ORDER—dated 2nd July 1888, No. 1968 W., Public Works.

With the papers above recorded, Superintending Engineers and the Consulting Architect to Government submit statements of demands under Provincial for incomplete works of 1887-88 and for minor new works, repairs, and tools and plant for 1888-89.

2. The provision in the budget under "Reserve" was Rs. 2,27,213, and it has been since reduced to Rs. 2,20,957 with reference to modifications of grants subsequently sanctioned. Adding to this Rs. 2,665, the total of the amounts resumed from the grants already provided for items 15, 47 and 50 of statement B printed with these Proceedings, the sum available for distribution is Rs. 2,23,622.

3. The demands under original works amount to—

	RS.
Incomplete major works	1,87,571
Do. minor works	6,020
Do. Registration works	11,343
Do. Police works	10,298
Lump sum for minor works	53,094

	Total	2,68,326
New major works	58,226	
Do. minor works	16,688	
Do. Registration works	28,707	
Do. Police works	30,733	

Total demands ... 4,02,680

4. The allotments sanctioned under original works are detailed in statements A and B, and they amount to—

	RS.
Incomplete major works	93,352
Do. minor works	4,735
Do. Registration works	11,027
Do. Police works	10,298
Lump sum for minor works	53,094

	Total	1,72,506
New major works	31,898	
Do. minor works	5,402	
Do. Registration works	2,360	
Do. Police works	...	

Total allotments ... 2,12,166

5. The demands under incomplete major works include additions to allotments already provided in the budget, but these demands have not been complied with, with the exception of items 49, 67 and 69, as it is now too soon to consider the question of supplementing budget grants. Funds have been provided for all other incomplete works brought forward by Superintending Engineers and the Consulting Architect to Government. The sum of Rs. 1,378 required for completing the cart stands on the road from Kullar to Ootacamund has not been provided as the Government decline to allow any more money to be spent on the work.

6. In the case of new works, grants have been provided only for those the urgency of which has already been brought to the notice of Government, and for which provision of funds was promised to be considered when disposing of the demands on account of incomplete works.

7. The marginally noted works should have been included in the Superintending Engineers' budget-estimates for 1888-89. Funds have now been allotted to them with much inconvenience, as the small reserve with the Government is intended chiefly for such incomplete works as were expected to be completed before 31st March 1888, but were delayed owing to unforeseen causes.

8. The Superintending Engineer, V Circle, applies for a sum of Rs. 10,694 for expenditure during the current official year on "widening the Elephant Gate Bridge, Madras." With reference to G.O., No. 1090 M. (Local and Municipal), dated 22nd October 1887, the Financial Department will be requested to place the amount at the disposal of this department.

9. The demands under "Repairs" and "Tools and Plant" and the allotments sanctioned against them are shown in statement A. The demands under Communications and Miscellaneous Public Improvements being in excess of the budget provision under those heads, a sum of Rs. 8,570 has been transferred from the budget provision under "Civil Buildings," viz., Rs. 6,370 to "Communications" and Rs. 2,200 to "Miscellaneous Public Improvements," and the demands under Tools and Plant have been reduced to bring the total sum within the budget provision, Rs. 43,742.

10. A sum of Rs. 5,200 is appropriated from the "Reserve" to meet the increased provision under Tools and Plant, London supplies, with reference to the indents alluded to in G.Os., Nos. 1467 W., dated 18th May 1888, and 1965 W., dated 2nd July 1888.

Enclosures.

In G.O. No. 1268 W. dated 1st May
1888, an estimate of Rs 3450 was sanctioned
for raising the walls and renewing the roof
of the stables and tiffin room of the P.W.D.
shops, and an allotment of Rs 3450 has been
granted for the work to the Presidency

to execute the work; the Executive Engineer
Presidency Division has no objection to
this and I think that it will be of a
advantage to entrust the execution of the
work to the officer in occupation of the
building.

I have the honor to request that
the grant for the work may be transferred
from

from the Presidency Division to the
P. W. Workshop Division.

I have the honor to be
