LETTER—from

COLONEL J. O. HASTED, R.E.,
*Secretary to the Government of Madras,

To

THE SECRETARY TO THE GOVERNMENT OF INDIA,
PUBLIC WORKS DEPARTMENT.

SIR,

Adverting to your letters quoted in the margin on the subject of the special salary allowances granted to officers of the Public Works Department employed on the Potinghi ghât and in the Wynaad, I am directed to say that His Excellency the Governor in Council is of opinion that no such improvement in the sanitary aspect of the climate or the general conditions of life in these localities has occurred as would warrant the withdrawal of the allowances sanctioned in former years for service there. The Potinghi ghât has been opened for traffic, as noticed by the Government of India, but the continuation of the road to Koraput is in progress. The climate on these hill tracts is even more trying and travelling more difficult than in Wynaad, and the staff are constantly breaking down under the hardships incidental to the country.

2. His Excellency the Governor in Council is therefore not prepared to recommend any reduction in the special salary allowances granted for these localities, especially at the present time when, under recent orders in the Financial Department, the special rates of travelling allowance admissible under section 71, rule I of the Travelling Allowance Code are to be reduced from 100 to 50 per cent.

I have the honor to be,

Sir,

Your most obedient servant,

OOTACAMUND,
3rd October 1888.

Colonel, R.E.,
Secretary to Govt., P.W.D.

GOVERNMENT OF MADRAS.

FINANCIAL DEPARTMENT.

READ—replies from Secretariat Departments and heads of offices to G. O. No. 104, dated 31st January 1888, regarding the abolition of permanent travelling allowances and the substitution of suitable daily rates.

Read—also the following:—

From G. H. D. WALKER, Esq., Under Secretary to the Government of India, Public Works Department, to the Secretary to the Government of Madras, Public Works Department, dated Fort William, 23rd January 1888, No. 177 G.

With reference to your letter No. 3445, dated 16th December 1887, forwarding a statement showing the names of Engineers and Subordinates at present employed in the Wynaad and on the Potinghy Ghaut, or who travel in those localities with the allowances drawn by each, I am directed to observe that the allowance was originally asked for on behalf of officers in the Potinghy Ghaut, until such time as the Ghaut should be opened to wheel traffic, see correspondence forwarded under your endorsement, No. 2561 W., dated 8th November 1880, and I am now to enquire whether it has been so opened, and if so, whether the allowances should not now be withdrawn. It would appear from the Madras Administration Report, that the road is completed with exception of the iron work of two bridges.

2. With regard to the Wynaad, I am to enquire whether the improvement in communications and in the sanitary aspect of the climate has been such as to induce the Madras Government to think that the 50 per cent. on salary might now be withdrawn or not.

Transferred to the Financial Department.

(Signed) W. L. C. BADDELEY, CAPT., R.E.
Under Secretary to Government, P. W. D.

From C. J. WEIR, Esq., Officiating Under Secretary to the Government of India, Department of Finance and Commerce, to the Chief Secretary to the Government of Madras, dated Calcutta, the 8th March 1888, No. 1297.

With reference to the orders in paragraph 2 of the orders of the Government of Madras, forwarded with your communication No. 105, dated the 31st January last, on the subject of substitution of daily rates for the permanent monthly allowances drawn by officers in that Presidency by which the additional allowances (whether calculated at daily or mileage rates) drawn by Covenanted Revenue Officers in the Hill Tracts of the Northern Circars is fixed at 50 per cent. in excess of the ordinary rate, I am directed to inquire whether the same ruling may not be

extended to the allowances of all officers travelling in those tracts with the exception of those mentioned in Rule 2 under Section 71 of the Civil Travelling Allowance Code.

From C. J. WEIR, Esq., Officiating Under Secretary to Government of India, Department of Finance and Commerce, to the Chief Secretary to the Government of Madras, dated Calcutta, the 26th March 1888, No. 1655.

In continuation of my letter No. 1297, dated the 8th March 1888, I am directed to address you on the subject of the travelling allowances to be drawn in future by Deputy Collectors.

