Letter from the Suptg. Engineer, Circle
No. 718 dated 19 May 1888

With reference to G.O. No 1125W
dated 14 April 1888, I have the honor
to report that it is feasible to
convert a portion of the Port office
into quarters for the Assistant
Port Officer, at a cost of Rupees
10,000 approximately.

2. It is proposed to have the
quarters on the third floor at the
South East Corner removing the
existing signalling house to the
middle just behind the Marine
clock. The quarters would have
their entrance on the south with
stairs leading direct to them. The
Cook house and stores would be
on the West on the second and
third floors with a servants shop

Some of the rooms on the East of the Signaller's quarters might be converted into stables and coach house on the Signaller's quarters might be converted into stabling and Coach house and the Signaller could be provided with quarters close by at a small cost.

There is no suitable site available in Black Town for building separate quarters for the Assistant Post officer. The Harbour Trust might perhaps be able to provide one if necessary.

Order thereon No. 1592 Wd/31st May 1888

Communicated to the Marine Department, with reference to G.O. in that Department No. 112 dated 31st March 1888, and for orders whether deftly estimated

Sir

In reply to Reference on No. 463
of 1888, (herewith returned), dated 15th
June 1888, I have the honor to state
that more suitable accommodation for
the Assistant Port Officer could probably
be found on the ground belonging to
the Harbour Trust Board, and that, as
this Board will shortly be placed in
charge of the Conservancy of the Port,
I submit that they should be desired
to provide the Deputy Conservator with
a suitable residence on ground within
Harbour limits.

2. Owing to the godowns which
have

have been lately erected on the shore,
in the vicinity of the inner end of the Pier,
the view of the Harbour from the Office
of the Port Officer and Assistant Port
Officer, is considerably obstructed, and,
as I think these Officers should have
a clear view of the Harbour, and the
ships therein, I submit that Office
accommodation should be provided
for them, on the top of the present
building. This would admit of the
Agent for Government Consignments
being provided with an Office on the
second floor, and of the ground floor
being utilized for the storage of Marine
Stores. I have made the Superintending
Engineer, Vth Circle, acquainted with the
above proposal.

Sir,

In compliance with the directions contained in Reference on No 557 of 4th July 1888, I have the honor to refer you to the Resolution of the Harbour Board, passed at a meeting held on the 17th July 1888, with respect to the temporary accommodation to be provided for the Deputy Conservator. The quarters in the Port Office which the Harbour Board have placed at the disposal of the Deputy Conservator are not suitable as a permanent residence, and as the Harbour Board have decided that

that the Deputy Conservator shall
reside in the near vicinity of the
Harbour and will no doubt provide
him with a suitable residence in
time, I beg that the proposal con-
tained in para 2 of my letter No.
G/287, dated 23rd June 1888 may be
considered.
