DOWLAISHWARAM, 4th September 1888

SIR,

With reference to G.O. 1869-23-6-88. I have the honor to say that the "Small Bungalow in the Compound" of the Executive Engineer's Quarters Dowlaishwaram is used exclusively as an office and that if it be not so it will be necessary to add to the building in which my office & that of the Executive Engineer are located.

2. Under these circumstances I would recommend that as long as the "Small Bungalow" referred to is used Exclusively as an office, Rs. 10 a month, which is not too much, may be deducted from the rent of the Executive Engineer's residence laid down in the G.O. under notice, the rent for the residence even then will be, very high - & generally in excess of 10% of

RESOLUTION.—The Governor-General in Council is pleased to lay down the following rules in supersession of all previous orders, for regulating the rents to be charged for Government buildings occupied as residences by Government officials:—

I. (1) The rent should be a sum which will cover—

(a) Four per cent. interest on the actual capital cost of the house and its site.

(b) The estimated average annual cost of repairs.

The capital cost of the house should be taken as the cost of the building and its site, together with a sum to cover the share of Tools and Plant and Establishment. The amount to be added for these charges may be specially approved by the Local Government, but should not be taken as less than 20 per cent. on the cost of "Works." When there is no record of the original cost of the building, its present value should be estimated by the Executive Engineer of the division and approved by the Superintending Engineer; and this estimate should be taken as the capital cost.

- (2) The average cost of annual repairs should be specially estimated in each case by the Executive Engineer on the best data available, and be approved by the Superintending Engineer. Such average cost should not, as a rule, be taken at less than 3 per cent. on cost of a permanent building, or 6 per cent. on the cost of a temporary building, but should be sufficient to cover quadrennial and special repairs. The actual cost of repairs should be compared annually with the amount assessed on this account in the rent; and, when necessary, the rents should be revised.
 - (3) In calculating the outlay on repairs of any building, a sum should be included to cover the cost of Tools and Plant and Establishment, as defined above.
 - (4) When a building is occupied partly as a residence and partly as an office for which no rent is paid, the capital value of the portion occupied as a residence should be separately estimated and the rent calculated accordingly.
 - (5) The actual charge for the rent of a residence occupied by any Government official shall, in all cases, be subject to a maximum of 10 per cent. on the salary and local allowances of the official in actual occupation.
 - (6) Local Governments or Administrations must, irrespective of the fund from which the cost of the building was met, obtain the special sanction of the Government of India if they desire to reduce the rent of any Government building below that authorised in these rules.
- II. At stations where, owing to excess of available accommodation or to other special circumstances, rents cannot be fixed on the above principles, but must unavoidably be assessed with reference to prevailing rates, sanction to make such special assessments at the particular stations must be obtained from the Government of India, but the actual rents may be fixed by the Local Government.
- III. When any Government building is, under proper authority, let to a private person, rent shall be regularly recovered for the same at the rates prevailing in the locality for similar accommodation belonging to private owners; but, without the permission of the Government of India, the rent charged shall not be less, at any station, than that defined in clause I (1).
- IV. In the case of houses occupied free of rent or at reduced rents by any Government officials, the authority under which the reduction is made should, in every case, be communicated to the Examiner of Accounts, in order that he may enter it in the return which is submitted to the Accountant-General, Public Works Department, under Public Works Department Circular No. 3 P.W., dated 10th September 1887.
- V. The rents of all houses belonging to Government should be recalculated in accordance with these rules, and the new rates should be made applicable from the 1st April 1889.
- VI. The above rules are not applicable to officers in regimental employ, nor to upper subordinates in the Public Works Department paying rent under Code XI, section 29, nor to members of the subordinate Revenue staff of State Railways.

Order—

Ordered that this Resolution be forwarded to the Local Governments and Administrations and officers noted in the margin for information and guidance.

The Governments of Madras, Bombay, Bengal, the North-Western Provinces and Oudh, and the Punjab.
The Chief Commissioners of the Central Provinces, Burma, Assam and Coorg.
The Resident at Hyderabad.
The Agents to the Governor-General for Central India, Rajputana and Baluchistan.
The Accountant-General, Public Works Department.
The Director-General of Railways.
The Consulting Engineers to the Government of India for Railways, Calcutta, Central Division and Lucknow.
The Director-General of Telegraphs.

Ordered also that this Resolution be communicated to the departments of the Government of India noted in the margin for information and favor of issue of any further instructions which may be necessary.

- " Government of Bombay, Public Works Department, No. 112 C.W.—342, dated 15th February 1888.

RESOLUTION.—The Governor-General in Council is pleased to lay down the following rules in connection with the construction or purchase of residences for Government officials:—

- (1) When a house has to be built or purchased for the occupation of a Government official, its cost should be so regulated that the rental, calculated under the terms of Resolution No. 479 B. of this date, will not exceed 8 per cent. of the salary of the official who will usually occupy it.

- (2) In calculating the cost of a building to be erected, a sum should be included to cover the share of Tools and Plant and Establishment. The amount to be added for these charges may be specially approved by the Local Government, but should not be taken at less than 20 per cent. on the cost of "Works."
- (3) Any Local Government or Administration wishing to build or purchase a house, with regard to which the condition of rule (1) as to rent cannot be fulfilled, must, irrespective of the fund from which the cost of the building is met, obtain the special sanction of the Government of India before construction is commenced, or the purchase concluded.

Order—

The Governments of Madras, Bombay, Bengal, the North-Western Provinces and Oudh, and the Punjab.
 The Chief Commissioners of the Central Provinces, Burma, Assam and Coorg.
 The Resident at Hyderabad.
 The Agents to the Governor-General for Central India, Rajputana and Baluchistan.
 The Accountant-General, Public Works Department.
