GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Account.

READ—the following paper :—

From the Director-General of Stores, to the Secretary to the Government of Madras,
Public Works Department, dated India Office, Whitehall, S.W., 9th August
1888, No. S 4107.

With reference to your letter of the 27th February 1888, No. 670 W., forwarding an indent for stores required for the Periyár project, I have the honor to inform you that Messrs. Schram and Company's contract for the tunnelling plant includes a friction clutch for throwing the air compressors out of work. The clutch is to be capable of transmitting 50-horse power.

2. In view of the difficulty of testing a clutch of this description up to the work it is specified to do, it has been thought advisable to obtain from the contractors a guarantee that the clutch will be capable of doing the work specified.

3. A copy of the guarantee is enclosed, and it will be observed that, in the event of failure, which is not considered at all probable, the contractors will accept the certificate of the persons working the clutch, stating that the clutch has failed.

ENCLOSURE.

From Messrs. RICHARD SCHRAM & Co., to Sir ALEXANDER M. RENDEL, S. Great
George Street, S.W., dated 17-A, Great George Street, London, S.W., 28th July 1888,
No. S 10643/88.

Contract No. 26/58.

We hereby guarantee the centrifugal friction pulley, supplied to above contract, to be capable of doing the work for which it has been made and supplied; that is, of transmitting 50 (fifty) horse power, when running at 500 revolutions a minute, and in case of its failure, we will accept the statement of the persons in charge of it that it was not transmitting more than this power.

ORDER—dated 1st September 1888, No. 2723 W., Public Works.

Communicated to the Superintending Engineer, Periyár project, with reference to G.O. No. 669 W., dated 27th February 1888.

(True Extract.)

Captain, R.E.,
Under-Secy. to Govt., P.W.D.

7 August, 1888.

Sir,

With reference to your letter of the 27th
February 1888, No. 670 W., forwarding an indent for
stores required for the Seriyas project, I have the
honour to inform you that Messrs. Schram and
Co's. contract for the tunnelling plant includes
a friction clutch for throwing the air compressor
out of work. The clutch is to be capable of
transmitting 50 H.P.

In view of the difficulty of testing
a clutch of this description up to the work it
is specified to do, it has been thought advisable
to obtain from the contractors a guarantee
that the clutch will be capable of doing the
work specified.

A copy of the guarantee is enclosed,
and it will be observed that, in the event of
failure, which is not considered at all probable,

the
