Public Works Department.

No 1606 C dated 10th May 1887.

Circular Memorandum.

It having been pointed out that the practice of charging the pay of maistries to more than one work is contrary to the code rules, the Chief Engineer desires to be furnished by the 1st March in each year with a statement showing the total cost of the petty supervision establishment proposed to be employed on general duties in each circle.

2. The cost should be divided under the heads "Original Works" and "Repairs".

3. A statement for the present year should be submitted as soon as possible.

4. On receipt of the required information, the necessary transfer of funds from Works to Establishment will be made.

To

The Superintending Engineer

Sir

I have the honor to inform you
that there are several irrigation
masonry works to be started in
the Villupuram Taluk, and they
are scattered over the Taluk. At
present there is no Overseer for
the Taluk to look after the works,
except a qualified and an ex-
perienced Maistry who is now
employed on a monthly salary
of Rs 25. The Sub Divisional Officer
Tindivanam recommends that
he may be put in charge of the
works on Rs 40 till an Overseer
is

sent to the Taluk, as he is a
capable man and can deal
fairly also. The small increase
of Rs 15 in pay is intended to
meet extra expenses to allow
him to provide himself with a
cart, necessarily, required for
proper inspection of works. —

Pending your approval I have
ordered the employment of the
Maistry. Under these circum-
stances I request that you will
be good enough to sanction his
pay of Rs 40 so as to cover travelling
expenses of Rs 15 as above mentioned.

I have the honor to be
