to Winton Esche

For orders

be shall have to sell
the sheds for what they
will fetch & it is impossible
to say how much this will
be. I think this offer
for one shed might be
accepted.

may be
authorised to
accept. 24/9/88
Joh
24/9/88

I do not know the shed personally but
it does not seem likely that we should
get more & I think the offer may
be accepted. P.H.

No 2439

To The Superintendence
+ Circle

Sir, I have the honor to forward
herewith a letter received today
from the Hony. Secy of the Poly
technic offering to purchase No 2
Drying shed at the Lake Brickfield
for \$1000/-

2. You are aware of the proposal
to definitely abandon this Brickfield
because of the impossibility of
obtaining good brick earth there
vide this office No 2198 of 26 Oct/87 and
I don't myself believe that it will
ever be advisable to resume opera-
tions there. Consequently the building
erected for the manufacture of
bricks will be practically useless &
I think the present is an excellent
opportunity for getting rid of
them.

3. The building for which the

E.1
G.N. 9920/88

offer is made is called No. 2 drying
shed and consists of a series of
wooden/Ventilator/shelves sup-
ported by uprights and roofed
with corrugated iron.

4. Its original cost was P4828/
which has been since reduced
by credits to "Land and Kilns" &
debts to works on which the bricks
have been used to P2849/-

5. I beg that you will obtain
the sanction of Government to
the proposed sale.

Shantree
