Dear

For orders whether the estimate may now be sanctioned.

Also whether the E.W. note drafted by you may stand, with necessary alteration to para 3.

With regard to the rent, please see Code para 1024, which fixes the maximum rate at 7½ percent.

You will be considered that 7½ percent will be sufficient in this particular case, to cover the cost of rent & repairs, the S.E.'s proposal to fix the rent at 6 p.c. may be accepted.

The proposal to construct the building lowing been Sanctd by the Govt of India, it does not seem necessary to obtain their Sanction to the revised Estn. Code 953 954 -

Note by E.W.

The revised Estn amounting to Rs 16300 for constructing a residence for the Executive at Dowlaishweram is submitted for sanction with the following remarks.

1 The additional bath and dressing rooms are necessary as a residence of this class should contain at least two bath rooms & two dressing rooms.

3 The servants quarters & cook house are also essential, and as regards stabling the ~~Sub it is not clear why~~ S.E. has reported ~~that it is proposed to have~~ no new building is required. ~~Under the stabling, the~~ ~~S.E. should report upon this.~~

J. G. M.

In the C.O. it will be necessary to settle the question of rents.
All 7½ of the rent will be 100 per annum, which is much the highest for any Est in Fmsa under the PW.
I would suggest that the rent be fixed at 10% of the salaries occupying the buildings.

Dear

The original estimate for 8 Ds quarters at Dowlaiteweram was framed in 1924, it was resubmitted in February 1925 after correction under the orders of the Chief Engr for Pwrs.

Para 974 of the Code, authorising the provision of mats & chicks for new buildings was not introduced into the Code until late in 1925 – Prior to that mats & chicks could only be supplied from office contingencies. This explains why the articles were not provided for in the original estimate

In his letter forwarding the

present estimate. Rev Paul does not mention the subject of rent - If it be desired to fix the rate at 10 p.c. of the Officer's salary, the question must be referred to the G-of-I. In making the estimate, a para might be added asking the S.S. to report the rate of rent which should be fixed, & if he recommends a rate lower than that authorised by order, the Question can be sent up to India - It is possible however that the S.S. may recommend a rate which will not need reference to G-of-I.
