This Office Note No. 794

8th. March 1887 had reference to
which under the previous Edition
of the Code were allowed to cert
specified Officers or Offices; and
it is doubtful whether the Survey
Parties of the Tank Restoration
Scheme come under any of the head
mentioned in para 1013 of the old
Code.

2. Now however that my attent
has been drawn to Office Note No.
794 of 8th. March 1887 — I had not
seen it before — I think the prac
of referring to the old Code at a
(unless now and then for the
purpose of possibly explaining
something obscure or ambiguous in
the present Edition) is distinctly
objectionable, to say nothing of
its being opposed to para 5 of the
Code; and I think that, para 1013
the old Code should be re-enacted
with such modifications as may b
considered desirable, unless Go
prefer to decide each such
it arises.
