Ootacamund 17th August 1888.

From

Brigadier General M. Protheroe C.B., C.S.I.,
Quarter Master General.

To

The Chairman,
Ootacamund, Lawrence Asylum.

Sir,

Referring to G.O. No. 5461 of 10th August 1888, sanctioning estimates for the works marginally noted and directing that their Cost be charged to the Imperial grant for Military works, I am desired to express the Commander-in-Chief's regret that he sees no prospects whatever of being able to recommend to Government an allotment of funds for their execution as Imperial Military works, as demands for funds for Barracks and other legitimate Military works are far greater than the grants placed

Lawrence Asylum	Rs

READ Budget estimate of Receipts and charges for Berlam and Devadi estates received from the Collector of Ganjam dated 27 July 1888, Nos 3508, 3509, 3510 and 3511.

Resolution

The estimates are sanctioned.

2. This budget was due on the 10 May last but was not submitted till 2½ months after that date. The budgets for the marginally noted estates of Ganjam District have not yet been received. Their submission should be expedited.

3. The delays seem to indicate the necessity for better office arrangement.

FOURTH CIRCLE

West Coast Division Office,
No. 448. Calicut 12 July 1888.

From

Col. A. S. Fraser RE,
Executive Engineer,
West Coast Division.

To

The Superintending Engineer,
4th Circle.

Sir,

With reference to the Examiner's remarks on your No 395 WC dated 10th July 1888, I have the honor to state that the matter arises from the Ryan Contractor for the Sholadi Bridge never signing the Contract Certificate and list of materials at side which was sent him by my Predecessor in December last.

2. Consequently all Mr Wilson could do was to measure what he found in December and draw up the final Contract Certificate which was also not been signed by the Contractor.

3. This latter which was used in settlement of the accounts, omitted to show Rs 517-3- « worth of shells charged off to the head of masonry apparently for want of the previous certificate.

4. Subsequent reference was made simultaneously

Simultaneously to Mr Allen, Assistant Engineer and Mr Ryan one saying that no other lime was used than from the shells, the other that the shells would not burn and he had to bring more lime to do - Copies of their letters are attached.

5. There being no question that lime was used and no other way of dealing with Mr. Ryan, he was requested by the Executive Engineer, Madura, to state the sum he claimed which proving to be Rs 1500 and reasonable, the Superintending Engineers authority was obtained and Mr Ryan gave a receipt in full of all demands.

6. There does not seem any thing in this requiring the orders of Government as there has been no loss of materials, it is merely that in consequence of the peculiar mode of lump sum settlement the Superintending Engineer approved the rate for masonry Rs 50 per 100 cft in the final Contract Certificate has to be increased to Rs 56-7.5 per - do - by the cost of the shells.

I have the honor to be
Sir,
Your most obedt: servant

Sholadi Bridge:-
Submitting Letter No. 448 of 12th July 188 from the Executive Engineer West Coast Dn. representing that the sanction of Government to write off the lime at site of the — is not necessary.

To

After careful examination of all the circumstances of the case, I am quite unable to see that the lump sum settlement with the contractor has anything whatever to do with the disposal of the question regarding the loss of the lime. If the Supg. Engineer's contention is admitted, it comes to this, that the Supg. Engineer or the Executive Engineer can dispose of any loss whatever by charging it off to a work. Lime to the value of Rs. 480 odd has disappeared, and no receipt for the same being forthcoming, there appears to be a presumption of carelessness on somebody's part. The contractor repudiates liability for the lime, which therefore is not taken into account in his claim settled for Rs. 1,500.

Requesting decision as to his sanctioning horse allowance to Sergt. J. Cherry, Supervisor, for the period the Establishment was in the plains at Madura.

Sd. T. Pendlebury
Supdt. of Works.

Noted

Forwarded to the Chief Engr. P.W.D. for disposal

2. The Examiner (who is supposed to be conversant with the rules and orders regarding leave to be accorded) considers that it is for Govt to say whether the circumstances shd affect the question of allowance. As this is the case I recommend that Govt shd be asked to allow Sergt Cherry horse allowance during the time he was at a non Madras station. With regard to the amount of the allowance to be drawn I think it might be left to the Supdt of the Periar Project to decide what amount shd be looked on as a fair charge for the upkeep of Sergt Cherry's Horse or horses. The Examiner says having decided that Sergt Cherry kept a horse and if he has two horses a horse hire

is certainly entitled
to such an