In paragraph 2 of the orders of the Government of Madras, No. 104, dated the 31st January last, these officers are declared to be entitled to the same allowances as Assistant Collectors. I am, however, to observe that in the original proposals of the Government of Madras which were sanctioned by the Resolution in this Department, dated 29th November 1887, no mention was made of Deputy Collectors, and that although as regards Deputy Collectors who belong to the first class, the orders of the Government of Madras are unobjectionable, their effect in the case of Deputy Collectors of the second class would be to increase the allowances from four annas to six annas a mile for travelling by road with camp, and from one or one-and-a-half annas (double second class fare) to three annas for travelling by rail with camp.

The necessity for thus increasing the allowances for journeys by road and rail of those Deputy Collectors who are in the second class for the purposes of the Travelling Allowance Code appears to the Governor General in Council to be open to question; and I am to request that with the permission of His Excellency the Governor in Council the Government of India may be favoured with an explanation of the reasons for the change.

From L. P. SHIRRES, Esq. Officiating Under Secretary to the Government of India, Department of Finance and Commerce, to the Chief Secretary to the Government of Madras, dated Simla, the 21st August 1888, No. 4573.

I am directed to say that it is desired that all questions connected with travelling allowance rules, which were referred for consideration to the several Local Governments and Administrations by the Resolutions in this Department noted in the margin should be finally settled before the Civil Travelling Allowance Code is re-issued. I am accordingly directed to request the favour of a very early reply to the following paragraphs of these resolutions, regarding which no reply has as yet been received from the Government of Madras:—

* No. 6332, dated the 29th November 1887.
* No. 6257, dated the 26th November 1887.
* No. 1705, dated the 30th March 1888.

Paras. 5, 6 and 7 of Resolution No. 6257,* dated 26th November 1887.

Paras. 18 and 23 of Resolution No. 6332, dated 29th November 1887.

The rate of Rs. 5 allowed to the former will be maintained; the Quinologist will draw Rs. 4 instead of Rs. 5.

9. The effect of the several orders which have been passed is shown in the annexed statement.

10. The Government consider that the rule under which additional allowances of one-half of the daily rate are conceded to Covenanted Civilians in the hill tracts of the Northern Circars may properly be extended to the case of all other officers travelling in the same parts with the exception of those entered in rule 2 of the 71st Section of the Travelling Allowance Code.

Proceedings of Gt. Financial Dept. No 702 of September 10, 1888.
Letter from the Gt of India, P.W.D. No 2352 G of 10.

FOR ORDERS.

The intention is to treat what
is called the Pottingy flat
allowances exactly like those
drawn in the Wyoand. The
climate is more trying & travelling
more difficult. This the flat
itself is open than the
country or Pottingy Koraput
and in progress & we are
constantly having our break
down on it.

Under Rule 1 Section
of the Travelling Allowance
Code double travelling allowances
are granted to officers travelling
in the Agency tracts of the
Northern Circars, and in Wyoand.

This rate has now been
reduced as regards the Northern
Circars, including Pottingy flat,
to 50 per cent of the ordinary
daily rate. The Wyoand[#]
travelling allowances are left
untouched.

* G.O. 702 Gt of 10th Sept 1888 - paras 10 & 11.

Note. It is understood that there is a
subsequent order reducing these
allowances to 50 per cent also.

In addition to these
extra travelling allowances, P.W.
officers draw 50 per cent of

salary when travelling on the
Pottingly ghāt and Wynnad, and
the Government of India inquire
whether these extra salary—
allowances should now be
withdrawn or not.

As regards the Wynnad
salary allowances, the Govt in
the Financial Dept see no
reason for altering the present
arrangement - but nothing is
said about the Pottingly ghāt
salary allowances.

Orders are accordingly
requested on this point.

