present increased demand on the funds of the Sholavandán chattram in connection with the upkeep of the dispensary proposed to be established at that place, the taluk board have resolved to curtail the allotment for feeding charges by one rupee per diem. Hence the decrease in the contribution allotted for the next year.

94. *Miscellaneous Endowed Institutions.*—Rs. 70 only is provided by the Taluk Board of Ramnad towards the cost of temporary establishment entertained every year for the supervision of harvesting operations of the lands attached to the Tiruvadanai dispensary and the poruppu payable to Government, with reference to the present limited finance of the institution. Additional funds, if necessary, will be allotted in the course of the year.

95. The total charges under Grant III is Rs. 93,610 against Rs. 92,950 the estimate of 1887-88.

96. *Grant IV—Miscellaneous—Controlling Establishment at the Presidency.*—The current year's budget figure of Rs. 3,730 is repeated for the next year.

97. *Establishment in the Collector's Office.*—Rs. 1,780 is provided against Rs. 1,570 in the current year's budget, the increase being due to inclusion in the former of the provision for pensionary contribution at Rs. 2-8-0 per month of assistant audit clerk entertained under G.O., dated 28th February 1887, No. 397 L., and for an additional accountant on Rs. 15, sanctioned in G.O., dated 14th November 1887, Mis. No. 2156 L. A further sum of Rs. 200 is allotted on account of contingencies.

98. *Local Board's Office Establishment.*—Rs. 3,400 is provided on account of the district board's office establishment against Rs. 3,170 in the current year's budget. The increase is due to the provision made for a record-keeper on Rs. 20 a month for the district board's office. Since the advent of the new local boards and union panchayats, the correspondence and the office work generally have considerably increased; and as a necessary consequence, the bulk of records has been daily increasing. With the present establishment, no efficient arrangement can be made for good record-keeping without detriment to other multifarious work of the office. The necessity for an additional competent hand to maintain the records on a sound footing, which is one of the first necessaries of an office for the expeditious despatch of business, has been well pointed out by the Vice-President. The board therefore approve of the entertainment of the additional hand on Rs. 20 per mensem which is the lowest remuneration possible to secure an efficient hand. Rs. 6,460 is provided on account of office establishment of the taluk boards and union panchayats against Rs. 6,140 the estimate of 1887-88. The increase is mainly due to the provision made on account of office establishment of the Taluk Boards of Madura and Melúr, newly formed during the current year. The Union Panchayat of Sholavandán propose to dispense with the services of the bill-collector and to have a curnam alone. His pay will be Rs. 7 per mensem, with reference to the scale laid down in G.O., No. 1091 L.F., dated 6th September 1886. Some of the other union panchayats have similarly revised their establishments with reference to the amount of work to be done in the unions concerned.

99. *Contingencies.*—A sum of Rs. 8,070 is provided under this head with reference to the requirements of the taluk boards and union panchayats and of the district board, and it is distributed as follows :—

	Taluk fund.	District fund.
	RS.	RS.
Stationery	970	500
Postal charges	830	470
Printing charges	1,500	1,000
Travelling allowance to office establishment	400	300
Do. do. to non-official members	600	300
Law charges	..	300
Miscellaneous	500	400
Total ..	4,800	3,270

100. *Pensions.*—Rs. 300 is allotted with reference to the actuals of 1886-87.

101. The total charges under Grant IV is Rs. 23,940 against Rs. 22,020 the estimate of 1887-88.

102. *Reserve.*—The reserve provided for is Rs. 25,170 under taluk funds and Rs. 13,830 under the district fund, making a total of Rs. 39,000, which is 10 per cent. of the estimated receipts excluding those of endowed institutions.

103. The grand total expenditure under all the heads aggregate Rs. 5,15,450 against Rs. 5,46,590 the estimate of 1887-88.

104. The budget year is thus expected to close with a balance of Rs. 80,990 or 19 per cent. of the estimated receipts, which is distributed as follows :—

		RS.
House-tax		7,530
Endowment		63,155
Net balance available for general purposes—		
Taluk fund	9,455	
District fund	850	
		10,305
Total ..		80,990

The balance available for general purposes under district and taluk funds is 2·6 per cent. of the estimated receipts excluding those of endowed institutions.

105. The budget has been duly passed by the District Board, Madura, in their Proceedings, No. 143, dated 2nd instant, copy of which is enclosed.

From Surgeon-Major J. A. LAING, Officiating Sanitary Commissioner for Madras, to the Chief Secretary to Government, dated Madras, 11th January 1888, No. 230.

I have the honor to report, for the information of Government, that Rs. 27,410 have been set apart for the sanitary requirements of the district of Madura for the year 1888-89. This, though less than the grant for the current year by Rs. 1,420 and taking into consideration the crippled finances of the Taluk Boards, may be accepted for the purposes intended. The President reports that the provision will amply meet all requirements.

