No. 2043.

From

SUPERINTENDING ENGINEER, V CIRCLE,

To

THE Chief Engineer
 for Irrigation.

SIR,

Enclosures. 1

1. Statement

With reference to your memo N^o 24 N.A. of the 9th July 1888, I have the honor to forward a proposition statement for two extra clerks required for a period of two months for North Arcot Division to verify the state-

ments of Expenditure on Agricultural groups. The verification has to be made from Progress Reports dating from 1864. In these old Progress Reports the works of a group or system are not arranged in one series but are entered in different places. Much time therefore will be required for looking throughout the progress reports steadily and for this reason the Executive Engineer states that none of the clerks on his permanent

permanent establishment can be spared
for this special work without serious
inconvenience and hinderance to the
current work of his office.

Under this explanation I recom-
mend that the extra clerks may be sanc-
tioned.

I have the honor to be
Sir,

Your most obedient servant

Herbert A. Smith