The circumstances under
which the allowance were
originally granted are —
mentioned in the correspondence
recorded with G.O. 2560 W
d/5th November 1880. —

Adverting to your letter

subject

subject of the special salary
allowances granted to officers
of the I. W. Dept. employed on
the Pothanghy Chat and in the
Kynasa, I am directed to say
that His Excellency the Governor
in Council is of opinion that
no such improvement in the

life in these localities has
occurred as ~~would~~ would warrant
the withdrawal of the allowances
sanctioned in former years for

has been opened for traffic,

of the road to Koraput is in
question. The climate on these
tracts is even more trying

in Kynasa, and the staff are
constantly breaking down under
the hardships incidental to
the country.

His Excellency the Governor in

GOVERNMENT OF MADRAS.

FINANCIAL DEPARTMENT.

READ—replies from Secretariat Departments and heads of offices to G. O. No. 104, dated 31st January 1888, regarding the abolition of permanent travelling allowances and the substitution of suitable daily rates.

Read—also the following:—

From G. H. D. WALKER, Esq., Under Secretary to the Government of India, Public Works Department, to the Secretary to the Government of Madras, Public Works Department, dated Fort William, 23rd January 1888, No. 177 G.

With reference to your letter No. 3445, dated 16th December 1887, forwarding a statement showing the names of Engineers and Subordinates at present employed in the Wynaad and on the Potinghy Ghaut, or who travel in those localities with the allowances drawn by each, I am directed to observe that the allowance was originally asked for on behalf of officers in the Potinghy Ghaut, until such time as the Ghaut should be opened to wheel traffic, see correspondence forwarded under your endorsement, No. 2561 W., dated 8th November 1880, and I am now to enquire whether it has been so opened, and if so, whether the allowances should not now be withdrawn. It would appear from the Madras Administration Report, that the road is completed with exception of the iron work of two bridges.

2. With regard to the Wynaad, I am to enquire whether the improvement in communications and in the sanitary aspect of the climate has been such as to induce the Madras Government to think that the 50 per cent. on salary might now be withdrawn or not.

Transferred to the Financial Department.

(Signed) W. L. C. BADDELEY, CAPT., R.E.
Under Secretary to Government, P. W. D.

From C. J. WEIR, Esq., Officiating Under Secretary to the Government of India, Department of Finance and Commerce, to the Chief Secretary to the Government of Madras, dated Calcutta, the 8th March 1888, No. 1297.

With reference to the orders in paragraph 2 of the orders of the Government of Madras, forwarded with your communication No. 105, dated the 31st January last, on the subject of substitution of daily rates for the permanent monthly allowances drawn by officers in that Presidency by which the additional allowances (whether calculated at daily or mileage rates) drawn by Covenanted Revenue Officers in the Hill Tracts of the Northern Circars is fixed at 50 per cent. in excess of the ordinary rate, I am directed to inquire whether the same ruling may not be

extended to the allowances of all officers travelling in those tracts with the exception of those mentioned in Rule 2 under Section 71 of the Civil Travelling Allowance Code.

From C. J. WEIR, Esq., Officiating Under Secretary to Government of India, Department of Finance and Commerce, to the Chief Secretary to the Government of Madras, dated Calcutta, the 26th March 1888, No. 1655.

In continuation of my letter No. 1297, dated the 8th March 1888, I am directed to address you on the subject of the travelling allowances to be drawn in future by Deputy Collectors.

In paragraph 2 of the orders of the Government of Madras, No. 104, dated the 31st January last, these officers are declared to be entitled to the same allowances as Assistant Collectors. I am, however, to observe that in the original proposals of the Government of Madras which were sanctioned by the Resolution in this Department, dated 29th November 1887, no mention was made of Deputy Collectors, and that although as regards Deputy Collectors who belong to the first class, the orders of the Government of Madras are unobjectionable, their effect in the case of Deputy Collectors of the second class would be to increase the allowances from four annas to six annas a mile for travelling by road with camp, and from one or one-and-a-half annas (double second class fare) to three annas for travelling by rail with camp.

The necessity for thus increasing the allowances for journeys by road and rail of those Deputy Collectors who are in the second class for the purposes of the Travelling Allowance Code appears to the Governor General in Council to be open to question; and I am to request that with the permission of His Excellency the Governor in Council the Government of India may be favoured with an explanation of the reasons for the change.

