

of the Executive Engineer Tanjore No 1518 dated
15th February 1888.

Enclosure.

Extract from a communication from
the Executive Engineer Tanjore to the President
Taluk Board Tanjore No 1518 of 15th Feb/88.

The improvement of the Cauvery flood
banks will be commenced almost im-
mediately from the Regulators down-
wards. In consequence, the allotment
(Rs 50) for maintenance of the surface
as a road for the portion of the right
bank from the Regulators to the village
of Puthur will not be required in 1888-89.
The top width of the bank will then be only
6 feet & bandies cannot then use it as
a road. This, I may add, will be the
case down to road No 4.

Order thereon of 8th September 1888 (No 1644 of 1888)
Communicated to the Public

Works Department in continuation of G.O. dated
15th August/88 No 1511 L. Misc.