2. The allotment will be distributed as follows:—

	Rs.
Improvement of water-supply	3,190
Do. of village sites	2,510
Conservancy	18,950
Fairs and festivals	710
Other sanitary outlay	2,050
Total	27,410

3. No information has been given in the statements furnished to me under Grant I (*a*) "New Works" and (*b*) "Repairs," and I am unable to determine if any, and what, provision has been made for works of a sanitary nature under these heads.

4. The vaccination grant amounts to Rs. 10,000, against Rs. 11,000 for the current year. The establishment employed will be the same, but travelling and contingencies have been curtailed, the former from Rs. 1,930 to Rs. 1,020, and the latter from Rs. 910 to Rs. 820. Hence the decrease of Rs. 1,000.

From G. BIDIE, Esq., M.B., C.I.E., Surgeon-General with the Government of Madras, to the Chief Secretary to Government, dated Fort St. George, 21st January 1888, No. 62.

I have the honor to state that the allotment made in Grant III of the budget estimate of the District Board of the Madura district for the year 1888-89 for the maintenance of the dispensaries, including the three minor institutions proposed to be opened at the marginally-noted places, is adequate and calls for no remarks, the President, District Board, having explained the variations between the current year's grant and the estimate.

Sholavandán. | Natham. | Sáptúr.

2. The question of remuneration of midwives in the employment of the Madura District Board referred to in paragraph 72 of the President's letter to Government, No. 171, dated 13th December 1887, has been disposed of in my letter, No. 40, of the 19th instant.

In columns 11 to 13 of Statements I-A and I-B showing the actuals of 1886-87, the Accountant-General's audited figures should have been adopted. Further, the total of the charges for that year is not given, nor is the balance correctly shown. The necessary corrections have now been made in the foregoing abstract.

Revised Estimate for 1887-88.

2. The current receipts of the year are estimated at Rs. 4,80,650 against Rs. 4,63,910 in the sanctioned budget, and the charges at Rs. 5,45,080 against Rs. 5,46,590. The variations here as well as in the budget estimate for the ensuing year are fully explained in the President's letter. The large excess in the opening balance over what was expected in the budget is mainly due to short expenditure under New Works (Grant I) in 1886-87. The contribution of Rs. 570 expected from Municipalities towards the cost of Deputy Inspectors of Schools, and the Rs. 4,600 provided by the District Board for payment to Provincial funds on this account, will be struck out, as Local bodies have now been relieved of this charge. The closing balance will then be Rs. 1,75,160.*

Budget Estimate for 1888-89.

3. *Receipts.*—The current receipts of the year are estimated at Rs. 4,25,310, against Rs. 4,63,910 anticipated in the budget for 1887-88. The proposal to levy house-tax in the Kilmangalam and Chinnamanúr Unions is sanctioned. As in the revised estimate, the contribution of Rs. 570 expected from Municipalities on account of Deputy Inspectors of Schools will be struck out.

4. *Charges*—(1) *Grant I.*—Rs. 70,000 are allotted for the Vaigai bridge. The provision of Rs. 1,000 for contribution to the Periyakulam Municipality towards the construction of a bridge over the Varáhanadi river in that town will be struck out, as the work is not provided for in the Municipal budget.

(2) *Grant II.*—The entertainment of an additional inspecting schoolmaster on Rs. 25, and the proposed increases to the salaries of the inspecting schoolmaster, Palni range, and the head master and gymnastic instructor of the normal school, are sanctioned. The provision of Rs. 4,590 for contribution to Provincial Funds on account of Deputy Inspectors of Schools will be struck out, and the allotment for result grants will be raised by Rs. 2,000. The remarks of the Director of Public Instruction on this portion of the budget are awaited.

(3) *Grant III.*—The proposals (1) to open new dispensaries at Nattam, Sáptúr and Sholavandán, (2) to dispense with the services of the midwife in the Usilampatti dispensary, (3) to entertain a midwife on Rs. 12 in each of the dispensaries at Tirumangalam and Bodináyakanúr, and (4) to employ a peon on Rs. 7 in lieu of a sweeper on Rs. 3 in the dispensary at Kodaikánal, are sanctioned. The proposal to appropriate choultry funds towards the Sholavandán dispensary should form the subject of a separate communication. The omission of the Themir and Thathampatti markets in Statement VII should be explained, and the authority under which the water-shed at Vallamadam was taken over by the Madura Taluk Board should be stated.

(4) *Grant IV.*—The entertainment of a recordkeeper on Rs. 20 for the District Board's office is sanctioned. The contribution for controlling establishments at the Presidency will be raised to Rs. 5,100—the amount actually paid in 1886-87.
