2ND OCTOBER 1888, No. 3079 W., PUBLIC WORKS.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

READ—the following papers:—

G.O., dated 19th July 1888, No. 424, Educational.

Read—again the following papers:—

G.Os., dated 4th May and 16th June 1888, Nos. 259 and 354, Educational.

Read—also the following papers:—

From H. B. GRIGG, Esq., M.A., Director of Public Instruction, Madras, to the Chief Secretary to Government, dated Ootacamund, 5th July 1888, No. 0/334.

With reference to para. 2 of G.O., dated 16th June 1888, No. 354, I have the honor to state that, so far as the existing needs of the Teachers' College are concerned, instruction in practical chemistry alone excepted, I consider the estimates referred to quite satisfactory. I took a good deal of trouble in fixing the specifications, and countersigned the completed estimates in token of approval. The additional accommodation provided is as small as is consistent with efficiency. When the buildings are completed the Agricultural College will be entirely vacated.

2. As regards para. 3 of the same order, I have the honor to state that, so far as theoretical instruction in chemistry is concerned, there will be sufficient accommodation in the Agricultural College for the agricultural students when that college is vacated by the normal students. There will be also ample accommodation for such instruction in the Teachers' College for students of the latter college when the new buildings are completed, but it will not ordinarily be convenient or necessary to bring the agricultural students for such instruction to the Teachers' College. But the practical work of the students, and much of the practical exposition work by the teacher, must be done in or at the laboratory, and for such work the existing laboratory at the Agricultural College is insufficient even for agricultural students, whilst unless it is enlarged it will be impossible to afford to the students of the Teachers' College adequate opportunities of doing practical work or of witnessing its being done by the teacher. But if the building is enlarged by an upper storey as proposed, it should suffice for such work for both colleges for some time to come. The provision of a separate laboratory at the Teachers' College would be a far more expensive undertaking than that proposed. I earnestly hope, therefore, that the Government will be pleased to sanction the estimate for enlarging and improving this laboratory.

From the Director of Public Instruction, dated 14th July 1888, No. 0/392.

Order—dated 19th July 1888, No. 424, Educational.

The revised plan and estimate, amounting to Rs. 9,995, for improving the laboratory of the College of Agriculture are approved, and will be transferred to the Public Works Department with request that funds may be provided as soon as possible.

(True Extract.)

(Signed) A. G. CARDEW,
Ag. Under-Secy. to Govt.

No. 3126 C.

Forwarded to the Superintending Engineer, V Circle, for revision with reference to the following remarks:—

(1) The height of the room in the upper storey to be reduced to 14′ 8″, the height of the upper verandah being unaltered.
(2) The upper verandah should be colonnaded.
(3) The railing provided for the upper verandah should be replaced by a light parapet.
(4) The parapet wall above the upper verandah should be replaced by a crown wall.

2. The plans and estimates should be altered accordingly and resubmitted for sanction at an early date.

(By order.)

(Signed) W. L. C. BADDELEY, Captain, R.E.,
Dy. Chief Engineer, P.W.D.

17th August 1888.

From Colonel H. M. VIBART, R.E., Superintending Engineer, V Circle, to the Chief Engineer, Public Works Department, dated Kávéripák, 13th September 1888, No. 2501.

I have the honor to return your endorsement No. 3126 C., dated 17th August 1888, with all enclosures, and forward a revised plan and estimate, Rs. 9,920, for improving the laboratory of the Agricultural College at Saidápet as therein desired. There is a saving of Rs. 75 on the former estimate.

Order—dated 2nd October 1888, No. 3079 W., Public Works.

The revised estimate, amounting to Rs. 9,920, for improvements to the laboratory of the Agricultural College at Saidápet, is sanctioned in supersession of the estimate of Rs. 2,650 sanctioned in G.O., No. 1593 W., dated 23rd June 1886. The total sanction for the college will now stand at Rs. 31,790.

2. The expenditure on the work up to 1887-88 was Rs. 21,331 and the current year's grant is Rs. 3,189, which, if necessary, will be supplemented later in the year on application from the Superintending Engineer.

3. This sanction has been registered as Provincial No. 93 W. of 1888-89 and classified as Civil Buildings, Original Works.

(True Extract.)

Read—the following letter from Colonel W. H. BURTON, R.E., Superintending Engineer, V Circle, to the Chief Engineer, Public Works Department, dated Thamarapak, 8th July 1886, No. 1612:—

With reference to paragraph 3 of G.O., No. 1593 W., of 23rd June 1886, I have the honor to explain that the plan and estimate for tiffin and waiting rooms for the students of the Agricultural College at Saidápet have already been revised on the lines indicated by the Principal at the request of the Director of Public Instruction, as will be seen from the enclosed copy of my letter, No. 5338, dated 30th March 1886, to the Director of Public Instruction, forwarding the estimate for his disposal.

2. I therefore beg to re-submit, for sanction, the plan and estimate of Rs. 3,500 for constructing the tiffin and waiting rooms, together with the Director's letter, No. 2638, of 19th April 1886, to the Chief Secretary, and other enclosures.

Order—dated 15th July 1886, No. 1792 W., Public Works.

The estimate, amounting to Rs. 3,500, for constructing waiting and tiffin rooms for the students of the Agricultural College at Saidápet, is sanctioned as supplemental to the estimate of Rs. 21,020 sanctioned in G.O., No. 1593 W., dated 23rd June 1886.

2. This sanction has been registered as Provincial, No. 64 W. of 1886-87, and classified as Civil Buildings, Original Works.

READ—the following paper :—

G.O., dated 16th June 1888, No. 354, Educational.

