Military Works Department

PROCEEDINGS OF THE MADRAS GOVERNMENT.

Under date the 8th September 1888
Read the following

From the Quarter Master General H. G. No. 2218 Sd/- 24th Sept. 1888.
Office Note from the Examiner of P.W. Accounts No. 2299 Sd/- 24th Sept. 1888.

Ordered that the schedule
of requirements on account of Military
Works in the Madras Presidency for 1889-90
be forwarded to the Govt of India in
the Military Department.

* Converting the block of buildings
containing the Main Guard, the
No 6 Captain's quarters, and Ordnance
Officers' quarters, Fort St George
into barracks for single men.
Converting the old Adjutant
General's office block, Fort St.
George into barracks for single men.

2. It is observed that the marginally
noted works which the Govt in the
Military Department desired to be
undertaken in the current year and
for which the Govt of India were
requested to provide a special allotment
vide para 4 of G. O. No. 2612 Wd/24th
August 1888, have not been included
by the Quarter Master General in his
schedule. As no reply has yet been received
from the Govt of India, and as there is
no probability of funds becoming available
in the current year, the works have
been included in the schedule.

Me

3. The Supty. Engineer concerned should lose no time in submitting the necessary plans and estimates for the unsanctioned works included in the schedule, as none of them can find place in the budget estimates for 1889-90 unless plans and estimates have been previously sanctioned.

H. E. No. 10 Waf 10 Oct 1888

The Secy to the Govt. of India
Military Department.

Sir,

In forwarding herewith the Proceedings of this Govt. No. 10 Waf 10 Oct 1888, and the schedule of requirements on account of Military Works for 1889-90, I am directed to invite the attention of the Govt. of India to para 4 of the Quarter Master General's letter printed with the Proceedings herewith forwarded, and to request that a special grant may be assigned for the new barracks proposed to be provided for housing of British Infantry at Saint Thomas' Mount. I am also directed to request that a ~~very~~ liberal grant may be assigned for 1889-90, in order that many important works now kept back for want of funds may be undertaken in

The Supty. Engineer
The Examiners of P.W. Works
Military Department
Financial Department

the year. 310506 9 P

2. The demands on account of Ordnance Works have not been included in the schedule, as neither the Director General nor the Inspector General of Ordnance has reported the requirements of the Ordnance Department. It is however presumed that the Director General of Ordnance will submit the schedule of requirements on account of Ordnance buildings direct to the Govt. of India, vide para 4 of his letter No. 90 & dated 2nd January 1888 printed with the Proceedings forwarded to the Govt. of India with letter No. 190 W dated 17th January 1888, and that a separate grant will be provided for the Ordnance Works required for 1889-90.

28-9-88

Note - Nothing is said about the Pongal water supply scheme. A special grant might be asked for this work which is required for 1889-90.
