

N^o 134 M.

Office of the Chief Engineer
for Irrigation

Olacmund 6th June 1888.

From

Col. H. R. Mead R.E.

Chief Engineer for Irrigation.

To

The Deputy Director

H. M.'s Ind^l Marine Dockyard

Calcutta.

Sir,

In reply to your letter N^o 340
dated the 24th April 1888, I have the honor to
inform you that it is considered advisable
that the machinery for the Steam tug now
under construction for the Godavari Delta should
be temporarily fitted in Calcutta and that a
good fitter acquainted with the Engines &c.
who has seen them temporarily put up -
should be sent to Dowlaishweram as
proposed by you. As there are workshops

(copy)

M. Orville

at Dowlaishweram every assistance can be given

to him.

I have &c.

13TH SEPTEMBER 1888, No. 2854 W., PUBLIC WORKS.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Account.

READ—the following paper :—

From the Officiating Deputy Director, Indian Marine, to the Secretary to the Government of Madras, Public Works Department, dated Calcutta, 1st September 1888, No. 1706.

I have the honor to forward, herewith, complete plans for putting together the ferry steamer for service on the Godavari for the information of the Madras authorities, observing that similar copies have been furnished to Engineer Lawrence Knox for his guidance.

2. The whole vessel has been put together and the engines tried in place, and all plates, angles, &c., have been carefully marked—the starboard side in black and the port in white—so as to avoid difficulty so far as possible in re-erection.

3. No wood work of any description has been fitted, this being entirely left for completion at her destination, but everything that could be foreseen has been provided toward facilitating this work.

4. None of the laps or joints of either plates or angles have been painted since they were taken down; so, as the whole surface was painted when erected, these bare places should be a good guide as to the particular position of the various parts, and although the wood decks have not been fitted, an ample supply of deck bolts, nuts and other special articles have been sent, as also both caulking and painting materials, so that with the accompanying notes, and plans no difficulty of any sort should be experienced in putting the vessel together.

ORDER—dated 13th September 1888, No. 2854 W., Public Works.

Communicated to the Superintending Engineer, I Circle, in continuation of G.O. No. 2807 W., dated 10th September 1888.

(True Extract.)

(Signed) J. O. HASTED, Colonel, R.E.,
Secretary to Govt., P.W.D.

Ferry Steamer for the
Godavari

Letter from the Officiating Deputy Director, Indian Marine, Calcutta, forwarding complete plans for putting together the —, communicated to the Superintending Engineer, I Circle.

No 1401 A.

14 mi I m Dockyard
Calcutta 31 August 1888

To,

The Chief Engineer for Irrigation
Madras

Sir,

With reference to the correspondence ending with your No. 134 m dated 6 June 1888, I have the honor to inform you that Engineer Lawrence Knox proceeds to Boconada by the Mail Steamer on the 3rd. Promiss to superintend the fitting of the Godavari Steamer. The first consignment of which left last Saturday the 2nd goes with Engineer Knox and I propose sending the remainder on the 8th.

2 Copy of the instructions given to Engineer Knox are herewith forwarded for information.

I have &c.

(Signed) A. Gwynne Captain I.M.

W

No. A.M.

At Mr J M Dockyard
Calcutta 31st August 1888.

In compliance with the request contained
in letter No 134 M dated 6 June 1888 from the Chief
Engineer for Irrigation, Madras. that a good
fitter should be detailed to superintend the putting
together of the Godavery Ferry Steamer recently
constructed in this yard after the parts arrive
at their destination, Engineer Knox is directed
to proceed to Coconada by the British Indian
Steam Navigation Company's Steamer leaving
on 2nd September 1888 where on arrival he will
report himself to the Port Officer and ask for
instructions, requesting the Port Officer to communicate
the fact of his having arrived to Chief Engineer for
Irrigation Madras.

2 The above will inform me when the work
of putting the Steamer together is commenced
and also when it approaches completion and
will carry out such orders as he may receive
from time to time from the Chief Engineer
Irrigation or the Government of Madras.

2 Mr H Dyett printer will accompany
Mr Knox under his orders.

To Engineer Lawrence Knox.