Read—the following letter from the Director of Public Instruction, dated Madras, 8th June 1888, No. 0/212 :—

ABSTRACT.—Submitting, with remarks, plan and estimates for the proposed improvements to the Saidápet High School building for the location of the Teachers' College.

Order—dated 16th June 1888, No. 354, Educational.

The plan and estimates, amounting to Rs. 14,460, submitted with the foregoing letter by the Director of Public Instruction, for adapting and improving the late Saidápet High School building, so as to provide accommodation for the Teachers' College, are approved, and will be transferred to the Public Works Department with a request that the work may be undertaken at an early date.

2. The Government have approved these estimates on the understanding that the Director of Public Instruction considers them in every way satisfactory. But they observe that neither the Director's letter nor the report of the Executive Engineer gives any information as to the amount of the additional accommodation proposed to be provided. It is assumed that the additional buildings to which the estimates relate will allow of the Agricultural College being entirely vacated by the Teachers' College.

3. The Director will report whether this is so, and the Government further desire to be informed, before passing final orders on his letter No. 2605, dated 10th April 1888, whether the buildings now to be provided for the Teachers' College will not afford sufficient accommodation for the instruction in chemistry of the pupils of both colleges.

Saidapet High School Building

Estimate for adapting and improving the late — to provide accommodation for the Teachers' College, sanctioned.

Public Works Department.

Current No. 7217 3079/7

Letter No. 426

Dated 19th July 1888

From the Secy: to Govt Educational Deptt:-

NOTE OF REMARKS.

The revised Estimate under review amounting to Rs 9995 for improving the Laboratory of the Agricultural College at Saidapet is submitted for Sanction in supersession of the Estimate for Rs 2,650 sanctioned in G.O. No 1593 W d/28th June 1886.

The existing building consists of one long rectangular room 60' × 20' unprotected by verandahs of any kind & it is explained that the building does not afford sufficient accommodation it is therefore proposed to construct

on upper story are
the existing building
and to protect the
entire building with
arcaded verandahs

The proposed additions
are to be constructed
with brick in mortar
and plastered with
2 coats of Chunam
The roof is to be
terraced and the
flooring is to be
made with 8" sq
bricks mortar pointed
The whole of the
woodwork is [illegible]
of teak. The beams
and joists are to
be varnished 2
Coats, and the doors
and windows
are to be painted
with 2 coats of
Carson's red paint,
Oak Colored paint would
be better —

The provision of
a parapet wall on
the verandah of
the upper s

seems unnecessary, as
apparently the terrace
is not to be used, no
stairs being provided, it
would therefore be more
Economical and look
better to have a plain
yes crown wall instead
of a parapet.

If Colonnaded verandahs
were adopted they
would give more
yes light and ventilation
cost less & look better.

Instead of having
rails round the
verandah of
the upper storey, it
yes would be better
to have a light
parapet which
would be more
durable & cost less

The ornamentation
under the cornice
of the lower storey
as well as the rusti-
cation ashlar work
at the corners of
the building may

be dispensed with
The height of the
proposed rooms viz
17-9" seems too high
16' should be suf-
ficient in which
case the verandah
may be raised
1 foot in order
that the whole
building may
be of a uniform
height.

The two ends of
the back verandah
of the lower storey
are to be enclosed
so as to form
two rooms.

The scantlings of
the roof timbers
are correct.

The following
rates are in excess
of the rates given
in the Schedule
for the month
Sub Do.

Circular Archwork

is charged for at Rs 27.4.
in the estimate against
Rs 25 in the Schedule.
for 100 cft.

Flat Archwork Rs 25..
against Rs 22... per 10

Flooring with 8" sq b
Rs 8... against Rs 7-8

The rates therefor
for the upper storey a
a little more than
those allowed for
the lower storey.

Contingencies and
petty supervision are
charged for at
2 & 3 per cent respe

The plan and estim
have been countersig
by the Director of
Public Instruction
and approved b
Govt in the Rev: Dep

26/7/82

Return to the SE and request that the plan & estimate may be revised in the following particulars.

(1) The height of the rooms in the upper story to be reduced to 14' 8", the height of the upper verandah being unaltered.

2) The upper verandah should be colonnaded.

(3) The railing provided for the upper verandah, should be replaced by a lipis parapet.

4) The parapet wall above the upper verandah should be replaced by a crown wall.

W.C.

10.8.88

A slight difference in height will only be noticeable at some distance from the building, I do not think it necessary to bring the verandah up to the same level as the main roof.

The arches in the lower verandah give an appearance of stability, and I would not colonnade the lower verandah on that account.

Rs. 2068 W of 9-7-88
1593 W of 23-6-86.
795 W of 31-3-85.

2179 W NOTE OF REMARKS.

The revised Estimate under review amounting to Rs 9920 for improving the Agricultural College Laboratory at Saidapet is submitted for sanction in supersession of the Est. for Rs 9995 which was returned for revision with this Office Endorsement No 3126 C of 17th August/88. The suggestions therein contained having been duly attended to resulting in a saving of Rs 75–

The Estimate is now fit for sanction but it may be remarked

4.9.88

in sanctioning the est. ~~that~~ it would add to the appearance of the building if triple columns were substituted for the angular brick walls provided at the angles of the verandah of the upper floor. -

The revised plan & Est. are not countersigned by the Principal of the Agricultural College or by the Director of Public Instruction -

The countersignature of the plan & Est. by these officers may not be considered necessary as the revisions made simply relate to details of construction and do not in the least affect the accommodation proposed in the original plan

20/9/88

The triple columns would look lighter; but if some put in the distance between the columns would not be uniform unless entirely re-arranged.

It is not necessary, under the circumstances, that the revised design should be countersigned by the D.P.I.

The revised design is a great improvement upon the old one.
