GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

READ—the following letter from Colonel H. M. VIBART, R.E., Superintending Engineer, V Circle, to the Chief Engineer, Public Works Department, dated Bangalore, 1st September 1888, No. 2385 :—

I have the honor to submit, for sanction, three estimates for improvements to the marginally-noted buildings of the Public Works Workshops, Madras, aggregating to Rs. 2,048, in lieu of the estimate of Rs. 1,894 sanctioned in G.O., No. 1409 W., dated 25th May 1887.

Extending the smiths' shed and fitting up crane for new machines	...	1,660
Providing shelter for steam fire engine in the present saw-mill shed	...	194
Providing shelter for hand fire engine in the present saw-mill shed	...	194
Total	...	2,048

2. The present General Superintendent proposed to extend the existing 2nd smiths' shed for setting up the riveting, hot iron, cutting, punching and shearing machines in juxtaposition to be worked by the stationary engine that drives the forge fan. The two fire engines are to be housed under the roofing of the saw-mill shed by enclosing portion of its verandahs. By this arrangement the construction of buildings sanctioned in the Government Order above alluded to will not be required.

3. I request that an allotment of Rs. 2,048 may be granted to the Public Works Workshop division to carry out the improvements now under view during the current official year as the General Superintendent states that the machines are much required and are likely to deteriorate if allowed to be in the yard for a lengthened period of time unused.

ORDER—dated 17th September 1888, No. 2907 W., Public Works.

The estimate, amounting to Rs. 2,048, for improving the buildings connected with the Public Works Workshops, Madras, is sanctioned in lieu of the estimate of Rs. 4,894 sanctioned in G.O., No. 1409 W., dated 25th May 1887.

2. A sum of Rs. 2,048 is allotted to the Public Works Workshop division from the reserve with the Government to meet the cost of the improvements.

3. This sanction has been registered as Provincial No. 86 W. of 1888-89 and classified as Civil Buildings, Original Works.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

READ—the following letter from Colonel W. H. BURTON, R.E., Superintending Engineer, V Circle, to the Chief Engineer, Public Works Department, dated Chepāk, 6th May 1887, No. 616:—

I have the honor to submit, for sanction, an estimate of Rs. 4,894 for constructing fire-engine house, pulsometer boiler, pump steam-engine shed and boiler repairing shed at the Public Works Workshops.

2. The General Superintendent reports that the requirements of the stores and workshops in the matter of new buildings will be complete by the construction of the present proposed shed.

3. I think all the new buildings now estimated for are necessary.

ORDER—dated 25th May 1887, No. 1409 W., Public Works.

The estimate, amounting to Rs. 4,894, for constructing the buildings marginally noted at the Public Works Workshops, Madras, is sanctioned for execution when funds are available.

Fire-engine house.

Shed for pulsometer boiler and pump, and steam-engine boiler repairing shed.

2. This sanction has been registered as Provincial, No. 25 W. of 1887-88, and

classified as Civil Buildings, Original Works.

(True Extract.)
