Read the following Endorsement in

the D. W. D. dated 4th July 1888
No 377. D on letter from the Superin-
tending Engineer, IVth Circle, dated
29th June 1888, No 264
E.W.

It appears from the
Executive Engineer's letter No 429,
dated 28th June 1888, that the
building occupied by the Govern-
ment girls' school, Krishnagiri,
is entered on the Register of buildings
maintained under para. 975 of the
D. W. D. Code. This being so, it is not clear
why the Executive Engineer should
think

P.W.C. No 6963

think it necessary to enquire into the evidence of the title of Government to the building, nor what necessity there is for a reference to the Sub. collector. The P. W. Code does not seem to require this Course, and it should be stated why the certificate necessary under para. 982 cannot be at once issued.

Proceedings of the Madras Government

Educational Department.

No 366 dated 11th September 1876.

Girls' School.

No 10. Read letter from Col. R. M. MacDonald, Director of Public Instruction, to the Honorable W. Huddlestone, Chief Secretary to Government, Fort Saint George, dated Madras 31st August 1876 No 2640.

The Acting Inspector of Schools, 4th Division has submitted a report from the Deputy Inspector Coosor Circle, from which it appears that a native gentleman of Krishnagiri, named Pungavara Chettyar, has built at a cost of about Rs 500, a school house for the Government Girls' school at that station on a piece of Government land pointed out by the Sub collector for the purpose.

The

The building was formally made
over on the 22^d August in the
presence of the sub collector and
other officials.

2 I trust that Government
will see fit to express their ap-
-proval of Poongavana Chettiar's
liberality.

Sir,

With reference to G.O. No. 2177 W
dated 18th July 1888 communicated with
your endorsement No. 475 of 24th idem
in regard to why a certificate required by
para 982 of the P.W. Code was not issued
in case of the Government Girls' school
at Kistnageri in support of payment
of Municipal assessment also the rea-
son why the Sub Collector was requested
to enquire into the evidence of title of
Government to the building, I have
the honor to state that no certificate was
called for in your endorsement No. 321
of 26th May/88 in support of assessment
charged and hence it was not submitted.

for —; and remarking
that no certificate
appears to have been
called for.

20TH APRIL 1887, No. 357 M., LOCAL AND MUNICIPAL.

GOVERNMENT OF MADRAS.

LOCAL AND MUNICIPAL DEPARTMENT.

READ—the following papers:—

From V. MUTHUSAWMI IYER, Officiating Chairman, Municipal Council,
Trichinopoly, to the Chief Secretary to Government (through the Collector)
dated Trichinopoly, — March 1887, No. 34.

In accordance with the instructions contained in para. 3 of G.O., No. 862 M.
Financial, dated 26th August 1886, the annual value of Government buildings
situated outside the cantonment was fixed, under section 65 of Act IV of 1884,
with reference to the annual rental at which they might reasonably be expected to let.
The bills of assessment for the above buildings, prepared on the valuation thus fixed,
were forwarded to the Executive Engineer, Mr. Martin, for his certificate. They have
all been returned by that officer, reducing the amount of assessment by about a half.
In reply to a communication asking him for an explanation of the cause of the
reductions he made, he states that the annual value fixed by the Chairman was
excessive, and that his own valuation was "fair and reasonable."

2. As the certificate of the Executive Engineer appears to be necessary prior to
the collection of the tax in question (*vide* G.O., No. 780 W., of 23rd March 1886,) and
as there is no use of making a reference to the Superintending Engineer on the subject,
Mr. Martin himself being now in charge of the Superintending Engineer's office, the
council resolved, on 28th February 1887 (extract attached), to address Government.
I have therefore the honor to request the favor of your obtaining the orders of Gov-
ernment as to the procedure to be adopted in this as well as in similar cases, whenever
a difference arises between the rate of assessment fixed by the Chairman and that
fixed by the Executive Engineer.

3. I may add that the valuation of the above buildings was fixed by a sub-
committee appointed by the council for the purpose of revising the valuation of all
the buildings in the municipality.

From the Councillor in charge of the Municipal Office, Municipal Council,
Trichinopoly, dated 16th March 1887, No. 36.

ORDER—dated 20th April 1887, No. 357 M., Local and Municipal.

If the assessment fixed by the Chairman is considered excessive, the Executive
Engineer should take the necessary legal means under section 97 of the District
Municipalities Act to have it reduced, and in doing this the provisions of section 99
(ii) should be borne in mind. The assessment fixed by the council on appeal must be
regarded as final, and all that the Engineer has to do in such cases is to certify that
all legal means have been taken to have the excessive assessment reduced. If the
assessments on Government buildings generally, as fixed by the council after appeal,
are considered grossly unfair, Government can be addressed with a view to action

being taken under Act XI of 1881. But it must be clearly understood that the Executive Engineer has no power to reduce, on his own authority, an assessment fixed by a chairman or municipal council.

2. The attention of all Executive Engineers will be drawn in the Public Works Department to these rules.

(True Extract.)
