Daily Allowance.

Considering that the 50 per cent. rule must apply in all special tracts and to all departments, and forwarding copy of proceedings to the Government of India.

Resolution—dated 15th August 1888, Mis. No. 4893.

Submitted to Government, in continuation of Board's Proceedings, dated 23rd July 1888, No. 649.

2. The necessity for paying increased travelling allowance to the Deputy Collector in the Wynaad has already been recognized by Government in the orders quoted in the Collector's letter, and the Board would recommend, therefore, that Wynaad should be added to the Agency tracts, as entitling officers to the *double* allowance referred to in paragraph 15 of their Proceedings, dated 23rd July 1888, No. 649. Mr. Underwood's daily batta would then be Rs. 8—the same as it was before.

Proceedings of the Board of Revenue (Land Revenue), dated 15th August 1888, Mis. No. 4893 :—

Read—the following letter from W. E. UNDERWOOD, Esq., Deputy Collector of Wynaad, to the Acting Collector of Malabar, dated Vayitri, 16th July 1888, No. 626-R :—

I have the honor respectfully to bring to your notice that the reduction made in my travelling batta is an excessive hardship in a division like this, where it has been fully recognized that difficulties exist; and from time to time the batta has been raised in view to alleviate such difficulties. Twenty years back it was Rs. 5, and then raised to Rs. 10 per diem. On the revision of the Travelling Allowance Code about three years back, it was reduced to Rs. 8 in Wynaad and Rs. 4 when on the coast, the mileage being eight annas. From the 1st April last, the batta when on the coast has been reduced to Rs. 3 and in the Wynaad to Rs. 4-8-0, with mileage at As. 4 and As. 6, respectively, according to locality; that is, 50 per cent. is only now granted on coast batta, other departments such as the Police and Public Works still drawing the double batta up here.

2. The correspondence referred to in the margin will fully prove that the batta as to allowances in the Wynaad has been fully considered; that the rate of mileage and batta reduced to Rs. 3 per diem or four annas a mile when I travel to the coast, or Rs. 4-8-0 and six annas in Wynaad, is very inadequate; and I trust, should you view the matter in the same light, you will recommend to Government that the batta allowed may be as was introduced in the revised "Civil Travelling Allowance Code."

2. I ought to have noticed the Wynaad Deputy Collector's case in particular. It is often difficult to secure a country cart in the Wynaad for five annas a mile, and the mileage of six annas thus only pays for one bandy. In the monsoon, moreover, the bandies can only carry a small load.

The SECRETARY to the GOVERNMENT of INDIA,
Public Works Department.

Sir,

Adverting to your letters quoted in the margin on the subject of the special salary allowances granted to officers of the Public Works Department employed on the Potinghi ghât and in the Wynaad, I am directed to say that His Excellency the Governor in Council is of opinion that no such improvement in the sanitary aspect of the climate or the general conditions of life in these localities has occurred as would warrant the withdrawal of the allowances sanctioned in former years for service there. The Potinghi ghât has been opened for traffic, as noticed by the Government of India, but the continuation of the road to Koraput is in progress. The climate on these hill tracts is even more trying and travelling more difficult than in Wynaad, and the staff are constantly breaking down under the hardships incidental to the country.

2. His Excellency the Governor in Council is therefore not prepared to recommend any reduction in the special salary allowances granted for these localities, especially at the present time when, under recent orders in the Financial Department, the special rates of travelling allowance admissible under section 71, rule I of the Travelling Allowance Code are to be reduced from 100 to 50 per cent.

I have the honor to be,
