GOVERNMENT OF MADRAS.
REVENUE DEPARTMENT.

READ—the following Proceedings of the Board of Revenue (Land Revenue), dated
9th May 1888, Mis. No. 2924 :—

THE HON. W. S. WHITESIDE.

Read—the following letter from L. R. BURROWS, Esq., Collector of Nilgiris, to the
Secretary to the Commissioners of Land Revenue, dated Ootacamund, 2nd
May 1888, No. 211 :—

In connection with the improvement of the water-supply from Marlimund lake to
the Ootacamund town a part of Settlement No. 204-C belonging to Mrs. Isabella
Robinson has been occupied by the new line of $2\frac{1}{2}$ " piping. Mrs. Robinson has con-
sented to give up this land on the condition that she is granted in exchange a piece of
land 0.14 acres in extent bearing Settlement No. 205-C, which is occupied by the
existing supply channel and cast-iron piping. She has also agreed to allow a right of
way for inspection purposes over the land occupied by the $2\frac{1}{2}$ " piping and an $8\frac{1}{2}$ " drain
which runs alongside the existing water channel (205-C).

2. I have the honor to request the sanction of the Board and Government to the
grant of the above land to Mrs. Robinson on an annual assessment of Rs. 2 an acre as
it is not required for any public purpose and is surrounded by Mrs. Robinson's
property.

3. A tracing (to be returned) is enclosed to illustrate the case—

- (1) The piece of land colored yellow is what is recommended for grant.
- (2) The piece of land shown in red is occupied by the $2\frac{1}{2}$ " piping and belongs
to Mrs. Robinson.

Resolution—dated 9th May 1888, Mis. No. 2924.

Submitted for the orders of Government.

2. The Board support the Collector's recommendation.

READ—Official memorandum to the Collector of Nilgiris, dated 4th June 1888, No. 55.

ABSTRACT — Requesting to state whether the land proposed to be granted to Mrs. Robinson,
in exchange for that given up by her, is correctly indicated on the plan.

READ—the following letter from L. R. BURROWS, Esq., Collector of Nilgiris, to the Secretary to Government, Revenue Department, dated Ootacamund, 6th July 1888, No. 39 :—

In returning the plan received with your official memorandum No. 55, dated 4th June, I have the honor to state that it correctly shows the exchange of lands proposed in my letter, No. 211, dated 2nd May 1888 ; perhaps it may be more properly called the exchange of rights or the creation of easements.

2. The nature of the exchange is as follows. The yellow-colored strip shown on the plan is the present open supply channel with a little reserve margin on either side bearing Settlement No. 205-C, measuring 0.14 of an acre. It is proposed to carry water along this portion through $8\frac{1}{2}$ " iron pipes laid in the ground and covered over, the surface rights being given Mrs. Robinson subject to a right of way over it for inspection purposes, in return for the right of laying in pipes of $2\frac{1}{2}$ " through her land along the strip colored red on the sketch with a right of way over it for inspection. The length of the latter strip is 225 feet with a width of three feet which gives an area of .0155 of an acre.

3. The above lands are near St. Stephen's Church, and lands in this locality may be estimated to be worth Rs. 1,000 per acre.

ORDER—dated 6th August 1888, No. 537, Revenue.

Land Revenue, No. 54.

The Collector's proposals supported by the Board of Revenue are approved, on the understanding that besides the

right of way *over* the pieces of land in question, the right to open them up for inspection of the pipes in case of necessity is reserved to Government.
