(Signed) A. KENNEY-HERBERT, Brigdr.-Genl.,
Secretary to Government.

From Brigadier-General M. C. FARRINGTON, c.b., Adjutant-General, to the Secretary to Government, Public Works Department, dated Ootacamund, 25th September 1888, No. R.—Returns—762.

In accordance with para. 4 of S.G.O. No. 39 of 1888, page 98, I have the honor, by desire of His Excellency the Commander-in-Chief, to request you will be good enough to forward to this office, for transmission to the Secretary of State for War, registers of births, marriages and deaths (Army Forms A 42, 43 and 44) for the six months ending 30th June 1888, for Non-commissioned officers and men on the unattached list serving in the Public Works Department.

Bengal S.G.O. No. 53 of 1888, republished in Madras S.G.O. No. 39 of 1888.

Registers of Births, Marriages and Deaths.—In supersession of G.O.* 48 of 1886 and with reference to Horse Guards' G.O. 4 of 1881, the following instructions for the preparation of registers† and extracts‡ from registers of births, marriages and deaths, are published for information:—

* S.G.O. No. 39 of 1886, page 75.

† Army Books 112, 113 and 114.

‡ Army Forms A 42, A 43 and A 44.

I.—The registers kept up by Officers Commanding Batteries, Regiments and Battalions should not include casualties occurring among Non-commissioned officers and men on the unattached

list, such casualties being included in the registers prepared by the departments in which the men are serving.

II.—Registers kept up by General Officers Commanding Divisions and Districts are to include only casualties among General officers and officers of Her Majesty's British service seconded and on half pay and those serving as probationers for the Staff Corps and their families. Non-commissioned officers and men are not to be included in these registers. Officers Commanding Native Corps and hill depôts are not required to keep up these returns.

III.—In the registers kept up in the Army Head-quarters offices should be entered any domestic occurrences which may take place both among officers of the British service seconded or on half pay and their families, and among all Non-commissioned officers and men and their families serving on the unattached list in the departments as under:—

Adjutant-General's Department.

- I.—Military clerks.
- II.—Chief wardens of Military prisons.

Royal Artillery office.

- I.—Military clerks.

Quartermaster-General's Department.

- I.—Military clerks.
- II.—Bazaar Sergeants.

IV.—For officers of Her Majesty's British service serving on the staff (seconded or on half pay) and those serving as probationers for the Staff Corps, one set of half-yearly extracts only are required for each division or district, and for Non-commissioned officers and men serving on the unattached list in the several departments, one set only for each branch of a department is considered necessary.

V.—Returns for warrant officers and their families on the unattached list should not be furnished, as they belong invariably to the Indian service.

VI.—The extracts from regiments, batteries and battalions will be collected on 30th June and 31st December in each year under the orders of General Officers Commanding Divisions and Districts in the Bengal * Presidency and forwarded to the Adjutant-General's office, Simla.†

VII.—When no casualties have occurred, blank forms of extracts are to be rendered half-yearly.

VIII.—Entries in the extracts should be numbered as they are inserted in the forms, and not as they are entered in Army Books 112, 113 and 114.

IX.—Columns 2 and 10 of births should contain Christian names only.

Column 6 should contain Christian and maiden surname of mother only.

Column 7 should contain residence (station) of informant.

In column 8 should also be entered the station.

X.—In column 4 of births and column 2 of deaths and marriages, "nationality" should be entered—"English," "Irish," "Scotch," &c., as the case may be.

XI.—In columns 7 and 8 of deaths should be entered the station.

XII.—Column 2 of marriages is to include nationality of both parties, and underneath column 7 in this form, in the space between the printed words "by" and "by me," should be entered "banns" or "license" as the case may be, and not the name of the minister performing the ceremony.

XIII.—The docket on the back of each extract is to be completed, and should contain the designation of the department, corps, &c., making the return, the station where the return is prepared, and the dates for the half-year for which rendered.

XIV.—The word "station" used in the note at foot of these forms should be interpreted in the broad sense of the word, i.e., returns should only be furnished for broken periods when leaving a recognized station, such as the Mediterranean or West Indian station, and not when moving from one cantonment to another on the East Indian station.

XV.—Before transmission to the Adjutant-General's office, Simla,† these documents are to undergo careful scrutiny to ensure full particulars being recorded in each of the several columns as required by the printed headings.

XVI.—With reference to clause III of above, General Officers Commanding Divisions and Districts in which the men are serving should furnish reports of births, deaths and marriages as they occur, in the case of Chief Military Wardens to the Adjutant-General's office, Simla,† and in the case of Bazaar Sergeants to the Quartermaster-General's office, Simla,† for the necessary entries to be made in the registers kept up in those offices. For this purpose and to save clerical labor, Army Forms A 42, 43 and 44 may be used.

XVII.—The attention of General and other officers concerned is called to the incorrect manner in which in many instances these forms have hitherto been rendered. As they are

* Madras Presidency.

† Ootacamund.

required for the purpose of carrying out the provisions of the registration of births, deaths and marriages, (Army) Act, 1879, great care should be exercised in their compilation, in order that all the information required in their columns may be inserted, so as to avoid the trouble and waste of time in returning them for revision.

XVIII.—When all the information required in any particular extract cannot be given, such extract should be held back until it can be completed, or full explanations should be furnished, showing why the information cannot be afforded. Extracts so held back should be transmitted, when complete, as soon as possible after the half-yearly period.

Para. 2729, Army Regulations, India, Vol. II, Part II, as reconstructed by S.G.O. No. 33 of 1887 and No. 6 of 1888.

Reports of deaths amongst Non-commissioned officers serving on the unattached list are to be made in the manner prescribed for warrant officers (para. 2751).

Casualties, such as invaliding, discharges, dismissals, remands, &c., amongst Non-commissioned officers and men on the unattached list, will be notified by the Adjutant-General to Officers Commanding Corps on the rolls of which the men are borne as supernumeraries. Similar casualties as regards warrant officers will be noted by the Adjutant-General in the men's papers kept in his office. Births, deaths, or marriages which may take place in the families of Non-commissioned officers and men on the unattached list are to be reported by local departmental officers immediately they occur, direct to Officers Commanding Corps on the rolls of which the men are borne as supernumeraries. In the case of warrant officers, to the Adjutant-General, in view to the necessary alterations or additions being made in their Regimental records. Sanction for the marriage of a soldier on the unattached list will be given by the departmental officer under whom he is serving.

ORDER—dated 8th October 1888, No. 3147 W., Public Works.

The letters from the Adjutant-General read above, with the General Orders quoted therein, will be communicated to officers of the Public Works Department for information and guidance.

2. The half-yearly returns of births, marriages and deaths submitted to the Chief Engineer should include events relating to all Non-commissioned officers and soldiers on the unattached list, serving in the Public Works Department, and to their families. When there are no events to be reported in any circle, *nil* returns should be submitted.

3. Returns for the six months ending 30th June 1888 should be submitted without delay for transmission to the Adjutant-General.

4. Irrespective of the half-yearly returns, births, marriages and deaths, which may occur in the families of Non-commissioned officers and men on the unattached list, should be reported by Executive Engineers, as they take place, direct to Officers Commanding the Corps on the rolls of which the men are borne.