From L. P. SHIRRES, Esq. Officiating Under Secretary to the Government of India, Department of Finance and Commerce, to the Chief Secretary to the Government of Madras, dated Simla, the 21st August 1888, No. 4573.

I am directed to say that it is desired that all questions connected with travelling allowance rules, which were referred for consideration to the several Local Governments and Administrations by the Resolutions in this Department noted in the margin should be finally settled before the Civil Travelling Allowance Code is re-issued. I am accordingly directed to request the favour of a very early reply to the following paragraphs of these resolutions, regarding which no reply has as yet been received from the Government of Madras:—

* No. 6332, dated the 29th November 1887.
* No. 6257, dated the 26th November 1887.
* No. 1705, dated the 30th March 1888.

Paras. 5, 6 and 7 of Resolution No. 6257,* dated 26th November 1887.

Paras. 18 and 23 of Resolution No. 6332, dated 29th November 1887.

The rate of Rs. 5 allowed to the former will be maintained; the Quinologist will draw Rs. 4 instead of Rs. 5.

9. The effect of the several orders which have been passed is shown in the annexed statement.

10. The Government consider that the rule under which additional allowances of one-half of the daily rate are conceded to Covenanted Civilians in the hill tracts of the Northern Circars may properly be extended to the case of all other officers travelling in the same parts with the exception of those entered in rule 2 of the 71st Section of the Travelling Allowance Code.

Proceedings of Gt. Financial Dept. No 702 of September 10, 1888.
Letter from the Gt of India, P.W.D. No 2352 G of 10.

FOR ORDERS.

The intention is to treat what
is called the Pottingly flat
allowances exactly like those
drawn in the Wyoand. The
climate is more trying & travelling
more difficult. The flat
itself is open than the
country or Pottingly Koraput
and in progress & we are
constantly having new break
down on it.

Under Rule 1 Section
II of the Travelling Allowance
Code double travelling allowances
are granted to officers travelling
in the Agency tracts of the
Northern Circars, and in Wyoand.

This rate has now been
reduced as regards the Northern
Circars, including Pottingly flat,
to 50 per cent of the ordinary
daily rate. The Wyoand[#]
travelling allowances are left
untouched.

In addition to these
extra travelling allowances, P.W.
officers draw 50 per cent of

Note. It is understood that there is a
subsequent order reducing these
allowances to 50 per cent also.

salary when travelling on the
Pottingly ghāt and Wynnad, and
the Government of India inquire
whether these extra salary—
allowances should now be
withdrawn or not.

As regards the Wynnad
salary allowances, the Govt in
the Financial Dept see no
reason for altering the present
arrangement - but nothing is
said about the Pottingly ghāt
salary allowances.

Orders are accordingly
requested on this point.

The circumstances under
which the allowance were
originally granted are —
mentioned in the correspondence
recorded with G.O. 2560 W
d/5th November 1880. —

Sir,
Adverting to your letter
quoted in the margin on the
subject

subject of the special salary
allowances granted to officers
of the I. W. Dept. employed on
the Pothanghy Chat and in the
Kynasa, I am directed to say
that His Excellency the Governor
in Council is of opinion that
no such improvement in the
sanitary aspect of the climate
or the general conditions of
life in these localities has
occurred as ~~would~~ would warrant
the withdrawal of the allowances
sanctioned in former years for
service there. The Pothanghy Chat
has been opened for traffic,
as noticed by the Govt. of
India, but the continuation
of the road to Koraput is in
question. The climate on these
tracts is even more trying
to travelling more difficult than

in Kynasa, and the staff are
constantly breaking down under
the hardships incidental to
the country.

His Excellency the Governor in
Council is therefore not
prepared to recommend any
reduction in the special salary
allowances granted for these
localities, especially at the
present time when, under
recent orders in the Financial
Dept., the special rates of
admissible under Sec 71 Rate I
travelling ^{of the} ~~of the~~ ^{of the} ~~of the~~ allowance are to be
reduced from 100 to 50 per
cent.
