

To W.

N^o 2196 of 5-98

From,

THE EXECUTIVE ENGINEER,

To,

on Special Duty
Bangalore
The Chief Engineer PWD

There appears no objection to the Executive Engineer Presidency Division being instructed to include the salary of Mr. Larminie and his establishment monthly in the salary bill of his division, if so desired by Government.

2. As regards preliminary expenses, the Executive Engineer Presidency Division might be instructed to advance to Mr. Larminie such sums as he may require, the same to be accounted for by him and debited to an estimate which should be sanctioned for the purpose. He might conveniently be allowed an imprest from which such payments could be made.
